WHY COMPLAIN?

We complain a great deal these days and many feel that the country has gone to the bow-wows completely, so its rather encouraging that some one has sat himself down and figured out these pertinent facts:

Savings bank deposits are \$1,333,000,000 more than they were at the peak of the boom.

Savings bank deposits exceed \$29,000,000,000, more than \$1,000 for every family.

Savings depositors number 52,900,000, nearly two for every family.

There is \$700,000,000 more currency in circulation than during the boom about three years ago. Last year over \$16,500,000,000 worth of new life insurance was written.

United States has a stock of over \$4,000,000,000 in gold, more than any other country ever possessed.

There are 25,800,000 automobiles owned by Americans.

Over 50 per cent of the farms in the United States are absolutely free of debt.

Our national wealth is rated at \$330,000,000,000.

There are seven persons employed for every person unemployed.

The income of the American people is over \$1,000,000,000 a week.

Our so-called national luxury bill is still up in the billions a year.

What is needed most is confidence, courage and a willingness to go ahead.

More log cabins were built in 1932 than in any other year since Abe Lincoln's day, says an exchange, according to the best available information, but that doesn't mean that the standard of living has suffered a setback to the extent that would indicate, which is the conclusion the outside world would jump to if it reads that statement. No doubt necessity was the builder of a few of these cabins.

The wilds of the gold states are overrun with prospectors with nothing else to do, and some of them, no doubt, have reverted to the primitive home of logs and mud. But the bulk of the 1932 vintage of log cabins are the summer playhouses of urbanites who like to return to nature on hot nights, summer week ends and holidays. Nor did many of them hew their logs with their own hands. The log cabin has become a type of construction in wide demand for fishing and hunting camps wherever timber is cheap and available. Once upon a time presidents were born in log cabins. Now they spend their summer holidays in them. Either way it is good for them; this getting back to nature and out in the great outdoors. There are less healthful places in which to

lay one's head and break one's bread.

The bill to give the Philippines freedom after ten years has passed both houses of congress over the President's veto and by decisive majorities. Politics was put aside and Republicans and Democrats joined in taking this action which has been postponed for a number of years. Evidently most folks think if they are not ready now they ought to be able to get fairly well prepared in ten years if they ever will.

A bill has been introduced to reduce gasoline taxes from four cents to three and there are numerous other measure designed to make it easier to keep going. Fine, but please remember that some how we must keep the schools going, the charitable and correctional institutions up to standard, meet our debts and otherwise spend some money. Getting sufficient to do that from the beer and race bills may be somewhat doubtful.

Greece has granted Mr. Insull an extension of time that he can remain there until next January. In the meantime he may get something started that will want them to permit him to finish. One thing is sure, he doesn't care to return to the U. S. A.

Mr. Roosevelt is in favor of restricting the farm relief to cotton and wheat for the present and that may be wise. If its the right thing, it can be enlarged upon and if it doesn't prove satisfactory it won't hurt so much.

Only a dozen more days in which to secure your 1933 license plates or else put old Lizzie away. According to orders from state headquarters, there will be no further extension of time for taking out new licenses for your automobile.

Pay your subscription now. The time is slipping by and our big sixty-day special offer will be over soon. You want the paper during these days when so much is happening and when every one is anxiously looking for better days.

The cold wave may have been a little slow in arriving but it will be sufficient when it comes to make up for any lost time.

The Wisconsin girl who has been sneezing for five days probably has a genuine case of Indiana flu.

TWENTY YEARS AGO TODAY

From the Daily Democrat File

January 18, 1913.—C. E. Hocker, deputy post master, undergoes slight operation.

CHURCH REVIVALS

M. E. CHURCH

Special meetings are being held this week at the First M. E. Church in this city under the direction of the pastor, Rev. B. H. Franklin, assisted by his brother, the Rev. E. E. Franklin, pastor of the Normal City Methodist Church in Muncie, Indiana.

Services are being held at two-thirty o'clock in the afternoon and at seven o'clock in the evening. Large crowds have been in attendance at all services and a fine spirit is being manifested. Music has been made a fine part of the services under the direction of the pastor assisted by the choir, under the direction of Mrs. Dan Tyndall.

The sermons are delivered by Rev. E. E. Franklin and on Tuesday evening he spoke on the theme, "The Land We Want to Possess." He portrayed the unexcelled leadership of Moses in leading the children of Israel from Egypt to the borders of Canaan and showed that the two greatest attributes in the life of Moses were Confidence and Faith. As the Israelites approached the land of Canaan, spies were sent to inspect the land. Ten declared the land could not be taken and two reported favorably. Because of the lack of faith of the ten the Israelites were detained for forty years. Because of the faith of the two God fought their battles for them. Thus the "Land Ahead" becomes a challenge to us, not only to the unsaved but to the church. It should be a Land of Hope, a Land of Grace. We can go out and possess it. We can move out by steps of grace. We may see "Giants and Difficulties," but righteousness involves effort.

Sin moves along lines of least resistance. All we need to do to lose out is to do nothing. Men do not sin because they hate God but because it requires less effort.

The ten men allowed fear to master them and therefore declared that they could not take the land of Canaan. Man is not to be condemned because of fear but because he does nothing to overcome it. It is heroic to rise up against fear and overcome it. He that doeth it will find Jesus standing by his side as Moses found God at his side. Jesus understands. He found Calvary. He will smile upon us if we move forward. There is a goal for the church. Let us press forward and possess the Land. Before Jericho the Israelites had only God and he was sufficient. So with us today we must turn to God for deliverance. Let us do it today and possess the Land. Only thus can we bring out the best that is in us and measure up to the standard required in God's kingdom.

Order Is Denied

Sofia, Jan. 18.—(U.P.)—Reports that the vatican had ordered the ex-communication of Queen Joanna of Bulgaria because her infant, Princess Maria Louise, was christened in the Greek Orthodox faith were denied today by the papal nuncio, Mgr. Roncalli.

No such measure is to be expected, the nuncio said. The pope protested to the foreign ministry that King Boris had agreed to christen his children in the Catholic faith after the pope granted special dispensation for his marriage to Princess Giovanna of Italy, a Catholic.

Household Scrapbook —By— ROBERTA LEE

Mustard Plasters
Mustard plasters will not blister and the result will be better if the paste is mixed with the white of an egg, or with warm camphorated oil instead of hot water.

Galvanized Tray
After the galvanized tray under the burners of the gas range has become unsightly, discard it and by one of white enamel. It is not expensive.

Cake Icing
To make a delicious cake icing, use one and one half cups of confectioner's sugar, with enough cream to spread. Flavor with vanilla.

DEMOCRATIC HOUSE LEADERS VOICE OPPOSITION

CONTINUED FROM PAGE ONE
ed converting high rate liberty bonds to lower interest bonds.

These are large faraway figures to the average person. They will, however, come home with sharp impact on those who make out income tax returns between now and March 15 and discover that while their earnings have dropped their taxes have multiplied.

In his message, Mr. Hoover set three essentials:
1. Maximum economies urged in his budget message should be adhered to by congress.

2. No new authorizations or appropriations should be made.

3. Even appropriations recommended should be cut at every possible point.

"I regret to say that the same forces are at work which thwarted the savings of several hundred

millions we sought to effect at the last session of congress," Mr. Hoover said.
He added that in appropriation bills already acted upon by the house, an appearance of saving had been made but that actually the amounts ran \$35,000,000 more than budget recommendations.

Democrats immediately accused Mr. Hoover of misrepresenting the facts. Chairman Byrns of the appropriations committee told the house that five appropriation bills had been cut \$62,735,000 more than Mr. Hoover asked last December.

"Instead of spreading it over a few scores of commodities and services at irregular rates which cause discrimination and hardship between industries," Mr. Hoover

said, "It would seem the case of good statesmanship to lay such a tax generally at a low upon all manufacturers except on food and cheaper grades clothing, and thereby give the eral government a stable income during the period of depression."

IF YOU LOVE MOTHER THEN TELL HER

Mrs. M. Batdorf, 87 years still goes to parties and has good time. She eats and well, thanks to Vinol (iron tonic) Vinol gives old folks new Smith Drug Company.

Dance Every Wednesday night K. of C. Hall, Decatur, Ind.
