Use Decatur made products,
bread and butter, cigars, motors,
sugar and all the things made here.
That helps to keep labor employed
and business in general.

Don't think we can daily about
securing right-of-ways on the
proposed highway improvements. Just
now the money for this work is
obtainable. How long that will con-
tinue no one seems to know.

The Calithumpian parade on Hal-
lowe'en is a go. The money has
been raised and arrangements are
being completed. You can have a
lot of innocent fun by joining in
the good time here on the night of
the 31st.

You can still make a wise in-
vestment by buying property, city
or rural. Just make a note of
prices today and compare it a year
from now and see if you are not
convinced that you missed another
good opportunity.

Senator David Reed of Pennsyl-
vania has joined Jim Watson, for-
mer senator from Indiana, in "cus-
sing out" the administration. Sure-
ly there can't be any politics in
what these veterans say. The only
trouble with these boys is that
they want to be the power in what-
ever is going on.

The persistency in which certain
forces continue to strike after
every effort has been made to pre-
vent it, indicates there is some-
thing behind the organization. Cer-
tainly such affairs are not for the
good of either employer or em-
ployee. This is a period when we
should be cooperating, one for all
and all for one.

The Adams county second an-
nual colt show is on at Berne this
week and those who have attended
say it is well worth seeing. In
connection a corn show is being
held and merchants of that town
are boosting lay now and the
season's goods. The newspapers
there put out extra editions and
the event is a constructive and
worth while one in every way.

The Kellys are guilty and must
spend the rest of their lives in
prison, according to the verdict of
the jury. Of course there wasn't
much doubt as to their guilt. It
was just a case of finding twelve
men with the courage to smile at
threats and proceed to do their
duty. The country is better off
without these modern criminals
and since capital punishment is
not provided, the next best thing
is to put them where they can't
harm society.

Mr. Hoffman, in charge of secur-
ing easements on road 527 between
here and Willshire reports that he
is getting well along with the big
job and indications are, that unless
a few people hold it up, we will be
able to get in on the letting about
the first of the month. There are
still some details and a few have
not signed up, but those interested
are confident, the job will be com-
pleted, perhaps by the end of this
week.

Sparkling Crystal White, the
finest granulated sugar made, is
now on the market here. Ask for
it. By doing so, you get the best
quality and you show your loyalty
to the community. Likewise you
show your appreciation to those
who with great modesty and much
business sagacity, have reorganiz-
ed a great enterprise here, furnish-
ing a market for beet growers and
employment for hundreds. That
should cause every one to bubble
over with enthusiasm.

Those towns and cities in which
there is a smile and a spirit of
progress are coming out of the de-
pression even more rapidly than
they went into it. And that's the
way it will be. In those commu-
nities where they show the spirit of
doing things, there will be work
for every one and profits for those
who earn them. We are proud of
Adams county and Decatur and
all the towns of this county. We
are stepping out. Here there are
new about 1,500 people employed
and every one has "heads up." We
will soon be out of the woods.

We have found occasion before
to commend the Lake County Un-
employment Relief Commission for
the excellent work it did in reor-
ganizing poor relief activities last
February on an efficient, humane
basis. We repeat that commendation
today, now that the commission
is functioning smoothly and is dis-
pensing poor relief with little or
no complaint from indigents or
taxpayers. To list the improve-
ments which this organization in-
stituted in Lake County, would
occupy more space than our edi-
torial is allotted. As a result of
all these improvements, the morale
of indigents has been improving
and the administration itself has
been bettered. Today few if any
persons receive aid who are not
entitled to help. And those who
do are treated like human beings.
