REBELS WIN IN BRAZIL BATTLE

Revolutionary Forces Report Important Victory At Caropolis

Rio Grande Do Sul, Brazil, Oct. 14.—(U.P.)—Revolutionary headquarters claimed a decisive victory today in the first real battle of the campaign, a five-hour engagement near Caropolis on Sao Paulo parana border.

The encounter was between revolutionists and Sao Paulo state police, reinforced by a detachment of federal troops, the rebels said. Heavy casualties were reported on both sides and the rebels claimed the capture of large quantities of machine guns and ammunition.

Numerous prisoners were reported captured, including several officers of the Sao Paulo police.

Gen. Miguel Costa, leading a rebel column northward towards Sao Paulo, reported steady progress with federal troops retreating before his advance.

The rebels announced that they would shell Florianopolis, where federal troops have been concentrated, with projectiles containing gas. Florianopolis, capital of the state of Santa Catharina, is located on an island just off the mainland. Rebels warned shipping of the danger of navigating off the Santa Catharine coast, due to the risk of artillery and aerial bombardments.

The revolutionists announced that two destroyers had been prevented from landing additional forces at Florianopolis.

Further penetration of rebel forces southward in the campaign against the federal capital were announced in a revolutionary bulletin, which reported the capture of Itaperuna in the state of Rio de Janeiro and said that their forces were marching on Campos, about 140 miles northeast of the capital.

advocated both publicly and privately," Akerson said.

Friends of the president indicated Mr. Hoover might consider the phraseology of the Lutheran letter unfortunate and inexpressive of his sentiments in at least one particular; but that he was prepared to accept full responsibility for it. It was prepared by a secretary.

Mr. Hoover is interested in correcting any misinterpretations of the document, it was said, especially in view of some similar editorial criticism because of a phrase in his Kings Mountain speech last week, in which he said this country is "largely religious in origin."

Blind War Veteran Injures Wife; Ends Life

Clinton Ind. Oct. 14.—(U.P.)—Believed en route to Indianapolis to make arrangements for separation and division of a government pension, William H. Payne, 38, blind World War veteran, reportedly attempted to murder his wife and then committed suicide with a razor while she was driving their car along a road west of Clinton today.

Payne, well known throughout Vermillion county as "Blind Billy" was said to have been gassed and blinded during the world war and receiving a \$200 a month pension from the government.

It was believed they were en route to Indianapolis to arrange for a division of the pension, preparatory to separation, when he drew a razor, slashed his wife's cheek as she drove, then severed his jugular vein.

He died almost instantly and Mrs. Payne was brought to the Clinton hospital by a deputy sheriff. Her condition was reported as "probably critical."
