Want to sell? Advertise it? That's the way to let the people know that you have what they want.

Put on your old gray bonnet or something else and get into the Calhumpian parade Halloween. It's going to be lots of fun and you may win one of the prizes.

Plan to pay your state income tax by the 15th. Its important because upon the receipts from this fund, depend the refunds for school purposes.

Ask for Crystal White sugar, sparkling granulated. Its the finest made and its manufactured here in Decatur, the only plant of its kind in Indiana. Boost home products.

Sparkling Crystal White. That's the name of the sugar made in Decatur out of beets raised in Adams county and nearby territory. Ask for it, on the market Saturday.

There's wine in the air this season of the year and you don't have to even inquire as to whether or not its 3.2. Its the one drink thats intoxicating but doesn't harden the arteries.

Florida is number thirty-three in the list of states as they have voted for repeal of the eighteenth amendment. The time for repeal is near it seems and such men as John D. Rockefeller, Jr., are urging stiff regulations for the sale of hard liquors.

Mrs. Jenckes, congresswoman of Terre Haute, believes that Rome wasn't built in a day and she is keeping right at the job of securing the \$18,000,000 allocated by the government to improve the Wabash river through Indiana. And every one in Hoosierdom hopes she will win her tough battle.

Governor McNutt and State Chairman Peters both claim a victory in the controversy as to who will handle and control the fund now being raised from state employees and why not? For the good of the party the result should have been an agreement and that's what happened.

The unemployed have the sympathies of every one and they of course have all the rights of citizenship but that doesn't include any special privileges to get rough or unruly. Tiny Yeager, a leader of the unemployed in Fort Wayne has been fined fifty dollars and sent to jail thirty days for disorderly conduct, after a run-in with Trustee Fox.

Ever stop to think that the best way to help your community is to use goods made here? That employs labor and helps in other ways. Use General Electric motors, Cloverleaf Butter, local cigars, Crystal White Sugar and other articles made in Decatur and Adams county. That's sure to react to your advantage.

Check off Gas Winkler, public

enemy No. 1, since Al Capone left Chicago. His pals sent him "over the river" by planting seventy-seven machine gun slugs in his body because he was going to tell what he knew about the big mail robbery. "X" marks the spot he fell. That and a gangster's funeral is about all these fellows have to look forward to.

Those complaining about taxes in Indiana should get the facts before they make wild statements. In 1931 the taxes raised by the state of Indiana was over eight million dollars. Next year the amount thus raised will be less than two million, a saving of three-fourths, which ought to be a sufficient saving to please the most radical member of the Tax Payer's Association.

The saving in disbursements in Indiana for the month of September, was \$4,837,593.50, as compared to the same month last year. Isn't that what you want? Don't be side-tracked by petty things, dug up by the politicians to make you think your state government is not keeping promises. Governor McNutt and his state officials are trying their best to serve the people economically and wisely. Its easy to find fault with any one in office. Every body kind of likes to join in that. But is it wise? You are just coming out of a difficult hole. Don't get in your way.

Don't let us delay on the right-of-ways for 527. If it isn't included in the letting early in November—and it won't be unless the easements are secured—no one can tell just when it will come up. We should certainly take no chances. Every one we have talked to wants the new pavement and now is the time to clinch it. We can all afford to give whatever time is necessary to get this job finished the next week. A ten days notice prior to the letting is necessary and unless we get in that, we will be out of luck.

**Tired Feet**  
To relieve tired, aching, or burning feet, place boracic acid into the stockings. This at the same time acts as a deodorant.

**Parsley**  
Put the sprigs of parsley in a jar with screw top, keep in the refrigerator, and it will keep nice and fresh for many days.

**Grease Spots**  
Grease spots should be removed from a rug immediately after they are discovered. Cover the spot with blotting paper and apply a hot iron. Then cover with magnesia, let remain about twenty-four hours and brush off.

**Church of God**  
A good, interested crowd of people heard Rev. Bright's message last night at the Church of God.

Tonight Rev. Bright will preach on the subject "Plain facts about the Judgment". Everyone is interested in this subject, or should be, for all are going to be present on that day. Hear this message tonight. A new chorus will be taught tonight, too.

Tomorrow night the subject of the message will be "The Man by the side of the Road."

Come to these services. A cordial invitation is extended to all, a hearty welcome awaits you.

## PROBE CAUSE OF FATAL ACCIDENT

(CONTINUED FROM PAGE ONE)

Officials, operators of the ill-fated ship, said there was no indication of what caused the explosion.

One theory expressed privately by several pilots was that a leak in the gasoline tank had filled the cabin with gasoline fumes and that the explosion occurred when someone lighted a cigarette.

Bodies of five of those killed were found badly burned in the

Burris, passengers, were found a short distance from the plane. They either had jumped or had been thrown from the plane by the explosion.

## George Dale Denied Trial Rehearing

Chicago, Oct. 12.—(U.P.)—The U. S. circuit court of appeals today denied an appeal for a rehearing of the liquor conspiracy case in which former Mayor George Dale and Chief of Police Frank Massey of Muncie were convicted.

## OBITUARY

Zelda Rose Pettit, daughter of Doyl L. Pettit and Marie F. Pettit was born in Decatur, Indiana on February 27th, 1929 and passed from life October 6th, 1933.

Zelda Rose lived her entire life here in Decatur and at Monmouth, except for the two months she lived with her parents in Denver, Colorado where death claimed her.

Zelda Rose was an unusual child. Her mind was developed far beyond her tender years. Her little mind was deeply concerned with spiritual things. When her little life was approaching the portals of life-eternal, she faced lifes "Journneys-end" with a prayer on her lips. Her earthly form now sleeps in a little casket fashioned and made beautiful by earthly hands; but her baby soul is forever alive to be glad, and to make glad the presence of her everlasting Father.

Beside a host of others, she leaves to mourn her parents, her great-grandparents, Mr. and Mrs. J. W. Watts of Monmouth, and her grand-parents, Mr. and Mrs. Marhenke of Fort Wayne.

We need love's tender lessons taught.

As only weakness can; God hath His small interpreters; The child must teach the man. Of such thy kingdom. Teach thou us

## A Big Time For All

Tell every member you see and help make this the best meeting ever held here.

O Master most divine,  
To feel the deep significance,  
Of these wise words of Thine.

The haughty eye shall seek in vain  
What innocence beholds;  
No cunning finds the key to heaven  
No strength its gate unfolds.

Alone to guilelessness and love  
This gate shall open fall;  
The mind of pride is nothingness,  
The childlike heart is all.

## Restaurant Men War On Price Cuts

Indianapolis, Oct. 12.—(U.P.)—Price cutting by Indiana restaurants operating under the NRA was protested by the Indiana State Restaurant Association today in a direct appeal to President Roosevelt.

Immediate action to curb the price cutting was suggested, indicating that the practice is growing steadily.

"We have tried repeatedly to get assistance," explained W. S. Aiken, Indianapolis, secretary of the association, "but we never have received any satisfaction."

"The chiselers are so numerous that those who attempt to meet their prices must operate at a loss to do so."

## Teaspoons Are Taken From Woman's Stomach

Central Islip, N. Y., Oct. 12.—(U.P.)—A successful operation in which 48 tea spoons and six other foreign particles were removed from a woman's stomach was revealed today. The patient was an inmate of the Central Islip Hospital for the Insane.

The woman complained of severe stomach pains several days ago. An X-ray was taken, showing the spoons neatly stacked in the stomach. Two bolts with nuts, a large

screw, a needle, a pencil and piece of glass also was observed. The operation was performed by Dr. E. Raymond Hildreth, of Shore, L. I., surgeon.

Mrs. Turkey Went NRA GRIDLEY, Cal. (U.P.)—It was the NRA stepped in and shortened Mrs. Turkey's hours. When Mrs. J. G. Wade missed her prize turkey she worried—then went to the NRA. She found the turkey on three eggs, saw them hatched. The hen turkey apparently strolled off at the 5 o'clock

## We Can Make Your House A Home

We aren't carpenters, but we can make your home a real home, not merely the four walls of a house.

We aren't magicians either. So many times a chair or a lamp will work wonders with a room's appearance, but of all the things that can change the appearance of a room and therefore a home, is a fine rug.

Now fine rugs do not necessarily mean expensive rugs, for the finest oriental patterns may be bought at our store for as low as \$19.95.
