# TIME TO CHANGE OIL

## RAIN OUT SLUDGE, THE OIL EATER

This New Motor Oil stops sludge  
formation... cuts oil costs

Time now to drain out winter-worn  
oil and change to heavier grades, and  
you change, decide that this summer  
will keep sludge out of your engine. For  
clogs your oil lines, hinders lubrica-  
tion, fouls your filter. It makes valves  
gum so you lose gasoline power. Finally,  
keeps rings to stick and pump oil. It is the  
cause of high motor-oil consumption.  
Keep sludge out by using Iso-Vis "D", the  
Anti-Sludge Motor Oil. It does not sludge  
under the hardest kind of driving. It keeps  
you lively and free, reducing oil consump-  
tion to the minimum. That's why you have  
had to it less frequently between drains.

# SO ROUND and FIRM and FULLY PACKED

Luckies are all-ways kind  
to your throat

Luckies are always in all-ways kind to your  
throat. For every Luckie is made of the  
choicest of ripe, mellow Turkish and  
domestic tobaccos—and only the clean center  
leaves—they taste better. Then, "It's

Lucky is made so round, so firm, so fully  
packed—no loose ends. That's why Luckies  
"keep in condition"—do not have that  
objectionable tendency to dry out, an  
important point to every smoker. Luckies  
are always in all-ways kind to your throat.

An interesting meeting of the

street. This was the final study  
meeting of the club for the present  
year.

The meeting was opened with the  
collect and current events. During  
the current events, the secretary  
told each member the number of  
times she had been present during  
the year. Mrs. D. D. Heller, the  
oldest member of the organization,  
had been absent but two times during  
the entire year.

Charred Body Of  
Woman Is Found

Indianapolis, Apr. 12—(UPI)—  
The charred body of Mrs. Margaret  
Sloan, 31, was found in her  
burning home today.

Beneath the body was a revolver  
from which one shot had been  
fired.

Neighbors said the woman had  
been despondent and expressed  
the belief that she set her house  
on fire and then shot herself, ex-  
pecting to be consumed by the  
flames.

Firemen discovered the body  
when they answered an alarm  
turned in by neighbors. The house  
was slightly damaged.

Open Campus Smoking War

Seattle.—(UPI)—University of  
Washington co-eds would like to  
have a valid reason why they can't  
smoke on the campus. Dolly Dres-  
cher, 1933 junior queen, appointed  
18 co-eds to see if the ban can be  
lifted. She termed the rule "hypocritical,"  
adding that since women  
smoke in sorority houses and on  
streets that "they should have  
equal rights with men on the  
campus." She said the committee was  
somewhat divided on the contro-  
versy.
