(UP)—One of the most popular hat fabrics now being used is called bamboula. It is a material which gives it a better stay in good form.

as the material goes it is used for dresses and coats but to our way of thinking it is a little heavy for strictly summer things. In the darker shades it will be used for the couturiers for fall.

and Paton both have a variety of these in her of with tiny skullcaps while Mrs. Mainbocher divided his collection between "a sort of a and the round toque, and leans toward rolled brims and crowns for both small hats. Masculine fashions are of Brueys for sportswear are almost always trimmed simply with nothing more than a band of matching or contrasting ribbon.
