The old town clock got tired and quit yesterday and we can't blame it much. Any thing or any body that just keeps turning around and getting no place is sure to tire out eventually.

"Ma" Ferguson, governor of Texas has named two women as lieutenant colonels on her staff, which may be alright for state functions but not very safe material to order to the mice filled trenches.

One of the features in the Daily Democrat that is providing interesting moments for our readers are the serial stories. One of the best yet published will begin on the 21st, "The Challenge of Love," by Warwick Deeping. Don't miss it.

The French budget for 1933 just reported to parliament does not contain any item for paying this county the war debts, already in default. Evidently they are going to pass it up for good, but some day they may see the error of their way and reconsider the repudiation of so great a favor as was the loan to them when it was made.

Congressman McFadden, Pennsylvania Republican, is still trying to embarrass the President by offering a resolution for impeachment. His second attempt has been beaten with but twelve votes in favor of the action, which is a dozen more than there should be. One good thing about it is that he won't have much longer to work his radical game. Such action does not help in these serious times.

The sooner we quit expecting the government to lift us out of the depression and get busy ourselves, each community doing all they can to restore confidence and provide employment, the sooner we will be happy again. With more money in the saving banks, with greater circulation of cash, with so many things to be done for improvement, if we ever get started, we will soon be back on the straight road to prosperity.

The appointment of Rev. Father Joseph Seimetz, of Chesterton, Indiana, to be pastor of St. Mary's church in this city, succeeding his uncle, the late Rev. Father J. A. Seimetz, will please our people. He has visited here frequently and is known by many as an able and capable man. Full of energy and

HOW MODERN
WOMEN LOSE
FAT SAFELYGain Physical Vigor—Youthfulness
With Clear Skin and Vivacious
Eyes That Sparkle with
Glorious Health

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast—cut down on pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 4 weeks get on the scales and note how many pounds of fat have vanished.

Get a bottle of Kruschen Salts—the cost is trifling and it lasts 4 weeks. If even this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned.

But be sure for your health's sake that you ask for and get Kruschen Salts. Get them at any drug store in the world.

with pleasing personality, he will immediately assume an important place in this community. We extend to him on behalf of the citizens here a sincere welcome and assure him the glad hand of hospitality upon his arrival. He will begin his duties here the 27th of this month.

Subscription renewals to the Daily Democrat are coming in faster than usual this year and we are more than pleased with the splendid cooperation thus being given. We want to continue as a daily paper and we can only do that as you support us. After all you can't afford to do without your home paper when you can get it for less than a penny a day by mail. And this year it is even more important than ever, for you will be interested in the great come-back this community, state and nation are going to make.

Using American made goods is a fine thing for every one to do and the only addition we would make would be to as much as possible use community made goods and Indiana made articles. Just now we are all hoping for a culmination of the sale of the sugar factory and its operation. It will help greatly if that happens if every housewife would ask for beet sugar. Experts declare they can not tell any difference between beet and cane sugar. There is certainly no reason why we should not help this institution to operate, employ labor and pay the farmers for an additional crop. Co-operation is needed the next few years. Trade at home and help one another.

One day not long ago four bandits held up a little bank in Kaleva, Michigan, killed the cashier and escaped with some \$2,000. Exactly five days later three of the four were entering Marquette penitentiary to begin sentences. The fourth, with a bullet in his body, was recovering under guard in a Michigan hospital, and a life sentence was waiting for him as soon as he got well. It would be hard to find a more striking example of speedy justice. Part of it, perhaps, may be due to Michigan's efficient state police force. It is even possible that part may be due to the fact that Michigan, having no capital punishment law, does not have such trouble getting murderers to plead guilty once they are caught. But whatever the explanation, the episode reflects great credit on Michigan's method of handling crime.—Kokomo Tribune.

Tobacco Odor

A room will not smell of tobacco smoke if a lump of crystal ammonia is put in a jar with three or four drops of oil of lavender. Add a few tablespoonfuls of boiling water and let the jar stand uncovered in the room.

Varnish Stains

Varnish stains can be removed from fabrics by saturating with turpentine, rubbing between the hands and then sponging with alcohol or chloroform.

Cereals

Left-over cereals are excellent when used with cooked tomatoes or creamed vegetables. Cover with grated cheese and bake.

The Farm Bureau produce plant will be open Saturday evenings to receive eggs and poultry.

CHURCH REVIVALS

Evangelical Church

Rev. J. H. Arndt preached another forceful sermon at the First Evangelical church, last night, based upon the most familiar Bible verse, John 3:16.

Love is indefinable. Love moved the mighty God to give. When man's love responds to God's love, salvation and happiness are the result.

Rev. Arndt will preach at 7:00 o'clock tonight and Friday night. There will be no services on Saturday.

M. E. Church

The Wednesday crowd at the First M. E. Church was a typical "Rainy Night" audience. Small but sincerely devotional. Every one present seemed to thoroughly enjoy the service.

The song service under the direction of the pastor, Rev. B. H. Franklin began at seven o'clock and was inspirational. Mrs. Dan Tyndall sang a beautiful solo accompanied by the organ by Miss Helen Haulbold. Announcement was made that the services would continue each evening this week excepting Saturday, closing Sunday evening. If you have not been in these meetings you have missed a great opportunity.

The sermon of the evening was given by Rev. E. E. Franklin of Muncie who is doing the preaching this week. He read from the third chapter of Revelations and used as a basis for his sermon the twentieth verse; "Behold, I stand at the door and knock; if any man hear my voice and open the door I will come into him, and will sup with him, and he with me."

He said in part: "Man is the sovereign of his own will. Jesus stands at the door and knocks. The latch string is on the inside. Man stands in the present of God wholly responsible as to whether or not the door is to be opened. If the latch string were on the outside, the devil could open the door as well as the man."

Dr. Boyer Greets Hoosier Friends On
50th Anniversary Of Health Board

Editor's Note—Dr. Boyers, a former Decatur resident, moved to Tucson, Arizona, a few years ago. He served as a member of the state board of health from 1911 to 1919. The following article was published in the January issue of the Indiana State Board of Health Bulletin:

A Greeting from Doctor Boyers

I take great pleasure in sending greetings and hearty congratulations to the people of Indiana on the commemoration this year of the fiftieth anniversary of the inauguration of the Indiana State Board of Health. This Board of Health has become second to none in the United States. Its influence for good in instructing the people how to live in order to acquire the best of all assets—HEALTH—is almost unbounded. Yet it is too frequently overlooked that the progress and efficiency of the State Board of Health is commensurate only with the amount of funds appropriated for its use.

The slogan of the Indiana State Board of Health has always been "Make and Keep the People of Indiana Clean Inside and Out" and thus insure that every child born in the State shall have a clean and healthy parental record.

I have been rather intimately acquainted with the work of the State Board of Health in all its departments for more than twenty years, having served as a member of the board for eight years, 1911 to 1919, under Governor Thomas R. Marshall, Governor Samuel M. Ralston and Governor James P. Goodrich. As in all public work, the sailing has not always been entirely calm. Dr. John N. Hurty was state health commissioner and executive secretary of the board for more than twenty-six years, 1896-1922, and wore himself out prematurely in that capacity. He has passed to his reward with the world much better by his having lived in it. I was told by no less authority than Dr. William H. Welch of

Lord. He that is without friends is in a bad way. But he that has as Jesus as a friend is indeed desolate. If we open wide the door to wealth to social standing or to any other form of worldly interest, we crowd out God. Many, because of that, have no time for God or His church. These things will rob one of his peace with God. It keeps the Jesus on the outside. Some open the door to education and close it to religion. The result is a trained mind and a dwarfed soul. We have become so materialistically minded that we fail to see God's hand in our every day life. Possibly when times again become normal, we will recognize God's hand in it all.

Something must happen to us to show us that gold is not all that of value in this world. If you have opened your heart door to God, you have gold that cannot be destroyed. When this old world has been burned to cinders, your gold will glitter as the noon day sun and will buy you your reward in Heaven. God not only calls us through the church but all nature seems to point to a hand, guided by an intellectual brain, backed by a heart of love that is beckoning to our heart's door. He calls us in sickness and in danger, in accident and trouble. Open your heart's door and Jesus will enter and will sup with you and you with Him."

James S. Boyers, M. D.

Johns Hopkins University, Baltimore, Maryland, while we were attending a national health meeting in Washington, D. C., that Dr. Hurty at that time was the best state health commissioner in the United States.

I am informed that many of the "old guard" have passed on. They have done their work well. May their souls rest in peace. One of them was Dr. T. Henry Davis, a polished gentleman, a physician of the highest type, a loyal citizen and public official and a man among men. He slipped away from us in March, 1932, at the age of ninety-five. It was largely through his influence that Dr. Hurty was brought into the Indiana State Board of Health and Dr. Hurty in turn planned for his successor, the present state health commissioner, Dr. William F. King, who trained with Dr. Hurty as assistant secretary from 1911 to 1922.

I will take it as a great favor, Dr. King, if you will extend to the present Indiana State Board of Health and to your co-workers in the department my compliments and very best wishes.
