Wisdom and Ignorance

The chief difference between a wise man and an ignorant one is, not that the first is acquainted with regions invisible to the second, away from common sight and interest, but that he understands the common things which the second only sees.—King.

HERE'S the burglar's "skeleton key" that opens the lock that guards the treasures that hide in the house that Jack built!

With an AETNA Residence Burglary Policy however, you're dead sure of absolute protection! Against Hold-up, too, if you but say the word!

JURY RECEIVES BRIBERY CASE

Albert Fall Will Know Fate Soon; Justice Charges Jury

Washington, Oct. 24.—(UP)—Justice William Hitz gave to the jury today the bribery case against former interior secretary Albert B. Fall after charging the jurors not to allow their sympathies to sway their verdict.

The 68-year-old defendant accompanied by his friend, E. L. Doheny, whose \$100,000 is charged to have bribed Fall to give valuable oil leases in 1922, has been ill throughout the trial. The trial started October 7, in District of Columbia supreme court. Justice Hitz recalled the jurors ten minutes after they retired to explain a point of law. They retired for the second time at 11:45 a. m., after the judge emphasized to them that they were the "sole exclusive judges of the facts."

Justice Hitz took occasion to make a short speech on government and its responsibilities of citizens and jurors after delivering his formal charge on points of law.

Doheny may have been "innocent or guilty" of an intent to corrupt, he said, adding that the jury was not at all concerned with any intent save that of Fall.

Referring to the defense plea to send the former secretary back to "the lung-healing sunshine of New Mexico" he informed the jurors "You have nothing to do with the sunshine of New Mexico."

He pointed out that the jury can recommend clemency if it desires.

HOOVER RETURNS TO WASHINGTON

(CONTINUED FROM PAGE ONE)

an accomplishment celebrated by the President on this trip—Hoover expressed the hope that the additional funds necessary for the gigantic program might come from savings in naval armaments.

"This annual increase" he said of the prospective \$10,000,000 annual increase in rivers and harbors appropriations, "is equal to the cost of one half of one battleship. If we are so fortunate as to save this annual outlay on naval construction as a result of the forthcoming naval conference in London, nothing could be a finer or more vivid conversion of swords into plowshares."

Under the administration program the waterways are intended not to compete with but to complement the "great and efficient" railways of the nation.

The policy of private operation of river bargelines should be continued, for "we must look forward to private initiative as not only the cheapest method of operation but as the only way to assured and adequate public service."

Haphazard planning has been the sink of hundreds of millions of public money, the President added in a plea for a unified National program.

"This administration will insist upon building these waterways as we would build any other transportation system—that is, by extending its ramifications solidly outward from the main trunk lines, substantial traffic or public service cannot be developed upon a patchwork of local improvements and intermediate segments."

President Hoover's first extended tour since he entered the White House last March ended at Louisville last night as he began his Toledo and Detroit Monday morning in a driving, cold rain.

When he reaches Washington this afternoon, the president will have covered more than 1,800 miles since Sunday afternoon. Both the President and the first lady were reported in good health today despite their repeated exposure to the elements.

Port Barges Kept Busy

One peculiarity of the port of London is the extent to which vessels load from and discharge into barges. London is a barge port, and it is a staggering fact that on the Thames, are 10,000 barges, continually plying to and from the docks and the wharves, warehouses, and factories which line its 170 miles of tidal banks.

Credit's Real Meaning

Credit is not so much a trade courtesy extended you as it is an index of your character. When a merchant is willing to "trust" you, it simply means that he is willing to discount your reputation for honesty and integrity.—Grit.

Old English Dye

The earliest dye plant known in England was the woad plant, which produced a blue color. With the addition of certain chemicals it was turned to a vivid green known as "lincoln" green to the ancients.

NOTICE TO TAXPAYERS

Notice is hereby given that Monday, November 4, 1929, will be the last day to pay your fall installment of taxes. The county treasurer's office will be open from 8 a. m. to 4 p. m. during the tax paying season. All taxes not paid by that time will become delinquent and a 10% penalty will be added. Do not put off paying taxes as they must be paid and the law points out the duty of the county treasurer. Those who have bought or sold property and wish a division of taxes are asked to come in at once. Don't wait for the rush. No receipts can be laid away for anyone so please don't ask for it. We will be glad to mail the paid receipts to those who mail in their checks to this office before the final tax paying date. Ed. Ashbaucher

HOLLYWOOD FIRE CAUSES DAMAGE

Millions Of Dollars Are Lost In Film Laboratory Fire This Morning

Hollywood, Oct. 24.—(UP)—Fire swept the Consolidated Film laboratories here early today, causing the death of at least one person, injuring six others and resulting in damage estimated at more than \$6,000,000.

At Lund, employed at the laboratories, died of burns a few minutes after he was pulled from the flaming building. Police and firemen said they believed others perished but that an accurate check could not be made for several hours.

The injured, two of them women, were treated at the Hollywood Emergency hospital. One man was said to have been burned critically.

The immense loss was attributed to the destruction of irreplaceable negatives upon which major film companies had lavished hundreds of thousands of dollars.

200 HOLSTEIN and GUERNSEY COWS

There will be a Farmers' Consignment Sale of 200 High Grade Springing Holstein and Guernsey cows and heifers at the West Salem pavilion on Wednesday, October 30th.
