A Boston secretary who killed her employers will plead insanity. Anybody who kills any employer these days is crazy.

It looks a little as though both leading political parties would have to start holding those love feasts all over again.

Albert R. Fall, recently released from prison, still has his old fire and energy it is claimed. He objected to going to a sanitarium and said he would be "damned" if he would sign a pauper's oath. He will probably keep away from the oil business for some time.

It's a good time to paint the house and garage and barn and every thing else that needs it. Prices of material and labor are low and when you do this you help in several ways, not the least of which is to furnish employment for men.

The postoffice lawn is to be landscaped and beautified and it will be done exactly according to Hoyle, that is it must be done as per specifications now at the postoffice for those who care to bid on the job. It will add to the appearance of the government building.

The district committeemen are being chosen today with scraps in many places. The fourth district Democrats are in session in Kendallville, where the forces have gathered and where the eight chairmen and eight vice-chairmen will decide as they feel is best for the party.

The district committeemen elected today by the Democrats will meet at Indianapolis next Saturday to decide the state chairmanship. Upon the result thereof and the efforts to perfect harmony will largely depend victory or defeat next November, so it becomes a matter of considerable importance.

Indiana spent \$5,000,000 for poor relief last year and it is estimated will have to expend twice that next year. It is also claimed that delinquencies carried over to 1932 will total \$20,000,000 in the state as compared to \$11,000,000 this year. These are some of the reasons why the budgets will have to be cut and then trimmed some more. Its not what we would like but what we must do.

**NICKEL PLATE RAILROAD**

A statewide hunger march has been called for June 22nd to 25th. At that time a number of men will travel to Indianapolis via trucks and then march to the statehouse to make demands. Just what can be done has not been explained and such maneuvers seldom result in good. Times are tough but about every thing possible is being done to prevent hunger.

J. I. Farley, Democratic candidate for congress, called here last evening and expressed the hope that he could visit here frequently the next few months to increase his acquaintanceship in Adams county. He is hoping that after the district organization today, every one will buckle on the harness and go out to put over a big Democratic victory, in the counties, district, state and nation.

Don't let the campaign to trade at home die out. It's very important. Remember that every time you eat home-made bread or smoke home-made cigars or use any thing else made here you are keeping the dollars in the community and helping to keep men employed. That's the way to get out of the slump. We believe most people feel that way and that right now we ought to have a ten-day campaign to get every one to sign cards by which they agree to help this move.

There is always more or less worry connected with money. Those of us who do not have it worry about getting it and those of us who have it are often put to a great deal of worry in hanging on to it. In addition to this no little worry is brought on by the desire to make a jitney grow where only a penny grew before. It seems as though poets and philosophers have conspired to bring money into disrepute, so anxious are they to tell us that the more possession of it is a great burden. In more recent times there has come to us the warning that money carries germs. Germ experts even went so far as to demonstrate that a bank clerk's occupation was particularly hazardous because he handles so much money. But now this dread has been dispelled. After exhaustive investigation on the subject of money as germ carriers, two Illinois university experts assure us that this danger has been greatly exaggerated. It seems that the metals from which coins are made act as destroyers of bacteria. This relieves us of the worry connected with the handling of money. The next thing for some expert to do is to tell us how we may be relieved of our worries in trying to get hold of it.—Lebanon Reporter.

**Starch**  
A good starch can be made by putting 3 tablespoonsful of wheat starch in 1/2 cup cold water, put this in 1 quart of boiling water and cook for 10 minutes. Add a half teaspoonful of lard to make the starch smooth.

**Medicine**  
To rid the mouth of any unpleasant taste when taking medicine, pour a spoonful of sweet cream into the medicine and it can be taken readily. Or, take a spoonful of cream before taking the medicine.

**Pans**  
Pans that are scorched by food adhering to them should be sprinkled with dry baking soda and allowed to stand awhile. Then they can be readily and quickly cleaned.

Q. Should the bride remove her engagement ring on the wedding day.

A. She usually places it on the third finger of her right hand.

Q. Is it proper to pick bones from meat or fish while holding them in the fingers?

A. This is permitted only in strict privacy.

Q. Are long arguments in general company entertaining or proper?

A. Although they may be entertaining to the disputants, they are very tiresome to the other persons present.

Leap Year Weddings Slump

Atlanta, Ga. —(UP)—Apparently Atlanta swains are waiting for their girl friends to take advantage of leap year—and in vain. There were \$1 fewer marriages here during the first quarter of 1932 than during

the corresponding period last year.

**I'm not famous but my car**  
**My Chrysler beats any car I ever owned...**

Mine isn't a front-page name. I'm not wealthy, I'm not poor... just go along enjoying myself in my own little world of neighbors and friends.  
But just because I'm not famous myself is no reason why I shouldn't drive a famous car. I do. I drive a Chrysler—with that patented Floating Power everybody is talking about. I like it better, far better, than any other car I ever owned. I don't care where I go, whom I meet, I can always be proud of my automobile.  
It's satisfying to drive the smartest and best-performing car on wheels... the most up-to-date car... a car that has many fine things that other cars do not have.  
Sure, I'm telling all my friends to buy Chryslers.

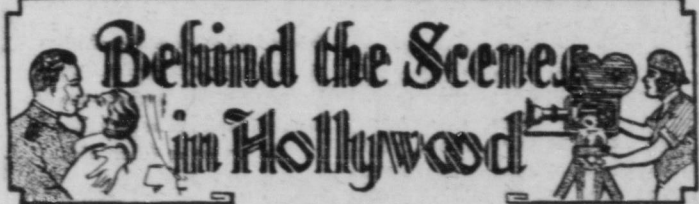

19 MODELS—four chassis and up, f. o. b. factory, Duplex Plate Glass standard on Imperials. Eighty. Obtainable on all others at \$9.50 to \$20.00.

HOLLYWOOD, Cal., May 10.—A night operator in a 30 cent picture-show can tell the most interesting development in the Marlene Dietrich-Paramount row.

Several evenings ago, when the last show was over in a small Hollywood theater, attendants were surprised to see the glamorous German star bearing down upon them with a determined gleam in her eye. They became even more goggle-eyed to discover that her husband, her little girl and Maurice Chevalier also had been guests in their little third-run theater.

The film had been "Shanghai Express" and it, they soon found out, was the cause of the Dietrich wrath.

Scenes had been left out, Miss Dietrich wanted to know why. She demanded to talk to the operator, so they took her to his little booth. There, she repeated her questions and the operator, an independent fellow, explained that he ran the film exactly as it came to him, and if she wasn't satisfied, she would have to take it up with Paramount.

And talk wouldn't budge him. When presently the star rejoined her companions, who had been pacing in the lobby, she still had the determined gleam in her eye. No one in the party offered any cheers for Paramount.

It seldom happens, but Groucho Marx was topped yesterday at a meeting of the West Side Asthma and Riding Club.

Waiters were clearing away the luncheon dishes when Groucho dipped: "Say what's the idea of starting the speeches before I've had my dessert?"

Sitting beside him was Don Marquis. He smiled benignly.

"There was a theory, Groucho," he said, "that if you were eating someone else could make a speech."

**YOUR DAILY GOSSIP.**

They are saying that the tag line of Gene Fowler's coming book on Hollywood will tack a well known film executive (not-at-R-K-O) on the cross... The most unexpected people wear the brightest clothes. Lawrence Grant, portrayer of dignified prime ministers of sinister heavies, has a penchant for white flannels and flaming red blazers... If you've not heard it yet, there's a kick in the news that Edmund Lowe and Victor McLaglen are going out in vaudeville together. They'll do a pair of Flagg and Quirt characters... By doctor's orders, Constance Bennett goes home at 4:30 P. M. every day to take a nap... There'll be a week of added scenes on Greta Garbo's new picture, "As You Desire Me"...

While on location, Ralph Bellamy met an old man, who was the first white child born in Monterey (California). "We had a picture company up here two years ago," said the old fellow. "They were making a film called 'Terrible David'..." Bill Rankin, now writing stories for Universal, is the only ex-member of the famous Gridiron Club in Hollywood...

Wallie Smith sends me a copy of his novel, "The Little Tigress." It's being reprinted after several years time... Norma Shearer's next film for M. G. M. will be "Smilin' Thru"...

"Pansy," the 310 pound turtle that the "Bird of Paradise" troupe brought from Hawaii, has been sold for \$15.

It will join the exhibits in an aquarium on the Long Beach Pike...

Dick Arlen's next picture at Paramount will be "Hot Ice." It will feature a thrilling game of ice-hockey.

**DID YOU KNOW—**

That Sylvia Sydney, now going Great Guns at Paramount, occupies the dressing-room previously allotted to Clara Bow and Pola Negri?

**NEWS...**

**Foreign and Domestic**

"Fresh Outbreak in Kashgar." All right... read about it. It's new, and probably interesting to you, personally. Maybe you have some friends out there. Maybe you are interested in independence on general principles.

Read all the foreign news you wish. We print foreign news because we know that it is interesting to a proportion of our readers. But don't forget to read ALSO the news of merchandise... the advertisements that tell you what to buy, where to buy it, and how much it will cost.

You can find hardly a single advertisement that does not hold something of interest to you and your family. And the advertisements are always cheerful news. There is never a shudder in this kind of news... never an "Isn't that too bad!"

Wise shoppers are never "too busy" to read the advertisements in this paper. In fact, the very advertisement they may have overlooked may be the one that holds the best news for them, personally. So we say again: Read the advertisements... all of them. They bring news—cheerful news—news of profit for YOU.
