## Casualties From Riots In Bombay Mount To 34

Bombay, India, Feb. 7.—(U.P.)—Casualties from the riots in which Hindus, Pathans and Moslems have participated since Monday totaled 34 dead today.

The injured numbered 327. The situation appeared easier at noon today after three days of rioting and bloodshed growing out of a belief by Hindu mill workers that high born Pathans were kidnapping Hindu children for sacrifices to the gods. A report spread rapidly among the Hindus that the Pathans were burying the children alive in newly constructed temples.

## SCOUT OATH TO BE BROADCAST

(CONTINUED FROM PAGE ONE)

A Scout is thrifty  
 A Scout is brave  
 A Scout is clean  
 A Scout is reverent

The eyes of all Boy Scouts are centered upon the date of Saturday, February 9. At some hour on that day, at a place to be announced, the time the call is made, all troops will be asked to assemble as quickly as possible. It is not known whether it will be morning, noon, afternoon or night. The purpose of the mobilization is to see how quickly the troops can be assembled for an emergency, and it is pointed out that disasters do not announce themselves beforehand. Troops throughout the entire nation will be mobilized at the same hour on Saturday, February 9. Troops of the Fort Wayne area are confident of establishing a record which will stand in the nation's tests.

Some Scout masters say that they can assemble their troops in 15 minutes. Others say it will take half an hour. Some troops are even rehearsing now, preparing themselves for the great test ahead.

Scout Executive John L. Anguish expresses confidence that the troops in the entire Anthony Wayne area will acquit themselves with distinction. The significance of this movement is appreciated when it is remembered that the quick assembly of trained Scouts sometimes means the difference between life and death to many.

## KONJOLA BROUGHT HAPPINESS INTO AFLICTED HOME

Father and Son Relieved Of Complications; Now Enjoy Perfect Health

## MR. MERLE J. BROWN & SON

Age is no barrier to the amazing merits of this new medicine, Konjola. Men, women and children of all ages report complete and permanent relief from their health troubles. Take, for instance, the statement of Mr. Merle J. Brown, 1252 Markwood avenue, University Heights, Indianapolis, Indiana, who made a remarkable statement about the work of Konjola in his case and that of his son, Cleo Clifton Brown, age 6.

"Konjola benefited both my son and myself to an amazing extent. I had been troubled with my stomach, kidneys and bowels. Suffering every day from aches and pains made life miserable. I was unable to eat a meal without enduring agonizing after effects. My son was in a run-down condition, had been since infancy. He was nervous, of a pale complexion, under-weight and suffered from a stomach disorder. I was greatly worried about him and until we both took Konjola, we never gained relief. But this medicine went to the source of our troubles and soon had our systems in good working order. Today we are like different people—well and happy, without a sign of our former ailments. I endorse Konjola to every father, mother, son and daughter."

Konjola is sold in Decatur, Ind., at Smith, Yager & Falk's drug store and by all the best druggists throughout this entire section.

## Farmer Arrested In Bank Case At Sullivan Released

Sullivan, Ind., Feb. 7.—(U.P.)—Will Hodges, 35, farmer, who was arrested and admitted writing a letter to an official of the Peoples National bank in the face of disaster.

At a given hour on February 9, headquarters will call each district commissioner, notifying him of the time and place of the mobilization and equipment needed, giving the hour in which to mobilize. The district commissioners will in turn call each of his Scout Masters and assistant Scout Masters or a member of the troop trustees, notifying them. And so the call will go quickly down the line.

For the event all Scouts are asked to be in complete uniform, so far as possible. The first troop from each district to make the best record in this mobilization will receive special recognition.

Get the Habit—Trade at Home, It Pays

February 7, 1929.

DEAR FRIENDS:

There's a lady in this town who always did her family washing. She said she thought it was her duty.

And then, one day, she read in a newspaper that some bricklayers in Massachusetts struck because they were getting only \$15 a day.

"I just got to figuring what my time is worth," she said. "And when I realized that I spend a day and a half every week doing laundry which I could have done at the Decatur Laundry for 5c a pound—well! I struck, too.

I'm sending my clothes to the laundry now—and how I'm enjoying it!"
