Step Taken To Merge Dry  
Law Enforcement Systems

Washington, June 10.—(UP)—The senate judiciary committee moved today to carry out President Hoover's recommendation for consolidation of the government's prohibition enforcement machinery. The Jones resolution to authorize appointment of a joint congressional commission to study the proposal was voted a favorable report.

Mr. and Mrs. Owen Davis visited friends in this city over the week-end.

FIRE DESTROYS  
FARM RESIDENCE

Berne, June 10—(Special)—Fire of unknown origin completely destroyed the farm residence of Sam Teeter, three and one-half miles east of Berne, at 11 o'clock Sunday morning. The loss is partly covered by insurance.

Mr. and Mrs. Teeter were in the yard at their home when they discovered that their house was burning. Neighbors and the Berne fire department were called. Most of the household goods on the first floor and part of that on the second floor and in the basement were saved. The firemen succeeded in saving a summer kitchen located near the house. Shortage of water handicapped the firemen in their efforts to save the residence.

There was a fire in the kitchen stove at the residence, but the chimney was lined with fireproof material and Mr. Teeters stated that he believed it impossible for the fire to have started from a defective chimney. The blaze apparently started in the attic and it is believed probably that defective electric wiring caused the fire.

The furniture saved has been moved into the summer kitchen and Mr. and Mrs. Teeter have established a temporary residence there.
