Don't put it off any longer if you want to save fifty cents on your subscription to the Daily Democrat by mail. The special offer is only good until March 1st.

This is the final month for the Daily Democrat subscription renewal campaign and it's a short month. That means you must hurry along if you wish to get in on the special offer which will save you fifty cents.

Chins up and keep going forward in the plans to make this a better place in which to live. We know there are times when it's much easier to give that advice than to do it, but after all it's easier after you've made the start.

If twenty-two witnesses testify that Dillinger is the man who shot Pat O'Malley, East Chicago policeman two weeks ago, it will take some smooth lawyer to save him from the chair and we doubt if even the clever Mr. O'Brien of Chicago can do it.

The candidates are coming out and looking around to see how the situation is and within another two or three weeks, the field, so far as the nominations on the Democratic tickets, township, city and county, will be fairly well filled. The contests promise to be very interesting.

The Dillinger gang say that they have become bad men because of the treatment accorded them in Michigan City prison. Bunk. They robbed banks and committed terrible crimes or they wouldn't have been sent to prison and nothing in the world would have kept them from becoming hardened criminals.

John Dillinger doesn't look like a bandit or a killer but he admits it and we will be surprised if he doesn't show a yellow streak a foot wide before he is through with his present embarrassment. These fellows who are so brave when they have a machine gun in each hand are usually ready to beg for mercy when the tables are turned.

The dollar is worth about sixty cents, according to the experts figure.
