Paris Styles

By Mary Knight
Press Staff Correspondent
(UP)—Paris sport clothes
during the fashion target
in the bull's eye, and pot-
teries in wool frocks and hand knitt-
ing accessories are making
a surprising season of surpassing in-
terest, surpassing that of all pre-
vious seasons.
Paris itself and Parisi-
ans are concerned, the weather
has a hand in directing the
fashion. With snow, hail,
rain—and only an occasional
sunshine—the modern
matron's clothes are still
trimming touches gathered
in the merry month of May.
Reany furnishes two ador-
able dresses one in beige and
the other in beige brown
and the former divides the two
seasons—seasonally between blouse
and skirt, using beige buttons
on the brown and brown buttons on
the beige as its only trimming. The
beige in the latter costume appears
a tiny little dicker, half of the
beige as a tonish little side-sett-

HIGH RATES FAIL TO AID

Emergency Increases In Freight Rates Do Not Bring Results

Washington, May 3.—(UP)—Eme-
rgency increases in freight rates
authorized by the interstate com-
merce commission in an effort to
save railroad credit are not netting
the roads as much as was esti-
mated, the report of the railroad
credit corporation revealed today.
When the increases were autho-
rized, it was estimated that they
would bring the railroads \$115-
000,000 added revenue each year.
From January 4, when the rates
became effective, until March 1,
the added revenue totaled only
\$9,334,239.98.
Part of the deficiency is explain-
ed by the reluctance of some
state rate regulatory bodies to
grant increases in intrastate rates
along the line of the commission's
interstate increases. In 12 states
the increases have not been yet
allowed and the commission has
begun an investigation of this
condition.
The railroad credit corporation,
which uses the proceeds of the
rate increases as a loan fund to
assist roads about to default in
interest and maturity payments,
does not receive the collections
until 50 days after the end of the
collection month. Consequently,
today's report includes only Janu-
ary and February income.
Through April, the credit cor-
poration approved railroad loan
applications totaling \$18,681,159.50.
It actually made loans of \$4,188-
482 of which \$1,825,462 was in
April. Much of the remaining
authorized amount, \$14,492,577.50,
has been advanced by the re-
construction finance corporation upon
credit corporation certificates.
The reconstruction finance cor-
poration's loan total is many times
as large as the total approved by
the credit corporation.

easy located over a Sunday school

Dollars Spur Work

Gridley, Cal.—(UP)—A section
gang foreman was having a hard
time getting his Mexican crew to
do much work when Max Levator
crew members, gave a shout. His
shovel had uncovered three the sil-
ver dollars buried near a railroad
tie, tarnished but spendable. The
workmen needed no foreman to
spur them on for the remainder of
the day.

The sneeze crashed into the Wat-
son set and blew out two tubes.

OFFICIALS OF CHINA BEATEN

Vice-Foreign Minister Beaten By Students In Demonstration

Shanghai, May 3.—(UP)—Chinese
Vice-foreign Minister Quo Tai-Chi
was severely beaten today by a
group of youths who rushed his
house during a reception for dele-
gates from public bodies who en-
quired about the progress of
armistice negotiations with the
Japanese.
Today's scheduled meeting of
the peace conference was post-
poned, officially because the Jap-
anese had not received instruc-
tions from Tokio.
The youths were believed to
have been students. They charged
into the house, shoved Quo Tai-
Chi's guests about roughly, and
singled out the vice-foreign min-
ister for attack.
Two of the invaders started
beating Quo Tai-Chi and a third
seized a dish from a table and
flung it at his head. Quo Tai-
Chi suffered a deep cut over his
right eye.
Police were summoned and
arrested 11 youths. Quo Tai-Chi
was placed under care of physi-
cians, who said the cut over his
eye was not expected to affect his
sight. He was expected to recov-
er in a fortnight.
The attack was not expected to
hurl peace negotiations with the
Japanese, although it followed the
shooting of a Japanese marine by
snipers yesterday.

Brotherhood Has Meet

The Brotherhood of the First
Evangelical church had an inter-
esting meeting Monday night.
Rev. M. W. Sundermann and C. E.
Hocker, delegates to the recent
session of the Indiana Conference
gave interesting reports of the
conference. Arthur Baker gave a
talk on "Electricity," as to what
it is and the working principal of
the current. He explained the
system as it functions in Decatur.
The evening climaxed in a tri-

pod debate.
Fred McConnell argued that we
are living too fast. At the rate
the human race is traveling we
will develop a greatly reduced
vitality, which will, in a few
generations work great hazard,
physically, mentally, and spiritual-
ly.
Martin Zimmerman argued that
conditions are just right. Accord-
ing to his argument, the time of
toil, rest and recreation, are well
balanced, and are conducive to de-
veloping the maximum of health
and happiness.
Amos Ketchum argued that we
are living too slow. He predicted
the time when even the farmer,
by the use of expert machinery,
will do his work in a few hours of
the day, and will turn part of his
farm into golf links and tennis
courts, in order to have proper
recreation.
The entire audience was the
jury, and voted the tin loving cup
to Fred McConnell.
During the refreshments, every-
body was given a ballot, to guess
on the results of Tuesday's pri-
mary election. These ballots were
sealed, and will be opened at the
June meeting, and the one having
guessed most correctly will be
given a prize.
The Brotherhood will have
charge of the regular services of
the church next Sunday night.

ment of county land tax. Among the

DO YOU INHALE?

Why is this
vital question so much
avoided by other cigarettes?

EVER since Lucky Strike created that special
process for purifying fine tobacco and
told the full facts about cigarette smoking—
the industry has been in an uproar. For Lucky
Strike has dared to mention things that were
considered "taboo" in the cigarette trade.
You may have noticed a striking avoidance
generally of the word "inhale" in cigarette
advertising. Why? Goodness only knows! For
everybody inhales—knowingly or unknow-
ingly! Every smoker breathes in some part of
the smoke he or she draws out of a cigarette.
That's why it's all-important to be certain

that your cigarette smoke is pure and clean—
to be sure you don't inhale certain impurities.
Do you inhale? Lucky Strike has dared to
raise this vital question—for it gives you the
protection you want... because certain im-
purities concealed in even the finest, mildest
tobacco leaves are removed by Luckies' famous
purifying process. Luckies created that process.
Only Luckies have it!

Good
looks
aren't
always luck

Sparkling eyes and a smooth
complexion depend on good health.
The beautiful woman guards
against constipation. She knows
constipation can cause headaches,
pale skin, dull eyes, pimples,
premature aging.
Protect yourself from constipa-
tion by eating a delicious cereal.
Kosher show Kellogg's ALL-BRAN
provides "bulk" to exercise the in-
testines, and Vitamin B to tone the
intestinal tract. In addition, ALL-
BRAN furnishes blood-building iron.
The "bulk" in ALL-BRAN is similar
to that of lettuce. Within the body,
it forms a soft mass, which gently
moves the intestines of wastes. How
much safer than pills and drugs—
so often habit-forming.
Two tablespoonfuls daily—in
any case, with every meal—
will correct most types of constipa-
tion. If your trouble is not relieved
in this way, see
your doctor.
Serve as a cereal,
with milk or cream,
or use in cooking.
At all grocers.
In the red-and-green
package. Made by
