—(UP)—The June shoe
situation is now well established,
have two novelties to announce
a leather finish, and a new
in shoes.

The new leather finish has been
made by Marouf. Small and irregular
patterns of alternate mat
and brilliant finish produce an effect
which is claimed to unite the
elements of both patent and glace
leather. This novel leather is to
be known henceforth as Givagta.
It clearly in mind.

The new design is being experim-
ented with by all the leading
boots, but particularly by Costa, who
says that it answers a need for an
original thought in shoes. It is real-
ly an unusually high back,
snugly following the line of the
ankle, terminating in a point
which is very flattering to the
foot. Watch this high back trend and
you will show yourself very style-
sous on the shoe situation this
summer.

The V. I. S. Class of the United
States Sunday School will meet
at Miss Mary Lenwell Friday
at seven-thirty o'clock.

church are asked to contribute arti-
cles which will be placed with those of other Missionary societies in
the rucible of the Presbyterial.

In bureau drawers, in boxes
where they have long been out of
sight and mind, search out articles
containing gold, silver or other
precious metals, old or new, whole
or broken. Look for such articles
as these: watches, chains, rings,
lockets, brooches, cuff links, bracelets,
spectacle frames, pins, dental
scraps, such as crowns, bridges and
caskets, sterling silver pieces, silver-
plated pewter ware and old jewelry
of every description.

In the crucible there shall be a
new birth of usefulness—a new
renaissance of beauty—featuring
the Christian work. There never
was a time when funds were more
needed for Missionary work than
today. If each one will gather the
fragments, the cause of the Master
will be greatly benefited."

Mrs. E. B. Adams will receive the
contributions at her home, 316 Mer-
cer avenue, during the week of
June 26.

More Free Trips To Leipzig

Leipzig.—(UP)—The free trips
granted American buyers, who visited
the Leipzig Spring Fair, proved
so popular that the plan will be
repeated for the 1932 Fall Fair.
The plan which is based on a re-

goods purchased, proved great
stimulus to German-American
travel.
