

# WORKER'S FIGHT IS CONTINUED

(CONTINUED FROM PAGE ONE)

Several thousand miners returned to work today after a year's strike. They protested against failure of operators of "active" mines to sign union agreements.

The New York strike was of the teamsters and helpers. Bread deliveries were immediately effected.

The National Electrical Manufacturers Association issued a statement condemning the "unjust and illegal encroachment" of labor unions against its members.

Convention Opens  
Washington, Oct. 2 — (U.P.) — Complete unionization of American workers and an active opposition to monetary inflation were demanded by President William Green in a vigorous speech today at the opening session of the 53rd annual convention of the American Federation of Labor.

The federation president made one of the most forceful addresses of his career. He pleaded for a militant labor outlook and declared that success of the national industrial recovery act depended upon adoption of uniform 30 hour week and higher wages throughout the industry.

Green said that "nothing is going to stop" American workers from rallying under the banner of the federation to take advantage of the "new deal." He paid tribute to the patience and patriotism of the American worker and said this would continue until success had been reached.

"Millions have waited patiently for the turn of the tide," he said. "These workers will not now be denied the realization of that better day and that better time."

Regarding inflation, Green said: "We know that when the dollar is cheapened commodity prices rise but wages remain the same. In my judgment labor will stand

unflinchingly against inflation until labor is assured that it will get enough more cheap dollars to compensate for the increased prices."

**VETERANS GIVE GREAT OVATION TO PRESIDENT**  
(CONTINUED FROM PAGE ONE)  
A mighty roar went up as Mr. Roosevelt concluded his speech with an appeal for the legion's aid in helping the nation on the road to economic recovery.

Just before leaving President Roosevelt presented to National Commander Johnson an American flag on behalf of the women of Clarksburg, West Virginia.

**Speaks Boldly**  
The non-combatant war veteran must take his chances with other citizens in earning a living, President Roosevelt declared today in a straight-from-the-shoulder speech carrying his economy fight before 30,000 members of the American Legion.

Mr. Roosevelt spoke boldly in his crucial address before the legion convention which had potentialities of either winning the veterans wholeheartedly or arousing revolt against the President's drastic compensation cuts.

He laid down three principles in dealing with the veterans and declared that his policy of financial retrenchment was imperative if the country is to thrive.

His principles were:

1. Governmental responsibility for those who suffered injury or disease in the war.
2. No special class of beneficiaries, over and above all other citizens.
3. Federal aid for non-connected service disability cases but only when all other agencies fail.

"The fact of wearing a uniform does not mean that he (the veteran) can demand and receive from his government a benefit which no other citizen receives," the President declared. "It does not mean that because a person served in the defense of his country, performed a basis obligation of citizenship, he should receive a pension from his government because of the disability incurred after his service had terminated, and not connected with that service."

**DR. BOYERS DIES SUNDAY IN SAN DIEGO**  
(CONTINUED FROM PAGE ONE)  
of the Indiana state board of health. In 1929 he gave up his practice and left Decatur for California and had settled in San Diego. Although both he and Mrs. Boyers found time to divide their time with their children, Dr. Luther M. Boyers of Berkeley, and Mrs. William R. Matthews of Tucson, Arizona. His daughter, Mrs. Matthews, joined her mother here today arriving by airplane from Tucson.

Funeral services will be held Wednesday. Although not definitely determined it is probable that Dr. Boyers' wishes will be followed by having his body cremated and the ashes scattered on the ocean. Dr. Boyers was a thirty second degree Mason and a life long Methodist.

**Shock To Friends**  
News of Dr. Boyers' death came as a shock to his many friends in this city. Last July Dr. and Mrs. Boyers visited in Decatur, spending several weeks here with old friends. It was their first visit back home since leaving for the

# Setting New High for Love

Here are the principals in the \$4,000,000 alienation of affections suit, now being tried at New York. Left, Mrs. Ruth Erlanger Nathan, heiress (right) with stealing the love of Allison Stern, plaintiff's husband (left). Alfred Nathan, Jr., the defendant's ex-husband (right), holds a watching brief. He is a friend of Stern's.

**Known Over State**  
Dr. Boyers was known as one of the leading physicians in Indiana. Recognition of his ability as a physician came to him in 1911 when former Governor Thomas R. Marshall appointed him a member of the state board of health. He served eight years on the state board, being re-appointed by former Governor Samuel Ralston and former Governor James P. Goodrich.

He enjoyed a wide practice here, although in later years he confined his work to his office. He was consulted in nearly every important case which the medical profession here had under consideration. He resided for many years at the corner of Monroe and Third streets.

**EARTH TREMBLOR IS FELT TODAY IN CALIFORNIA**  
(CONTINUED FROM PAGE ONE)  
the California Institute of Technology Seismological department, said:

"The tremor was moderately strong but not likely to have been serious. It was by no means as severe as the shock last March. No reports on the location of the center of the quake will be available until tomorrow when reports from the various seismological stations are received."

Cities that felt the tremor in varying degrees included Ventura, Long Beach, Santa Barbara, Huntington Park, Colton, Riverside, San Bernardino, Compton, Inglewood, Pasadena and a score of others.

It was a side wall of the condemned city jail that fell, Georgia street receiving hospital reported treating three persons for minor injuries. They included Louis Montay, 26, who leaped from a downtown hotel window. He suffered cuts on both arms. Mrs. Charlotte Wilson, 25, received severe cuts about the feet when she leaped from bed into the debris resulting from a broken window. Helen Apodca, 23, was rushed to the hospital when she fainted from shock.

(CONTINUED FROM PAGE ONE)  
five men in an automobile near French Lick Saturday night. Her automobile caught fire and was destroyed when she ran it into a ditch to avoid the men, she said. The report was not made until this morning.

Sheriff Fred Stottlemeyer, Hancock county, reported today two men slept in a barn near Wilkinson last night and disappeared in a thicket early this morning. State patrolmen were sent to investigate.

The state police search for the fugitives, who shot and slugged

# MAN IS KILLED DURING BATTLE AT CUBAN HOTEL

(CONTINUED FROM PAGE ONE)

6:45 there was heavy rifle and machine gun fire.

By 7 o'clock the enlisted men were firing on the hotel with two three inch field guns placed along the Malecon and the gunboat Patria, which steamed to the waterfront facing the hotel, was preparing to go into action.

As this correspondent arrived at the scene ambulances began clanging up to the soldiers' lines and wounded men were evacuated. Most had head wounds.

A circuit of the battle scene by automobile revealed that the soldiers, reinforced by sailors ashore, had encircled the building and, taking advantage of all cover, were firing rapidly.

The officers, heavily armed with machine guns, rifles, and pistols, replied briskly.

The officers moved into the National hotel September 8, after Ramon Grau San Martin was put in power by a revolt of students and enlisted men, ousting the officers.

American Ambassador Sumner Welles and other guests moved from the hotel. The government placed a heavy guard.

Four American officials of the hotel left at 10 p. m. yesterday. It was learned, and were safe at the Hotel Presidente.

**Warns Americans**  
Washington, Oct. 2 — (U.P.) — Secretary of State Hull issued an implied warning to American citizens in Cuba today to avoid placing themselves in position of danger where they might be injured during civil strife in the island.

**Old Dry Ballots Found**  
VANCOUVER, B. C. (U.P.) — When the Clark County auditor was rummaging in the courthouse basement for additional ballot boxes to be used in the recent re- peal election, he found some containing votes cast in 1914, when the county and the state ratified prohibition.

**Grid Team Benedicks**  
FAYETTEVILLE, Ark. (U.P.) — Four members, including the cap-

**Pierrot is the Life of the Party**  
"Gentlemen prefer Pierrot" because his costume has all the comfort of a favorite pair of pajamas—no tights, no armor, no Colonial knee breeches! Yet Pierrot's dashing costume makes a colorful addition to any Halloween party, and a perfect foil for a dainty Pierrotte.

The suit was made of dark red satin and trimmed with white pompons, but black or any dark shade of satin, sateen or cambric is equally effective. Striking contrasts which complement Pierrot's outfit, such as a dark purple hat and trousers, and a gold coat, are sure to win the prize for the most attractive costume.

Turn-back cuffs and a ruff are easy-to-make details of the coat, while the trousers are of simple, regulation cut. The pointed hat is included. Size 40 requires 6 1/2 yards 36-inch material, 9 yard 36-inch extra for ruching.

Pattern No. 5193 is designed for sizes 32, 36, 40 and 44.

# AN OIL HEATER

THAT'S NEW ——— DIFFERENT And Very Much Better

YOU DON'T have to "Hug the Stove" with this heater. It heats an entire large room, corners and all, not just the area right around it.

Whether turned up high or down low, it neither smokes or smells.

It is beautifully designed and finished — good looking—compact—small enough and light enough to be easily moved around, if you wish.

Positively safe, of course. Doesn't need frequent refilling—and, very important, it costs little to operate.

One filling averages 8 1/2 hours by actual store test to the gallon with both burners on full.

SEE THIS NEW-DAY HEATER PRICE IT—YOU'LL WANT ONE AT ONCE.
