BOOK PILLS FOR 30 YEARS, THEN CEREAL BROUGHT RELIEF

Forsythe Endorses ALL-BRAN for Constipation

If you suffer from headaches, loss of appetite and energy or any of the frequent effects of constipation, read this voluntary letter:

"After taking pills and tablets about thirty years for constipation, I started to take your ALL-BRAN three times a day according to directions. Today I can eat, and that is binding, and I feel fine."—Mr. Ed. Forsythe, Box 219, Youngstown, N. Y.

Science says ALL-BRAN provides "A" to exercise the intestines, vitamin B to further aid regularity. In addition, ALL-BRAN is in blood-building iron.

The "bulk" in ALL-BRAN is much that of leafy vegetables. Inside body, it forms a soft mass which easily clears the intestines of waste.

Isn't this pleasant "cereal way" more healthful than using patent medicines—so often, habit-forming?

Just eat two tablespoonfuls daily. Serious cases use with each meal. Get relieved this way, see your doctor.

Get the red-and-green package at all grocers. Made by Kellogg in Battle Creek.

Mrs. Walter Miller told the story of Beethoven's life, and Miss Lulu Gerber played the piano selection, "Spring Night" by Schumann-Liszt. Mrs. Henry Neireiter sang "Calm as the Night," by Brahms, and "Hark, Hark, the Lark," by Schubert. She gave an interesting account of the lives of each of the composers. Mrs. L. A. SPLendid PAPER READ AT CLUB MEETING

The members of the Research Club met at the home of Mrs. J. T. Merryman Monday afternoon. Mrs. Fred Fruchte read an interesting paper on "Famous Hebrews of the United States" written by Mrs. C. L. Laman, who was to have been the leader for the afternoon.

If the history of the Jews is studied intensively a person would acquire a fair knowledge of the history of every nation of importance on the face of the earth wherever the white race predominates.

So in the great American panorama one sees the sons of Abraham filling places of responsibility and trust. Mrs. Laman gave biographies of Judge Brandeis who was appointed to the United States Supreme Court in 1916 by President Wilson; Julius Rosenwald, noted philanthropist who once said "Charity is the one pleasure which never wears out."

Short sketches of the lives of Joseph Goldberger, who entered the public health service, and Jasche Heifetz, the great musician and master violinist, were given. As a subtitle, Mrs. Lewton told of the "Psychology of the Jews." Mrs. W. Guy Brown will be the hostess to the club next Monday afternoon.

NEW OFFICERS INSTALLED AT MEETING

The officers of the Eureka Temple of the Pythian Sisters Lodge entertained the members of the organization with a dinner in the Knights of Pythias Home, Monday night.

were of the lodge colors, red, white, blue and yellow. A delicious supper was served in two courses.

MAKE PLANS FOR DEBT REVISION CONFERENCES

CONTINUED FROM PAGE ONE

Reduction of the war debts is expected to pave the way for ratification of the Lausanne agreement by the reparations receiving powers. They conditioned their ratification on making a satisfactory adjustment of their war debts to the United States.

Early in March, it is expected, delegations from Europe will be speeding across the Atlantic to Washington. Inasmuch as the more powerful debtors probably will discuss economic questions as well as war debts, the negotiations here will take on the semblance of a preliminary economic conference to prepare for that to be held later in London.

However, the debt discussions here will be with individual debtors and they will not meet jointly. President-elect Roosevelt has made clear that he views debt adjustments should be discussed in this manner, and not at an international conference between all debtors and this country.

There has been considerable speculation about the world conference being transferred from London here. State department officials however, insist that there is no disposition among themselves or their European conferees to change the meeting place. Mr. Roosevelt has not stated his attitude on this question.

War debt negotiations, unlike those of 1923-25, are expected to be conducted on the trading principle. That is, the United States hopes to get economic concessions for its sacrifices on war debts. Roosevelt, during the recent campaign, favored a bargaining tariff, as contrasted with the most favored nation type approved by the present administration.

BATTLE ENTERS ITS FIFTH DAY

CONTINUED FROM PAGE ONE

Following the capture of forts Corrales, Mariscal, and Lopez, the Bolivian army is facing the Paraguayan army parallel with the Pilcomayo river. The recent Bolivian offensive began Friday and the gains made were completely in accord with a carefully studied plan. Replying to fantastic Paraguayan reports, our high command replies 'estamos bien' (we are well.)

Equally optimistic Paraguayan reports from Asuncion made it difficult to tell who was winning. Several Bolivian attacks were repulsed in the Nanawa sector, the Paraguayan military reported, and the Bolivians were forced back on the Corrales and Herrera fronts. A communist described heavy Bolivian losses during a disorderly retreat.

The Bolivian losses in the present battle were estimated at approximately 2,000 killed, including many officers. Paraguayan losses were described as "slight."

There are other good cigarettes, of course.

TO TELL you that Chesterfield is the only good cigarette... that the makers of Chesterfield Cigarettes are the only ones who can buy good tobaccos and manufacture cigarettes scientifically... would be nothing short of foolish.

For all tobacco is sold in open auctions—where anyone can buy if he will pay the price. Even the machines on which different cigarettes are made are alike.

This much, however, is true: By using the right kinds of Turkish and Domestic tobaccos in just the right proportions... by blending and cross-blending them together in the most careful way... we make Chesterfield what smokers say it is... a cigarette that's milder, that tastes better. Just try them.
