— what it means

the cigarette that's Milder

the cigarette that TASTES BETTER

— to store
70 million dollars
worth of tobacco
— 4½ miles of warehouses

Everything that Science knows about is used in making Chesterfields.

One thing we do is to buy mild, ripe tobaccos and then lock up these tobaccos in modern storage warehouses to age and mellow like rare wines.

It takes about 3 years to age the tobaccos for your Chesterfield, for Time does something to tobacco that neither man nor machine can do.

It means something to keep 70 million dollars worth of tobacco in storage. It means just this:

We do everything possible to make Chesterfield the cigarette that's milder, the cigarette that tastes better.

FIFTH AVENUE FASHIONS

By ELLEN WORTH

Paris Goes in for Pleated Trimmings

And you will, too, when you see how effective they are outlining a high-round neckline and its pointed opening, as well as little short sleeves and their puffed shoulder fullness.

Stitched pleats fit the neckline as closely as it should be, and give you that nipped-in waistline which is so smart right now. The wide belt is worn at the top of the hips, which is just where several of the couturiers are placing theirs. Patch pockets add interest to the simple, slightly flared skirt.

Size 16 requires 3½ yards 39-inch material, 1½ yard pleating. Width 1½ yard.

Pattern No. 5533 is designed for 14, 16, 18, 20 years, 32, 34, 36, 38, 40, 42 bust.
