Evangelical Church.
 The revival meetings at the First Evangelical church continue with unabated interest. Most of the members of the chorus choir have been present each night since the meetings began. By the leadership of Ernest Foreman the music has become a very attractive feature. The music committee has had special music each night since the services began. Little Patsey McConnell delighted the audience last night with her Gospel solo.

CONFIRM VIRTUES
OF BRAN IN DIET
 Supplies "Bulk" and Vitamin B for Constipation; Also Iron for Blood
 For ten years, now, millions have found Kellogg's ALL-BRAN a safe, pleasant way to overcome common constipation—with the headaches, loss of appetite and energy that so often result from this condition.
 Recent laboratory tests show that ALL-BRAN supplies "bulk" to exercise the intestines, and Vitamin B to help tone the intestinal track. In addition, ALL-BRAN contains twice as much blood-building iron, by weight, as beef liver.
 This "bulk" in ALL-BRAN is much like the "bulk" in lettuce. Inside the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.
 Special cooking processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming.
 Think how much better it is to enjoy this delicious cereal than to take endless pills and drugs, which often lead to harmful habits.
 Two tablespoons daily—in serious cases with every meal—are usually sufficient. If your intestinal trouble is not relieved this way, see your doctor.
 Serve ALL-BRAN as a cereal with milk or cream, or use in cooking. Appetizing recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

MAJOR BLOW AT
DEPRESSION IS
READY TO WORK
 (CONTINUED FROM PAGE ONE)
 er, Jr., governor of the Federal Reserve board and its guiding hand through the roughest sea it has ever sailed. He has been named chairman of the board.
 The Reconstruction Finance Corporation will within a few days begin making loans and rediscounting securities. Banks, savings banks, trust companies, building and loan associations, insurance companies, mortgage loan companies, credit unions, federal land

banks, agricultural and live stock credit corporations are entitled to this aid on sound collateral.
 Offices will be set up here with branches throughout the country. A secretary and director of personnel will be appointed immediately.
 Judgment and experience are necessary. The corporation must steer a middle course between throwing its money away on hopeless loans and a too conservative policy which would, like the recently formed National Credit Corporation, fail to give needed relief to many cases because of excessive caution.
 The corporation starts out on its fateful adventure at a critical time.
