## BANISH COMMON CONSTIPATION WITH DELICIOUS CEREAL

Kellogg's All-Brans Brings Relief

Look out for headaches, loss of appetite and energy, sallow complexion, sleeplessness. Frequently these are warning signs of common constipation. If neglected, your health may be impaired.

Today, you can rid yourself of common constipation by eating a tempting cereal. Laboratory tests show that Kellogg's All-Brans furnishes "bulk" and vitamin B to aid regular habits. All-Brans is also rich in iron for the blood.

The "bulk" in All-Brans is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, this clears out the intestinal wastes. How much better this is than taking patent medicines!

Two tablespoonsful of All-Brans daily will usually overcome most types of common constipation. Chronic cases, with each meal. If seriously ill, see your doctor. All-Brans makes no claim to be a "cure-all."

Serve All-Brans as a cereal, or use in cooking. At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

## Keep Cool in Cape Sleeves

By ELLEN WORTH

THERE are plenty of warm days ahead which will call for something cool, in town and out. Printed silks in designs which feature the autumn-leaf colorings so important for fall are perfect now and for months to come. The new lower neckline and brief cape sleeves will do you proud and defeat the hot weather, as well.

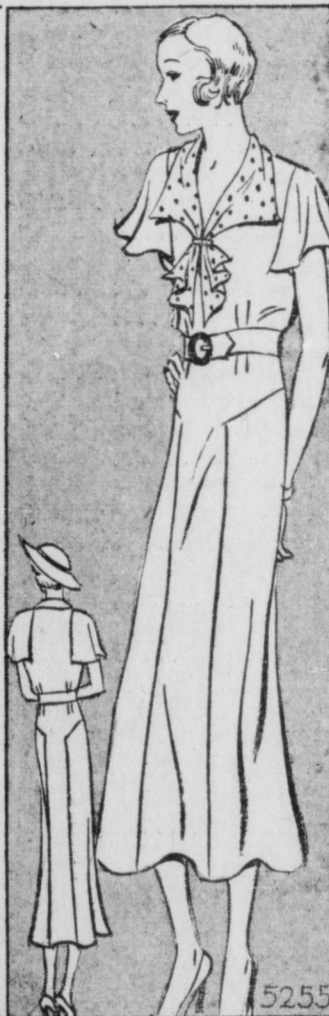

Slenderness being every woman's object, the clever cut of the frock sketched will appeal. Notice the diagonal lines at the hips, the straight front and back panel and the soft side flare. Notice, too, the tricky jabot, cut in one with the collar, which will make you look years younger, just as the frock itself will make you seem pounds slimmer.

The new Fashion Book will help you plan your wardrobe. Send 10 cents for book.

## WHAT FAMILIAR NAMES MEAN

WATCH THIS COLUMN DAILY

Copyrighted by DR. HARRY A. DEFERRARI

ELIAS. The family name "Ely" may be traced back to two different sources. In many cases it is the modern form of the Anglo-Saxon place-name "Aelig" which means "the eel-land." Many families which bear this name have received it because of a former residence in the city of Ely, Cambridgeshire. Frequently, however, "Ely" stands for the old French "Elie" which is equivalent to the English "Elias." "Elias" is ultimately of Hebrew origin, and may be translated "God the Lord," or "Jehovah is God." Common 13th century spellings of this name are "Elie" and "Elye."

JULIA. The personal name "Julia" is the feminine form of "Julius." "Julius" is of Latin origin, and means "downy-bearded."

## LONG VACATION TRIP IS ENDED BY ROOSEVELT

(CONTINUED FROM PAGE ONE)  
speech at Green Bay, Wis.

Mr. Roosevelt came home laden with ideas and a full comprehension of what the government is doing with the billions of dollars appropriated for public works, agricultural readjustment, the rehabilitation of citizens in populous regions and those in the remote areas.

He had seen with his own eyes America's defense system for the rich Hawaiian Islands and obtained by daily contact a picture of navy efficiency.

More than that, by his personal appearance in Haiti, in Colombia, and the Republic of Panama, he succeeded, administration supporters believe, in dispelling to a great extent the feeling that while North America was their protec-

tor, it was ready to interfere in their internal political affairs.

His warm assurances that such was not the case were made to the presidents of those governments together with pledges of cooperation in meeting common problems.

The President's tour which began six weeks ago from Annapolis, Md., where he boarded the cruiser Houston became a welcome home celebration as well as an inspection trip from the time he set foot ashore in Portland, Ore., last Friday.

Thousands of eager citizens anxious to glimpse him and to hear his views relating to the government's broad social and economic policies flocked to the Bonneville, Ore., dam construction project, the grand coulee project on the Columbia river in Washington, to Devil's Lake, N. D., and to the banks of the upper Mississippi in Minnesota where dams also are being built.

Gasoline Racket Ended
