F. D. R. URGES LEGISLATION TO AVERT TROUBLE

(CONTINUED FROM PAGE ONE)

could not announce their plans until they had seen the substitute labor resolution as introduced by Robinson. Robinson withheld introduction until completion of his conferences.

Borah and LaFollette expressed displeasure with it in the form originally proposed. They indicated an intention to offer the Wagner bill as more desirable from their standpoint.

The suggestion presented to the convention of steel workers in Pittsburgh by President William Green of the American Federation of Labor, would not be materialized in the administration's labor disputes plan.

Green Pleads

Pittsburgh, June 15—(UP)—President William Green of the American Federation of Labor today pleaded with embittered steel workers to cancel their plans for a general strike, and offered them a solution, through the federal government, of the difficulties which have brought the industry to a crisis.

Three conditions outlined by Green, which he said, if accepted by mill owners, would lead to the strike being called off, were:

1. A board of three, appointed by the President to receive complaints of violations of section 7-A, to mediate any differences, and to act if necessary.

The board would mediate and conciliate in code disputes, and would arrange for collective bargaining by employees, if they requested it.

The board also would act as arbitrator under the steel code, providing all questions to be arbitrated were voluntarily submitted by both parties, and it would hear and determine the merit of any complaints of violations of section 7-A.

2. The employees shall have the right to bargain collectively, and

the board would have the authority to order and supervise elections, off company property. Representatives chosen by a majority of the workers would act for the whole.

3. The management of each plant shall meet with workers or their elected representatives to settle all disputes. As a last resort, the impartial board would have the final decision in the dispute.

Green based his argument against a strike at the present time on the grounds that the workers "cannot afford to let the steel operators choose the battle field or the hour on which the battle is to be fought."

CALLS ALL-BRAN NATIONAL NATURAL LAXATIVE

Delicious Cereal Checked His Constipation

Here is an unsolicited letter from Mr. Daniels:

"For many years I have been habitually constipated, and have used all sorts of laxatives. So, in fairness to Kellogg's ALL-BRAN, I heartily claim it to be a most wonderful remedy for constipation.

"Need I tell you that I have long since ceased using laxatives? Kellogg's ALL-BRAN is the National Natural Laxative. If it were used by every family in the United States for breakfast, we would have a much healthier race of people."—Mr. John Daniels, 1090 Third St., North Bergen, N. J.

Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines and vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Isn't this food much pleasanter than risking pills and drugs? Two table-spoonfuls daily are usually sufficient. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.
