News seems a little slow this week everywhere but don't be discouraged, remember the world series starts soon.

The 1930 national convention of the American Legion will be held in Boston, making a long but very delightful trip for "Shucks" and the rest of the boys who never miss.

The senate proceeded to sit on the president the second time in the few months he has served as chief executive. By a vote of forty-seven to forty-two, they decided to make the tariff commission an agency of congress instead of the president.

Senator Robinson undertook to "take the hide off" Senator Borah the other day in a tariff speech but the Idaho veteran never blinked an eye or let on like he heard him. He probably considered Arthur a boy who just had to "say a speech" for the consumption of the home folks.

There is a tang of autumn in the air and the nights are exceedingly cool. Its the time of year and other kind of weather would be unseasonable. Its time to be thinking about your winter clothing, fuel and other necessities and the Decatur stores and shops are filled with the best goods for the least money.

So far no steps have been taken towards a fall opening or special days of any kind, that we have heard of. If its done, its time to get busy and it would prove a splendid thing for every body if it was. Activities help and if its not done collectively it can be done by each store. Let's put snap into the fall trading season.

That man Sherer may be as smart as he claims he is and may have drawn the exorbitant salaries he claims to have received from the republican central committee, William Randolph Hearst, the shipping board and others but the story sounds to us like the propaganda of a first-class promoter advertising his own game.

Reginald Sullivan, nominated by the democrats for mayor of Indianapolis is one of Indiana's finest men. He is a lawyer of ability, is capable as an executive and popular. He should be elected for it would mean four years of careful administration that would help the city which has been pointed out everywhere because of the wrong leadership in power there.

Wonderful if true is the reported fact that Li Ching-Yung of Kailshin, China, is now in his 252nd year with no signs of weakening. He claims to have found the fountain of youth in the shape of medicinal plants which grow on the hills of Lunnan. What a relief for every one and how valuable those hills will suddenly become. Of course we from Indiana and Missouri will have to "be shown."

Check up the Krick administration and you will find it one you will be proud of as a citizen. We have grown in every way and progressed conservatively. We have the finest city plant in the state or one of them at least and we have money in the banks. Mr. Krick and his assistants will continue that kind of city government if elected next month. They deserve

## TODAY'S CHUCKLE

Ponca City, Okla., — (UP) — Married persons, regardless of their ages, are not permitted to attend the Ponca City public schools, according to a ruling of the board of education.

your assistance, support and vote.

Truth is getting to be stronger than fiction. A man named Frolkey in Lemars, Iowa, who had been a football star in college, a minister of ability and a successful business and real estate man has committed suicide after admitting that he was the lone bandit who held up the Sioux City bank and escaped with \$13,000. He didn't need the money and was too old to be thrill hunting so nobody can explain his Jekyll and Hide career.

Up in Porter county a woman and her son have been charged with murder and the evidence it is claimed is rather conclusive. Now it is being contended that they should go free because of their being some doubt as to whether the crime was committed in Porter county or Lake. It does seem to a poor ignorant layman that it would be murder even in Lake county. We certainly do make a joke out of our court system and law enforcement some times, don't we?

Lumberlost Trail, extending from Rome City to Portland, passing by the old cabin at Geneva and the site of the once famous Lumberlost creek, is to be marked. That's important for all over the world can be found admirers of the late Gene Stratton-Porter who will be glad to be so directed if ever in this section of the country. The marking will be unique and in the years to come will guide many a nature lover through this part of the middle west.

## Household Scrapbook

By ROBERTA LEE

**Laundering Linen**  
Instead of starching, drop a few lumps of sugar into the rinse water, and dainty linen will be beautiful after it is ironed.

**Doors**  
A creaking door can be stopped by rubbing a little vaseline or soap on the hinges. If a door sticks rub a piece of soap over the tight places.

**Lettuce**  
Lettuce will keep fresh and crisp if it is washed and then put in a deep colander, leaves upright, and allowed to drain in a cool place.

## MODERN ETIQUETTE

By ROBERTA LEE

Q. Should one drink an entire glass of water, soda, or other refreshments, or leave part of it in the glass?  
A. It is all right to drink all of it, but never throw the head back and turn the glass completely upside down to drain it.

## Are You expecting a Baby?

THOUSANDS of expectant mothers are now cheerful and happy. Their waiting months have been made comfortable and they will be better prepared when the great moment of childbirth arrives. This has also been true of countless thousands of expectant mothers for over 60 years who have used "Mother's Friend," that time-tested, scientifically-prepared skin lubricant and pain-reducer which originated in the prescription of an eminent obstetrician. You, too, may enjoy the comfort "Mother's Friend" gives. It is so soothing and relaxing! It is used externally only—gently rubbed into the skin. Brings relief promptly. Very valuable in keeping the breasts in good condition. Also puts you in fine shape for the approaching ordeal. "Mother's Friend" is on sale at all drug stores. \$1.25 per bottle. Try a massage with it tonight and notice the ease and comfort it gives. A booklet on "Things to Know Before Baby Comes" will be mailed in plain envelope, free, on request. Address Bradfield Regulator Co., Dept. 12, Atlanta, Ga.

Mother's Friend lessens pain.

## ELECTRIC SERVICE

We repair all kinds of electric sweepers, irons, toasters, lamps, motors, etc. All work guaranteed.

Q. When alighting from a streetcar or train, should the woman precede the man?  
A. No; he should alight first, that he may assist her.  
Q. Which is preferred in conversation, "I presume," or "I suppose"?  
A. "I suppose."

## RAINY WEATHER VISITS COUNTY

### Farmers Say Rainfall Will Not Be Harmful Unless It Lasts Too Long

Rainy weather and predictions of slightly warmer temperature faced Decatur and Adams county today after several days of chilly fall weather. Farmers of this community say that rain, at the present time, will not do any harm to crops, unless there is too much.

Many local residents say that rain is needed. After the long drought cisterns are almost dry and many residents have been forced to turn city water into their soft water tanks.

Roads have been covered with a deep coat of dust and the rain will temporarily settle them. The rain will not harm the beet sugar crop, it was stated today, unless a long rainy season sets in, making it impossible for farmers to get their beets out of the fields.

State weather forecasters stated today that the rain probably would last several hours and that after a slight rise in temperature, the thermometer would drop lower.

Tonight and Tomorrow — "Sweetheart Town."

## FARM VALUES ARE INCREASED

### Well-Known Decatur Auctioneers Says Values Are Rising At Rapid Rate

Farm values are steadily improving according to reports from Col. Fred Reppert and Col. Roy Johnson of the National Realty Company of this city who have recently conducted a number of successful auction sales. During the last week they report these:

Sale of 160 acres near Nappanee, Indiana at \$117 per acre, also large total for live stock and personal property.

Sale of 153 acres near Shipshewana, Indiana at \$125 an acre, all personal property and 35 head of Guernsey cat-

tle. The average for the cattle was \$232 a head, one bull selling for \$1,010 to Giltman Brothers of Camden, Michigan.

Col. Roy Johnson, who is being recognized as the "ace" dairy cattle auctioneer salesman of the middle west, has just returned from Lake City, Michigan, where he conducted a sale of Jersey cattle which brought an average of \$107. On October 9, he will conduct a sale of pure bred milking short horn cattle at the Cincinnati stock yards and on October 15 a sale of registered Holsteins, 80 head, at Albany, New York. On October 28 he will hold a pure bred Guernsey sale at Owasa, Michigan.

His sales this year have been the most successful of his career. He declares there is no doubt that farm values and farm products are coming back rapidly and the outlook is splendid. "The swing is undoubtedly upward," said Mr. Johnson this morning, and I am confident, the farmer will soon come into his own again.

## Don't Miss This Sale

Continued by Popular Demand
