QUEEN MOTHER EMMA IS DEAD

Mother of Queen of Holland Dies This Morning At Age of 75

The Hague, Holland, Mar. 20.—(UP)—Queen Mother Emma, mother of Queen Wilhelmina and widow of King William III, died at 7:45 a. m. today of bronchitis. She was 75.

Queen Emma had been gravely ill for days, and physicians had given up hope because of her age. Her daughter, Queen Wilhelmina, and granddaughter, Princess Juliana, had been at her bedside, with Prince Frederick of Waldeck and Pyrmont, her brother.

The queen mother's death was calm, as had been the last years of her life. She married King William as his second wife in 1879, when he was 62 years old, and bore him a daughter, who is the present queen. King William died in 1890, when Wilhelmina was 10. Emma, as mother of a child queen, bore much responsibility until Wilhelmina came of legal age at 18.

Queen Emma was the daughter of George Victor, reigning prince of the German state of Waldeck and Pyrmont.

Estill Will Run For Re-Election

Gary, Ind., March 20.—(UP)—Undaunted by criticism directed at him after the escape of John Dillinger, prosecutor Robert G. Estill of Lake County reiterated today his intention to be a candidate for re-election.

Other public officials and the press criticized Estill severely for posing in a picture with his arm around the notorious Indiana outlaw. A few weeks after the picture was taken Dillinger escaped from the Crown Point jail.

"I am forgetting politics until the grand jury investigation of the escape is completed," Estill said. "But I will file my candidacy."

Davidovici. The documents, it was said, were taken to Switzerland, duplicated, and sent on to Moscow and Berlin.

Claims Catching Find

CHICAGO (UP)—Manager Law Fonseca of the Chicago White Sox is touting Morgan J. Snyder as the catching "find" of the 1934 season. Snyder was purchased from Topeka in the Western Association. So highly did Fonseca esteem Snyder that he disposed of both of his 1933 regulars, Grube and Berry. Last season Snyder hit .319 while catching every game for Topeka. He led the league with 111 assists.

CONSTIPATED SEVEN WEEKS

Mrs. Johnson After Kellogg's ALL-BRAN

ers from constipation will be interested in this unsolicited letter from Mrs. Johnson:

"I am so glad over the fact that I feel I have been cured of my constipation after seven weeks."

"I take a banana, a glass of milk, and a spoonful of ALL-BRAN in a sauce dish, and digest it at each bite until all is gone. I haven't been constipated for seven weeks."

Mrs. Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headache, loss of appetite and energy. This condition is due to lack of "bulk" to exert the intestines, and vitamin B either promote regular habits of eating or drinking.

ALL-BRAN has both, as iron for the blood.

"Bulk" in ALL-BRAN is much that in leafy vegetables. With the body, it forms a soft mass, it clears out the wastes.

ALL-BRAN in place of patent lines—often harmful. Two spoonfuls daily will overcome types of constipation. Chronic with each meal. If not relieved this way, see your doctor.

As a cereal, or in cooking, on the red-and-green pack. Sold by all grocers. Made by Kellogg in Battle Creek.

DECLARE SPY RING BROKEN

French Police Assert Young Americans Admit Part In Espionage

Paris, Mar. 20.—(UP)—Two young Americans, Robert and Marjorie Switz, breaking under a merciless cross examination, were declared by police today to have revealed details of the greatest espionage ring in history, reaching across the Atlantic to the United States.

Jubilant, the secret service asserted officially after months of reticence, that police charged the ring operated in behalf of Germany and Soviet Russia against France, Great Britain and the United States.

Switz, an aviator, and his wife, a Vassar graduate, held in separate prisons for three months, were taken last night before Magistrate Ernest Benon, who is in charge of the espionage investigation.

They were questioned for nine hours, without food. Police said they involved themselves in contradiction after contradiction.

As a result, armed with names of persons never before suspected in the long inquiry, surety generale agents raced through Paris in the early hours today and gathered in five new persons to add to a score already under arrest or suspected.

Those arrested today were:

Colonel — Du Moulin, also called Charras, a grand officer of the

about Cigarettes

Practically untouched by human hands

WE'D like you to see Chesterfields made. We know you'd be impressed by the absolute cleanliness of our factories.

The tobaccos are the best that money can buy.

Expert chemists test for cleanliness and purity all materials used in any way in the manufacture of Chesterfield cigarettes.

The factories are modern throughout. Even the air is changed every 4 1/2 minutes.

When you smoke a Chesterfield you can be sure that there isn't a purer cigarette made.

In a letter to us an eminent scientist says: "Chesterfields are just as pure as the water you drink."

Inspectors examine Chesterfields as they come from the cigarette making machines and throw out any imperfect cigarettes.
