**BIENEKE, REX ANDREWS, LIZETTA LEIMENSTOLL, and Edna Jaberger acting as hostesses.**  
Devotional services were conducted at the opening of the meeting, and the regular routine of business was followed.  
Plans were made by the members to present an Easter program on Easter night, April 5, at the regular worship period. The organization will present the play, "The Way of the Cross".  
Plans were also made for a cafeteria supper to be served, Saturday, April 11, and other fall work was planned.  
A social hour followed the business session, and a dainty luncheon was served by the hostesses.

**MEETING OF IC-NICK CLUB**  
Miss Crystal Edgell was hostess to the members of the IC-Nick Club, at the home of her sister, Mrs. Bryce Roop, Wednesday evening.  
Small tables were arranged for games of bunco, and at the close of the games, Miss Golda Leimenstoll received the prize awarded for having high score, and Mrs. Lee Meyers received the consolation prize.  
Two guests, Mrs. Dora Edgell and

Miss Mary Schwartz were presented at the club meeting, and Miss Schwartz was presented with the guest prize.  
The appointments of the party were in keeping with St. Patrick's Day, and a delicious luncheon of the seasonal appointments was served by the hostess.  
Miss Inis Heller will be hostess at the next club meeting.

The Missionary Society of the Monroe Methodist Episcopal Church will hold a pastry sale in the Monroe Model Hatchery, Saturday afternoon beginning at one-thirty o'clock.

### MISSIONARY SOCIETY HEARS FINE ADDRESS

The members of the Missionary society of the Zion Lutheran church met at the home of Mrs. Herman Dierkes, Wednesday afternoon. The meeting was opened with the reading of a Scripture passage by Rev. Paul Schultz. Twelve members responded to the roll call, and two guests, Mrs. Werling, the mother of the hostess, and Mrs. Eli Goldner, were present.

After the general routine of business was conducted, the meeting was turned over to Rev. Schultz who gave an interesting address on the work of the deaf mute mission school in Detroit, Michigan. He told the history of the school. It was organized fifty years ago by the Rev. G. Speckhard at the Lutheran Orphanage in Detroit.  
The society decided to study the book, "The World is Our Field", written by Rev. F. Lankau of Napoleon, Ohio.  
The members of the organization will outline the program at the next meeting which will be held the second Wednesday in April. All members are especially urged to be present at that meeting.

At the close of the meeting, Mrs. Dierkes, assisted by her sister, Mildred Werling, served refreshments.

Mrs. George Mitchell of Fort Wayne will be hostess to the members of the North End Bunco club, Monday afternoon from one to five o'clock at her home in Fort Wayne.

### GECODE CLUB MEMBERS ENJOY REGULAR MEETING

The regular meeting of the Gecode Club was held in the club rooms, Wednesday evening, and was in the charge of the committee comprising the Misses Fern Passwater and Kathryn Hyland.  
A dinner of St. Patrick's appointments was served to the fourteen guests, and the last course of the dinner consisted of ice cream in which was molded a green shamrock. The delicious meal was prepared and served by Mrs. Esta Liddy.

Following the business of the organization, two small tables were arranged for bridge, and Miss Josephine Anderson received the prize for high score, and Miss Miriam Gerke was presented the consolation prize.

The next meeting of the Club will be held April 1, and the Misses Dorothy Johnston and Lorena Reppert will be in charge of the meeting.

Sister Mary Virgine of the St. Agnes Order, Fon du Lac, Wisconsin, daughter of Mr. and Mrs. Joseph Metzger of this city, will arrive in Decatur this evening to spend several days at her parental home.

### "WOMEN OF THE BIBLE" SUBJECT OF CLUB MEETING

Mrs. Arthur Suttles was hostess to the Ladies Shakespeare Club at the home of Mrs. John Niblick, Wednesday afternoon.  
"Women of the Bible" was the subject of the very interesting paper written by Mrs. Helen Blossom and read by Mrs. Noah Frye.

The record of the Women of the Bible from the time of Eve shows that they were not unlike our women of today, that some were extremely good, some benevolent, some patriotic and some had executive ability. Some theological writers of the last century took pains to build up a "sanctified halo" around the women characters mentioned in the Bible, but the fact of their names being mentioned is no reason to believe they were any better than the women of the present time.

The lives of some of the most important characters were given in sub-topics by several members. Short reports of the District Federation Convention held at Bluffton were given by Mrs. J. C. Suttler, Mrs. John Tyndall, and Mrs. Charles D. Teeple.

The next meeting will be held with Mrs. John Tyndall and Mrs. C. E. Peterson will have the paper.

### MRS. M. E. HOWER READS INTERESTING PAPER

The regular monthly meeting of the Historical Club was held at the home of Mrs. Harl Hollingsworth on High street, Wednesday afternoon. Mrs. M. E. Hower had the paper for the study hour, and her subject was, "From Old to New in Manufacturing."

For a background Mrs. Hower painted a word picture of the pioneer forefathers, supplying their wants by their own handicraft. These handicrafts she traced from that beginning to the present day manufacturers. Heat—a chimney and a fireplace, stoves, furnaces, and now immense heating plants of steam and hot water. Light was traced from

burning brands to hand dipped tallow candles, then molded candles, grease lamps, kerosene lamps, gas lights, and how electric lights. Brooms: The first was a stick with twigs tied to it, then broom corn was raised, and now there are sweepers and electric vacuums. Shoes: from the traveling cobbler who came once a year and made shoes for the whole family, to the present day factories and shoe stores. Textiles: every step from the raising of cotton, wool, and flax, to the finished garment was done in the home. Now all of this is taken care of in factories.

Many other commodities were traced from their humble home beginning. The club members also added to the list many things that in their memories used to be made in the home but are now manufactured commercially on a large scale. Several remembered soap made of lye from wood ashes, and bits of grease saved for that purpose. Scouring powder, which had its humble beginning from brick dust. The first automobiles and the first automobile rides were recollected by several members.

During the business session Mrs. Homer Lower gave a report of the District Convention of the Federation of Clubs which was held in Bluffton, Tuesday.  
Mrs. Delton Passwater and Mrs. Sam Butler were welcomed as new members into the organization.  
At the close of the meeting a social hour was enjoyed, and the hostess, assisted by Mrs. Roy Runyon served delectable refreshments.  
The next meeting will be held with Mrs. Homer Lower, next Wednesday afternoon, and Mrs. J. M. Miller will have the paper.

### ODOR IDENTIFIES OWNER OF MONEY

Paris, March 7.—(UP)—A judgment worthy of Solomon was made when a Parisian police commissaire determined the ownership of a 100 franc note by its smell.  
Sitting on the terrace of a cafe, frequented by Americans, in Montparnasse, Mlle. Louise Consell, 22 discovered she was missing a 100 franc note. She dashed after a man who had just picked up something in front of her table. She caught up with him and accused him of taking the money, but he denied the charge.

A heated argument followed. Then a policeman came along and took them both to a nearby commissariat where they were questioned. The man was searched and a 100 franc note was found but he claimed it was his.

The commissaire smelled the note and then sniffed at the girl's handbag. They both were fragrant with the same powder so he ordered the man arrested and handed the money over to the girl.

### Great Britain's Railroad Tracks 51,000 Miles Long

London, Mar. 7.—(UP)—There are 51,000 miles of single railroad track in Great Britain which cost over \$30,000,000 per annum to maintain, apart from renewals.  
Between 1,200 and 1,300 miles of track are renewed annually.  
Nearly 210,000 tons of rails, 45,500,000 sleepers and 2,000,000 tons of ballast are required in this work. Most of the relaying work is done at night and over the week-end to avoid interference.  
Track-laying machines which lift out complete sections of about 45 to 60 feet of track and place new sections in their place are used.  
Last year a total of 1,705,000,000 passengers journeys were made over the 51,000 miles of track.

The record of the Women of the Bible from the time of Eve shows that they were not unlike our women of today, that some were extremely good, some benevolent, some patriotic and some had executive ability. Some theological writers of the last century took pains to build up a "sanctified halo" around the women characters mentioned in the Bible, but the fact of their names being mentioned is no reason to believe they were any better than the women of the present time.

### Cleveland Will Start 1931 Construction Early

Cleveland, O., March 11.—(UP)—City council committees are expected to act favorably on the issuance of \$4,500,000 worth of bonds to allow an early start on the city's 1931 construction program.

Among the improvements being considered is the straightening of the Cuyahoga river, and bonds for \$1,500,000 are planned for this project.

Plans at present also call for \$500,000 for opening, extending and widening streets; \$500,000 for storm sewers; \$1,000,000 for sewage disposal works and \$1,000,000 for street improvements.

The river improvement awaits acquisition of land and final approval of plans by the War Department. The money is a part of the \$31,500,000 approved at last November's elections.

### Egg Carriers Fine Portrait of Woman

Gonzales, Tex., Mar. 11.—(UP)—A hen egg, bearing the distinct feature of a woman with a half smile on her face and her left arm upraised, was exhibited here today by Mrs. D. M. Livingston.

The artistic prowess of the Rhode Island Red hen was discovered when Mrs. Livingston peeled the shell from a hardboiled egg she was preparing for a salad. The picture looked as if it had been traced on the egg with a needle point.

### Police Called To Arrest Demoustached Husband

Seattle, Mar. 11.—(UP)—When Mrs. D. D. Ringer returned home from a bridge party she found a strange man sleeping in her bedroom. She ran from the house and called police.

Officers arrived and as they approached the sleeping man he suddenly awakened, bounded out of

bed and ran to another room.  
"What's the big idea?" he shouted when they had him cornered.  
Then Mrs. Ringer discovered that it was her husband, minus his moustache.

# SUNSHINE MELLOWS Heat Purifies

**LUCKIES are  
always kind  
to your throat**

Everyone knows that sunshine mellows—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED"—an extra, secret heating process. Harsh irritants present in all raw tobaccos are expelled by "TOASTING." These irritants are sold to others. They are not present in your LUCKY STRIKE. No wonder LUCKIES are always kind to your throat.
