BANISH COMMON CONSTIPATION WITH DELICIOUS CEREAL

Kellogg's ALL-BRAN Brings Relief

Look out for headaches, loss of appetite and energy, sallow complexion, sleeplessness. Frequently, these are warning signs of common constipation. If neglected, your health may be impaired.

Today, you can rid yourself of common constipation by eating a tempting cereal. Laboratory tests show that Kellogg's ALL-BRAN furnishes "bulk" and vitamin B to aid regular habits. ALL-BRAN is also rich in iron for the blood.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, this clears out the intestinal wastes. How much better this is than taking patent medicines!

Two tablespoonfuls of ALL-BRAN daily will usually overcome most types of common constipation. Chronic cases, with each meal. If seriously ill, see your doctor. ALL-BRAN makes no claim to be a "cure-all."

Serve ALL-BRAN as a cereal, or use in cooking. At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

DRAW A CIRCLE AROUND THE CENTER OF THIS FINE TOBACCO PLANT

"It's toasted"
✓Luckies are all-ways kind to your throat

These are the
Center Leaves—the Mildest
Leaves—the heart of Lucky Strike

As you can see from this picture—Luckies' fine, smooth quality doesn't just happen—for we use only the center leaves! Not the top leaves because those are under-developed—not ripe. Not the bottom leaves because those are inferior in quality—they grow close to the ground and are dirt-covered, coarse, sandy. We select only the center leaves—for which farmers are paid higher prices—for the center leaves are the mildest leaves—they taste better—then—"It's toasted"—for throat protection. And every Lucky is fully packed with these choice tobaccos—made round and firm—free from loose ends—that's why Luckies do not dry out. Luckies are all-ways kind to your throat.

NOT the top leaves—they're under-developed—they are harsh!

NOT the bottom leaves—they're inferior in quality—coarse and sandy!
