

SEVERAL UPSETS ARE EXPECTED

New York, Nov. 22.—(U.P.)—If the theory is true that top football form can't be maintained over two straight Saturdays against formidable foes, three highly rated eleven—Carnegie Tech, Nebraska and Princeton—have their first defeats of the season awaiting them on eastern gridirons Saturday.

Psychology points to victories for New York university over Carnegie Tech at Pittsburgh, Army over Nebraska at West Point, Navy over Princeton at Philadelphia and Harvard over Yale at New Haven.

Carnegie Tech, Nebraska, Princeton and Yale had hard games last week. The Tartans undoubtedly played their best game of the year in beating Notre Dame, 27 to 7. Princeton called on all its resources to defeat Yale, 12 to 2. Nebraska struggled its mightiest to hold Pittsburgh to a scoreless tie. Yale played its self out in a futile first quarter drive against the Tigers.

The opposition conserved its strength for more important games this Saturday. N. Y. U. won without effort from Missouri. Army rested its regulars against Carleton college. Navy had a romp in downing Loyola (Baltimore). Harvard, with Capt. Art French on the sidelines, allowed Holy Cross to get away with a scoreless tie.

If ever four teams were pointed for crucial games, N. Y. U., Army, Navy and Harvard are hypothetically at the peak for this week's games. But in these football days, a blocked kick, a fumbled ball, a long run on pass can destroy weeks of planning.

About the best way for any good football team to bring the wrath of the gridiron gods down on it is to covet the mythical national football championship or an undefeated season.

Defeats for Carnegie Tech and Princeton (tied twice), would leave Boston college as the east's only major unbeaten team. Boston college has a "set-up" Saturday in the Connecticut Aggies, but may encounter trouble against Holy Cross Saturday, December 1.

Fast Pro Football Teams To Meet At Van Wert

Cleveland Panther professional football team of Cleveland, Ohio, will play the strong Van Wert Merchants football team Sunday Nov. 25 at Van Wert, Ohio.

The Cleveland Panthers while members of the late American professional football league of 1926, have defeated some of the well known teams of the country including the New York Yankees headed by Red Grange. Duke Slaters Rock Island Independents, George Wilsons Wildcats from Seattle, Wash., Doug Wycoff and his Newark N. J. Bears, Buffalo Professionals, Jamestown N. Y. Tigers, Flint, Mich., Staters and the Boston, Mass., Professionals.

In 1927 the Cleveland Panthers also proved their ability by defeating the following teams: Kansas City Blues, Des Moines, Iowa, Valley Club, Milwaukee Madgers, Tippecanoe City Collegians, Atlantic City Roses, Somerville, Ky., Tigers, the Panthers only defeat was handed them by the Oxford of Rochester N. Y., 7 to 0.

This season the Panthers have won five games lost one and tied one. The Congerville Flyers of Muncie, Ind., held the Panthers to a 0 to 0 score on November 4.

The Cleveland Panthers were organized in 1910 and have played in more than one hundred and fifty individual cities. The Panthers have played in Boston, Providence, New Britain, Hartford, Atlantic City, Newark, N. J., Reading, Erie, Canton, Baltimore, Huntington, W. Va. Rochester, Buffalo, Jamestown, Kansas City, Ruluth, Des Moines, Iowa, Muncie, Cincinnati, Chicago and many other cities.

In 1923 the Cleveland Panthers defeated the New England States champions namely the Providence Steam Rollers by the score of 6 to 0 on Thanksgiving day at Kinkley Park.

No Putting On

"My boy think of the future." "I can't! It's my girl's birthday, and I must think of the present."—New York Central Lines Magazine.

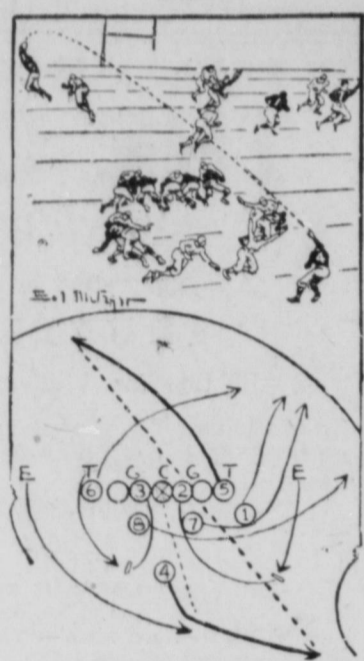

Odd Names for Auto

Originally, the automobile was known as the horseless carriage. Up to 1890 a number of names were proposed and rejected for the new invention. Some of them were as follows: Curriek, electromobile, gasmobile, auto carriage, autov, locomotive, cabine, victorine, ipsomotor, sineque, autogo, kinefer and autokiner.

Both Sexes Employed

The bureau of biological survey, says that both male and female heaver work on dams and houses, as far as is known.

Trick Passes In Ohio's Attack

By Sol Metzger

Dr. Jack Wilce, Ohio State's coach, sings his swan song to football day after tomorrow at Urbana, when his team plays Bob Zuppke's Illinois eleven, a game that will have its bearing on the Mid-West Conference title race. Naturally, Wilce will want to make his farewell an impressive one. Rumor has it Illinois has the edge. But you never can tell.

Wilce pulls some great passes in the nature of surprise plays. It would not surprise me to see him work one at the start of the game Saturday, a play calculated to upset the calm poise of little Napoleon Zuppke's veterans. Wellington did it against the original Napoleon, so Jack has a good example to follow.

One such play all but caught Illinois napping the last game Grange played in for that institution. At the start of it, after receiving the kick-off, Wilce's team lined up apparently to punt. Illinois fell for it. Both Ohio's ends went tearing down field as though to cover the kick. The right end got by. A long pass was thrown to him by No. 3. The rub in that game was that the end had to come back to take it. Had it been longer a score would have resulted on the first play. Look out Bob Zuppke, things like that may happen Saturday and all your good work came to naught as a result! Tomorrow—Yale's bucking game for Harvard.

How is a kick blocked? In throwing forward pass how is ball held to gain best results? Sounds simple, yet, there is a right and a wrong way. These and many other questions are answered in Metzger's "Football Secrets". Send ten cents in postage and get a copy. Address Sol Metzger, in care of this paper.

Sickle Has Lasted

A one-hundred-twenty-year-old sickle which was intended for use in harvesting grain is a prize possession of E. A. Lee, of Vergennes, Vt. It bears the inscription, "Middlebury, Vt., 1808, manufactured by Ye Village Blacksmith." The sickle was skillfully made and apparently of the finest materials, for it is apparently as good as when it left the maker's hand.

Oregon Road Law

The laws of Oregon require that pedestrians walk on the left side of country roads. In this way they face oncoming traffic.

Old Virginia Library

The Virginia Historical society says that the library of William and Mary college is the oldest existing library in the state.

Evil Thing Is Worry

Don't worry long continued. Intense worry is one of the most common causes of physical degeneration and ultimate breakdown.—Rear Admiral Branstet

Education

Every man who rises above the common level receives two educations: the first from his instructors; the second, the most personal and important, from himself.—Gibson.

Consumer Pays

Salaries paid by the consumer include those of the salesman who forced the article on him and the collector who forces pay from him.—San Francisco Chronicle.

No Cards

One thing can be said for explorers doing the North pole. They never send post cards back: "Having a fine time—wish you were here."

Mexican Grinding Stone

The stone that Mexican women use in grinding corn has one side which is a concave incline and is known as a metate.

G. E. TO OPEN SEASON TONIGHT

The Decatur General Electric basketball team opens its season at the Decatur high school gymnasium at 8:15 o'clock tonight when it locks horns with the Berne M.Y.M. netters. The Berne aggregation has played several games, and is one of the strongest teams ever to represent that town.

The local team will make a strong bid this year for the county independent championship and indications are that Decatur will have one of the best independent net teams in the state. Several new players have been added to the General Electric lineup of last year, and a much stronger team will be put before the scrutinizing eyes of the local fans tonight.

A good schedule is being arranged by Carl Smith, manager of the G. E. team and net fans are sure of several good home games this season. The starting lineup has not been announced for tonight's game, but Manager Smith stated that several new players would don the General Electric uniform this year.

A preliminary game has been arranged by Coach Herb Curtis between two Decatur high school teams. The curtain raiser will start at 7:15. The public is asked to attend tonight's game, and give support to the local independent organization.

"Tabby Houses"

A tabby was used as a concrete, a substitute for bricks or stone in building. It was a mixture of lime with shells, gravel or stone in equal proportions with an equal amount of water, forming a mass which when dry became hard as rock.

Cheap Advice

"Each tells others what they ought to do," said Hi Ho, the sage of Chinatown, "which leaves a sense of duty satisfied without the personal excuse of moral endeavor."—Washington Star

Early Use of Gas

In 1812 there was a year's successful trial of street illumination by gas lights at Newport, R. I., but it was not until four years later that a gas company was organized in this country—at Baltimore, Md.

Steam Subdued Fire

A gasoline distilling plant on Pettys island in the Delaware river caught fire and employees fought it with steam which was directed through a hose. Water could not be used, but the steam did the work.

To Clean Necklaces

When amber beads or ornaments require cleaning they should be washed in milk. To clean artificial pearls, fold them in a sheet of white cotton wool sprinkled with powdered magnesia, roll gently between the hands, then remove pearls and brush with a soft camel-hair brush.

Snakebite Common

It is estimated that more than 3,000 people suffer from snakebite in the course of a year. In May during the mating season and in October when the young appear, snakes are more dangerous.

Being One's Age

Persons fully grown are sufficiently developed in mentality and character to protect themselves, says an adviser writing in the Woman's Home Companion.

Not Near Saturation Point

According to a noted German geographer, the earth as a whole can support a population of at least five times its present number. Europe is considered to be 80 per cent full. Africa and Australia offer the greatest possibilities in the way of increased population.

Angler's Reckoning

Measurements of one 25,000,000,000 of an inch have been made by an American scientist. There is little interest in angling circles. If a fish is a foot and that much, the angler calls it roughly 18 inches.—Passing Show (London).

Foolish Man

"He who has never changed his mind," said Hi Ho, the sage of Chinatown, "is one who thinks he can hold perpetual summer by refusing to turn off the next leaf on the calendar."—Washington Star

Nature's Provision

Birds have an extra eyelid, which can be drawn over the eyeball to protect it from the strong sun while the proper eyelid remains open, enabling them to see.

Get the Habit—Trace at Home, It Pays

ON THE SIDELINES

THE BIG TEN

—(U.P.)—Madison, Wis.—Wisconsin, riding the crest of the Big Ten percentage column, is in shape for the Minnesota clash Saturday, the last of the season. If the Badgers win this they will be undisputed champions of the circuit. Virtually every player is in shape.

Minneapolis.—Brookmeyer, the Minnesota speedy half back, was on the sidelines last night with a lame leg when the team went through its final hard scrimmage of the season. There is a possibility he will not be able to go in against Wisconsin.

Champaign, Ill.—The chances seem excellent that the Illini will take the field Saturday against Ohio State with every man on the squad ready for action. All the regulars were in position yesterday.

Columbus, O.—A revamped Ohio line probably will face Illinois Saturday. Barkins probably will be at center, Hieronymous at tackle, Fouch at quarter, Holman at left half, and Kruskamp at fullback. Coach Wilce said the Illinois style of play caused the shakeup.

Bloomington, Ind.—As the Indiana football team rounded out its training for the annual clash with Purdue this week-end, it was announced that next year Notre Dame will have a place on the Indiana schedule. The game will be here October 5.

Lafayette, Ind., Nov. 22.—The Purdue Boiler-makers were ready today for the tapering off process in preparation for their annual clash Saturday with Indiana. Seventeen members of the squad will play their last game for Purdue this week-end.

Chicago.—Twenty-one major letters were given to University of Chicago football players yesterday. Eight of the number will be back next year, the other "C's" going to seniors.

Ann Arbor, Mich.—The Michigan squad underwent a juggling yesterday as Coach Tad Wieman endeavored to present a more formidable line against Iowa. Cragin will draw one of the tackle berths and Bouvard will be at center.

Iowa City.—The Iowa Hawkeyes went through a strenuous scrimmage yesterday, the last one on the home field this year. Tomorrow they go to Ann Arbor for the last game of the season with Michigan. Neither line plays or the aerial attack functioned against the freshmen and Coach Ingwersen substituted many times.

KONJOLA ENDS COMPLICATION OF FOUR ILLS

Remarkable Report Of What Three Bottles of New Medicine Did In Extreme Case

New fame and friends are being won daily wherever Konjola, the new medicine, is known. And no wonder, when cases like that of Mrs. George Bush, 1614 North street, Logansport, Ind., are reported. On such glorious recoveries as this—thousands of them—is the renown of this master medicine founded.

"Think of having been afflicted for a year with a complication like this—neuritis, rheumatism, kidney and stomach troubles," says Mrs. Bush, "and then to be restored to new and glorious health by just three bottles of Konjola. This is my wonderful experience. Everything I ate caused gas and bloating; my kidneys got me up many times at night. I tried, I think, everything, but got no help until I took Konjola. The results almost pass belief. Today I am in perfect health; can eat anything, sleep soundly and haven't an ache or pain. I can not express my amazement and gratitude, and I pray that all who suffer as I did will profit by my experience with the wondrous Konjola."

Konjola is sold in Decatur, Ind., at Smith, Yager & Falk's drug store, and by all the best druggists in all towns throughout this entire section.

South Bend Ind., — Artistic store fronts, like those becoming general in Paris may soon be seen here, as Joseph Stephenson, publisher of the News-Times here, was so impressed on a recent visit to the French Capitol by the fronts that he expressed a desire

to transplant them to his home city. Washington, Ind., Mrs. William Harbin was the first person to be stricken with Tularemia here this season. She was suffering with a high fever. The disease, commonly known as "rabbit fever", attacked Mrs. Louis Walter last

year, the first case in this city's history. Anderson, Ind., Nov. 22.—(U.P.)—John Thompson, 18, committed suicide here while despondent over his inability to find work, police said.

"Chesterfield—there's a cigarette!"

Mild enough for anybody... and yet they Satisfy*

*If your taste demands something more than mildness, ask yourself this question: "Where can I get mildness without flatness; where can I get mildness with taste?"

Where indeed—except in Chesterfield? Of what other cigarette, in all your experience, can this truthfully be said: "They're mild—and yet they satisfy!"

Lightly rolling tobacco
