Be sure to hear Sy Snyder next Monday evening. He has something to say to us that we ought to hear and profit from.

Call it "squaw winter" if you want to but it feels somewhat as though it was old "Sitting Bull" himself, who has been snooping around here the past few days.

No difference what the rest of the world thinks about the Hitler regime, they are apparently sold on it over there, judging from the recent election which was about thirty to one for his party.

Wheat growers in Adams county who signed up the agreements to reduce acreage this fall, will receive \$8,100, which will help some just now and will also assure them a higher price for their product next year.

Evidently it is no easy task to work out an agreement between this nation and Russia. President Roosevelt and Maxim Litvinov have been discussing the matter for a week and it is announced that they hope to reach an agreeable conclusion by Friday.

The big Chicago fair has closed for the season but with indications that it may be reopened next year with the buildings repainted and plenty of ballyhoo and a red, white and blue sky ride. More than 22,000,000 paid admissions during the six months.

A couple of trustees walked away from the Pendleton reformatory, a very ordinary occurrence and immediately the partisan press, unfriendly to the McNutt administration, started a howl. The men were captured an hour or two later but that news if used at all, was hidden back among the patent medicine advertisements.

Cy Snyder, known all over the country as the "town doctor," is coming to Decatur next Monday evening to talk to business and professional men. He will tell us how to do things that count and will stay over the next day to personally advise those who desire to benefit from his years of experience and his keen knowledge of how to merchandise these days.

The Democrats are holding several important meetings in Indianapolis the first half of this week. The finance committee, the state committee and the legislature are all discussing how to save the state and nation. It is quite evident that there is a desire to get matters

straightened out so that the pre-convention campaign can proceed without too much friction.

A program will be given in the Decatur high school auditorium next Saturday afternoon, the occasion being 4-H Club Achievement Day. The past year has been the most outstanding, both as to leadership and membership since the movement started in Adams county and a review of what has been done as well as what plans for the future are, will be of interest to many. Fine work.

The inflationists are busy now and it is claimed by Senator Thomas, the leader of the forces, that unless the administration acts soon, the new congress will. Money without proper base will not help much as has been proven by the experience of several European nations. We should profit by that and not do anything that will make matters worse eventually.

Two weeks from Thursday is Thanksgiving and we are told that you can serve a dinner with turkey, cranberry sauce, oysters, mine pie and all the other things needed for less money than last year, it being set down to cost about \$4.25 for eight people. Of course if you prefer chicken the cost will be reduced about six bits. So there is something to be grateful for and of course there are a million other things if we are honest about it.

Release of "frozen" funds in many closed banks over the country is now receiving the attention of officials in Washington and it is believed that within a few weeks the plans now under consideration will have reached that point where some actual headway along that line can be made. The people have been very patient, realizing the inability of those who owe the banks, to pay, and they will be delighted to receive the advancement from the federal government of a good share of their savings.

Opponents of the NRA are now admitting that it's a good thing, is going to work and are ceasing their complaints. Of course it will work if we help it along a little. It has already done much and its just started. General Johnson says we have gone but one-fourth of the way and in a campaign over the country is urging that we proceed. He is an earnest, fearless and forceful leader whom you can trust. It's up to the people of course and certainly they will not hesitate to do their best.

### French Seams

When making French seams much time can be saved by using the next to the smallest hemmer of the sewing machine. Place both pieces of goods in the hemmer and run the material through.

### Spiced Vinegar

Do not throw away the vinegar which comes on mixed pickles. It gives a delicious spiced flavor to salad dressing, much better than ordinary vinegar.

### When Expecting to Move

Save all the old stockings and when preparing to move, use these stockings to wrap around the legs of the good chairs and tables.

### Card of Thanks

We wish in this manner to express our sincere thanks and appreciation to the neighbors and friends, Rev. C. M. Prugh and Rev. C. P. Gibbs, and all who so kindly assisted us during the illness and death of our father, W. O. Bigham. Mr. and Mrs. Charles Beineke, Mr. and Mrs. James Gattshall, Mr. and Mrs. Vincent Abrams.

## WHY IS THE WEATHER?

Where do different sections of the U. S. get their weather? Why is it cold in winter and warm in summer? What effect do the Atlantic, the Gulf and the Pacific have on our weather? What is the effect of mountain ranges on weather? Why are certain sections of the U. S. dry, and others predominantly wet? Where are the hottest and coldest places in the U. S.? In the World? When and where did the heaviest rainfall take place in the U. S.? In the World? Is the climate of the world changing? Has it ever changed? Can weather be predicted in advance for a day, a week, a month, a year? What causes "dark days"? When and where did colored snow fall? Why?

If these questions interest you—and who is not interested in the weather?—our Washington Bureau's scientifically accurate bulletin on WEATHER AND CLIMATE will answer them for you. Fill out the coupon below and send for it:

See Five Million Sugar Beet Crop Missoula, Mont. — (U.P.) — Montana

sugar beet growers are expected to harvest a \$5,000,000 crop this season, with bumper yields and record acreage reported in many sections. In Western Montana an estimated 125,000 tons of beets will be sliced. In the Sidney district 11,513 acres of beets are being harvested, and in the Billings area 30,615 acres are under contract.

## Air Heroes Became too Popular for Il Duce?

GENERAL BALBO

PREMIER MUSSOLINI

GENERAL PINEDO

Reports from Rome to the effect that Premier Benito Mussolini is planning one of his periodical Cabine shakeups indicate that the eclipse of General Italo Balbo since his triumphant return to the Eternal City following his mass flight to Chicago was but the prelude to his elimination as a contender for the place of honor in the Italian spotlight. Decorated and lauded by Il Duce for his air achievements, Balbo is said to have become too popular to please the Blackshirt chief. He is to lose his post of Air Minister in the shakeup. Similar treatment was meted out to the late General Francesco de Pinedo, who lost his life while attempting to win back Il Duce's favor by making a flight from New York to Bagdad.

## CHURCH REVIVALS

### Baptist Church

A kingdom is the dominion of a king. The business of King Jesus is the hoisting of old world out of sin and ruin. The kingly Christ and the prince of the world are engaged in a mighty conflict. The contest is between the Jesus of God's kingdom and the kingdom of Satan.

The kingly Christ's army is his church. Members of that church are all believers in King Jesus.

The resurrection of Jesus Christ from the dead was the inspiration of the first Christian witness. The Holy Spirit was then dynamic. Sermon for tonight, "Toys in God's Tool Box."

Cottage prayer meeting tomorrow at Woodson Oge, 2 p. m. Prayer meeting preceding the evening service, 6:50 p. m. in charge of Cal Peterson, Everybody welcome.

## New Serial Is Story About Modern Girl

Is a girl's reputation everything? Can a modern girl tell everything to the man she loves? How much will a man forgive the girl he loves? All these questions which occur to every girl with special significance today are answered in "Knave's Girl", the new serial by Joan Clayton which will begin in the Daily Democrat Wednesday.

"Knave's Girl" is an exciting love story which occurs in the frenzied fever of the contract-bridge craze which swept New York society last winter. Patricia, whose only inheritance from her father, a Southern gentleman and a gambler, is skill at cards, is suddenly offered an opportunity to change her lot from actual want to affluence when Julian Haverholt, the country's greatest bridge player, offers to make her his partner in tournament play.

Haverholt's reputation with women is bad, but New York society cares little for that and is demanding his presence everywhere. For purposes of publicity he wants to introduce Patricia to society as his "niece". She is to live in his great house.

Patricia risks her reputation but keeps her self respect. But then she finds that Clark Tracy, polo

## Doctor's Treatment Heals Indianan's Stomach Disorder

After suffering for 4 years with stomach disorders, during the last year of which he was afflicted with a badly ulcerated stomach, scarcely able to walk and being in bed most of the time, John W. Crawford, Route No. 1, English, Ind., reports that he finally secured results from a simple home treatment. He says he had given up hopes of ever getting any better, but after starting the Uda Treatment, he began to get relief and now feels like a new man. He wants all stomach sufferers to know about his experience. Mr. Crawford advises all sufferers from stomach ulcers, gas pains, excess acid, belching, pains after eating, constipation, sour stomach, poor digestion, dyspepsia, gastritis, and other stomach disorders due to hyperacidity or faulty diet, to try Uda at once. Now we offer the same treatment which produced such splendid results for Mr. Crawford to all stomach sufferers on 15 days' trial, with money back if not satisfied. Also testimonials, a sworn affidavit of genuineness and a free book explaining the cause and treatment of various stomach disorders, including ulcer stomach ulcers. If you suffer ask for the \$1.00 trial treatment today. If it fails to help you, we'll give you your dollar back.
