

SPORTS

PURDUE FAVORED OVER INDIANA

Bloomington, Ind., Nov. 22.—(U.P.)—Purdue's Boilermakers, champions of the Big Ten this year, will play in Indiana tomorrow in the only game which remains between them and a perfect season.

The Boilermakers already have clinched the Big Ten title, but they have aspirations for a claim to the national title, which they probably will claim if they get over the Indiana obstacle.

Always, Indiana plays its best game against Purdue, but if the Indiana showing up to now is to be taken as a criterion, the Hoosiers will have to play much better than their best to get a victory tomorrow.

Purdue has one of the best teams in the middle west, if not in the country. Boasting probably the greatest backfield since the Four Horsemen worked for Notre Dame, the Boilermakers haven't encountered anyone who could keep them from scoring.

All year, the Boilermakers have been handicapped by the weight of other teams, but they have offset this with superior speed and judgment. They have a versatile outfit and twice when their running game was stopped, Harneson merely stepped back, started throwing passes and gathered in enough points to win.

Indiana has been the nightmare of the Big Ten. The team first lost to Chicago and then surprised everyone by tying Ohio State and pinning from Northwestern.

Coach Jimmy Phelan was worried slightly today over injuries to his linemen. Red Sleight, one of the best tackles in the middle west, was suffering from an injured shoulder, and George van Vibber and Lewis Miller, two other linemen, were carrying painful bruises, but all were expected to get into the game if they are needed.

Approximately 30,000 fans, capacity for the Indiana stadium, will see the game.

Illinois and Ohio State will meet at Columbus. The Illini have improved with the advancing season and probably will win from their opponents who have won two games, tied one and lost one, the same record as held by Illinois.

Wisconsin will play Minnesota and expects to lose. The Gophers will be in a dangerous mood after their surprising defeat by Michigan last week.

Decatur high school Yellow Jackets meet New Haven high school Bull Dogs on the local hardwood tonight. Three games are scheduled. The two major games will be the Girls' teams of the two schools and the Boys' teams of the two schools.

Coach Jeanette Clark of the local Girls' team has been drilling a large squad for tonight's game. It will be the first time in three years that Decatur high school has had a Girls' basketball team.

Coach Bryce Thomas' Eighth graders will meet the Jefferson township Eighth grade team after school this afternoon. It will be the first game for the Thomasmens.

The local Eighth graders are big and fast this season and predictions are that any team will have its hands full beating the locals.

YELLOW JACKETS, BEAT NEW HAVEN

Coach Herb Curtis was still uncertain this afternoon, what his starting lineup would be tonight. It is thought that Deholt, Schnepf and Gerber are fairly certain of places in the starting lineup—but the forward berths are still in doubt.

Among the likely candidates for regular forward berths are Dick Engle, Harry Hebble, Curly Reynolds, Hill and Snedeker.

New Haven has not lost a game this season—The Yellow Jackets will have their hands full—but we believe the Curtismen can win.

Hartford City Airdales gained a lot of notoriety overnight by trimming the Muncie high school netters at the Muncie hardwood Wednesday night. The final score was 17-37 and Coach Maurice Kennedy's netmen led all the way.

The Airdales are a light but fast and shifty team—and of five games played they have won all of them.

The weatherman certainly helped

King Basketball today—and tonight at 7 o'clock about one-ninth of the population of Indiana will be attending a basketball game some place—

Indiana and Purdue will clash tomorrow afternoon at Bloomington for the Old Oaken Bucket.

The weather outlook for Saturday is fair and cold—and it's typical Indiana-Purdue weather—for the last eight years the weather has always been cold—and sometimes not so fair—when this game is played.

DePauw and Wabash clash tomorrow, too, in the big secondary college football game of the midwest. It looks as if DePauw would have a slight edge on the Crawfordsville aggregation.

And after Saturday, with the exception of a few Thanksgiving grid games—Fans will turn their thoughts and desires to basketball—and when you say basketball—Indiana goes crazy.

A capacity crowd is expected tonight for the New Haven game—and unless something unexpected happens—the game will be well worth anyone's fifty cents.

New Haven has never defeated Decatur, but the Bull Dogs have certainly made it tough for the Curtismen the last two years.

YELLOW JACKETS, BEAT THE BULL DOGS

G. E. NETTERS TO PLAY HOOSIERS

The Fort Wayne Hoosiers, American league basketball team will play the Decatur General Electric club team at Decatur high school gymnasium, Thursday, November 28 at 8 o'clock. Carl Smith manager of the local netters announced today.

The contract for the game was signed yesterday and Jack R. Gassert, manager of the Fort Wayne team stated in a letter to J. Smith that the regular Fort Wayne lineup would appear at the game here. The lineup includes several of the world's greatest basketball players. They are, Borgman, Saunders, Chadwick, Miller, Glasco, Shima, Kowalczyk and Tobel.

The General Electric team includes Hill, Bell, Stonebarnes, Miller, Strickler, Mylott, Krick, Kleinknight and Kohne, all former high school stars. A great game is anticipated.

Tickets for the game will go on sale Saturday afternoon and will sell for 50 cents. Manager Smith announced. A preliminary game between W. A. Ohio Independents and the G. E. Motors team has been arranged. The curtain-raiser will start at 7 o'clock and the big game promptly at 8 o'clock. Gunnar Elliott of Fort Wayne has been secured to referee the main attraction.

The Fort Wayne Hoosiers last season were second place team in the American league and they are regarded as the most dangerous team in the entire league group. It will be the first time the present Hoosier aggregation ever appeared in Decatur.

Tickets may be secured at the General Electric office any time prior to the game or at the doors the night of the game.

California Gridders To Meet Stanford

San Francisco, Nov. 22.—(U.P.)—Ninety thousand persons will jam the Stanford university stadium tomorrow to witness the annual Big Ten game between California and Stanford.

If two certain coaches—Clarence "Nibs" Price of California and Glen "Pop" Warner of Stanford—were as certain of the outcome as any of those enthusiastic fans, two hearts would beat a little more steadily.

The youthful and persisting Price and the aging and wily Warner will send their eleven on the field each well aware of the strength of the other's squad.

EXPERIMENTS ARE PRESENTED

Chemistry Classes Show Mysteries Under Direction Of A. R. Adams

Decatur high school chemistry class under the supervision of A. A. Adams head of the chemistry department of the local school, had charge of the regular Friday morning Chapel program today.

Among the interesting experiments which the pupils showed were the changing of water into wine and wine into water; showing the properties of carbon dioxide gas; properties of chlorine gas the construction of a fire extinguisher; making fire without matches and making of fireworks.

The program was one of the most interesting ever given at the local high school and plans were started at once to have a more thorough experimenting show at a later date.

Mr. Adams, local chemistry and physics instructor is one of the leaders among high school chemistry instructors in Indiana and his class was well versed on the various mysteries of chemistry.

been speculation but insisted that speculation was based upon the solid business situation.

Former Democratic Secretary of Treasury Carter Glass, now senator from Virginia, sat with the committee and entered into the stern questioning of Kent.

FIRE DAMAGES CHARLES HITE HOME THURSDAY

(CONTINUED FROM PAGE ONE)
While the origin of the fire is not definitely established, it is thought that the fire started from an overheated firepot in the furnace. Flames leaped up through the registers of the house

indicating that the furnace possibly had exploded. Another theory is that the heat of the furnace ignited the floor directly above the furnace.

Mr. Hite stated that the loss was partly covered by insurance. Both Decatur fire trucks were used in extinguishing the flames, and all three chemical tanks were exhausted. A heavy stream of water also was played on the house before control was gained.

FOOD PRICES LOWER IN CITY

(CONTINUED FROM PAGE ONE)
tion of grapefruits, which are higher because of the loss of the crop in the south from the European fly.

Canned fruits are slightly higher in prices, but the quality has been greatly improved according to local grocers. Nuts of all kinds are lower in price. Grapes are greatly reduced and the supply is plentiful.

Canned vegetables are slightly lower in values. Flax and dates are lower in price and pumpkins for Thanksgiving pies are reduced.

Local housewives are urged to shop early next week for their Thanksgiving needs and in so doing get a greater choice of the best available meats, poultry and groceries.

World's Billiard Record Is Broken

St. Louis, Mo., Nov. 22.—(U.P.)—Gene Deardorf, St. Louis, claimed a new world's record for three cushion billiards today after making 50 points in 40 minutes to win a match from Earl Agnell, 50 to 15. Deardorf's best run was seven.

WOOLING EARLY

Fort Wayne, Ind., Nov. 22.—(U.P.)—The diamond ring, through some centuries, has been the binding talisman of devotion which the swain bestows upon his lady-love.

David Poltras, 10, despite his tender years, knew this.

David had no diamond ring. His devotion, however, was of unquestioned quality.

So David hid himself to his mother's jewel box, and soon thereafter his 8-year-old lady-love was wearing a brilliant gem on her finger.

Mrs. Poltras missed the ring; an investigation ensued; now David must seek some other mode of expressing his tender sentiment toward his girl friend.

on Thanksgiving.

Wednesday night at 7:30 o'clock, the regular Union Protestant Thanksgiving service will be held at the United Brethren church with the Rev. O. E. Miller delivering the chief address. All persons are invited to this service.

Sepical music and a fine Thanksgiving program is being arranged for the Union meeting.

D. H. S. "WINGS" FIRST IN 1928 STATE CONTEST

(CONTINUED FROM PAGE ONE)
Association gave the following reckoning of points: Out of a possible 1,000 points scored, Decatur high school received 901. The summary of scores as reported were earned in the following departments: In news writing the editors earned 133 points out of a perfect score of 150. In news content the editors earned 181 out of 200. In sports news the editors earned 75 points out of 75. Editorials earned 81 out of 100. Articles 68 out of 75. In head line writing the editors earned 149 out of 150 points, and in the make up of the paper the editors earned 130 out of a possible 150 points. In general consideration the editors earned 92 out of 100.

The Senior class of last year did not fair quite so well in its annual

as far as the Indiana High School Press Association is concerned. Out of a perfect score of 1,000, the editors and business managers only earned 778. The following scores tell the story: In the cover and binding the editors earned a perfect score of 40 points, and special departments, the managers only received 112 points out of 200. In the standard department the editors earned 122 out of 150 points. The literary contents drew 104 out of 130 points. The art work drew 77 points out of a perfect score of 130. The topography and advertising earned a perfect score of 150. The mechanical production of the annual drew 173 out of 200 points.

The National Scholastic Press Association gave the local high school publications first class rating. The summary of scores from the National Association reads as follows: On the plan of the book it was marked perfect. On administration the score drew 45 points out of 60. On organ-

ization it drew 15 out of 25. On activities 95 out of 110. On school life it drew 95 out of 120. On editing it drew 85 out of 125. In mechanical consideration it drew 225 out of 265. On the financial status it drew 40 out of 50 points. According to the National Press Association the score was 835 out of 1,000.

House Adjourns

Washington, Nov. 22.—(U.P.)—The house adjourned sine die at 12:50 p. m. today shortly after the senate had recessed until 9:45 p. m. when it will hold a short meeting to take similar action.
