Charter Member of The Indiana League of Home Dailies.

You can belong to the Liberty League if you want to, but still all the problems won't be solved.

Italy has the Black shirts, Germany the Brown shirts and Ireland the Blue shirts. Around here about all we ask for is a clean shirt.

Chicago had one of the biggest pay days in history and no doubt the teachers believe it the happiest.

People are about the same the world over and do almost the same thing. New York City business men are objecting to a gross income tax.

Over in Huntington county the budget for next year is \$95,000 above that of 1934. Bet there will be some pruning before it is adopted.

The country believes President Roosevelt in his stand for freedom of speech and press and is not alarmed by the silly charges made by the Minnesota senator.

Now that we have seen the donkey baseball games we are inclined to believe that the originator set up night planning the game. Anyway it was a lot of innocent fun and something a little different, good this year and probably dead as a door nail next.

Indiana is not a laggard when it comes to promoting public education.

cation. With the year ending July 31, more than \$14,500,000, has been distributed to the school units in the 92 counties of the state. All the public schools in the state will open next week and teachers will be paid.

Frank Kossa of Jeffersonville is the new state commander of the American Legion. He served as southern vice-commander last year and the boys felt that he should be promoted to the command. They say he is an able gentleman, an active Legionnaire and no doubt will give his best to the promotion of Legion activities in the state.

That the national government will be expected to carry on extensive improvements, is hinted in the program outlined by Secretary Ickes, who sees the public works carried on at the rate of half a billion dollars a year. Building will be done with the idea of creating and giving employment to thousands of men, until the commercial expansion program begins in the country.

Hartford City has launched a city-wide survey of the housing program and hopes to obtain sufficient response to the government's appeal to repair and remodel so hundreds of men will be given work. The housing program, through the benefits of the National Housing Act, can be made one of the principal instruments in the recovery program. Each community should try to get it started.

Hats off to W. S. Smith, the cashier, and the board of directors of the Monroe State Bank. The position which this bank holds is sought by many, but reached by few. To be able to pay depositors in full after a voluntary closing of the bank in 1930, is a financial feat today and those in charge of the institution are to be congratulated. With deposits of about \$85,000 when the bank started liquidation, the depositors will receive every penny due them next Friday and you can ring up the fact as one of the splendid accomplishments in this community.

The nomination of Upton Sinclair, author and former socialist as the Democratic nominee for Governor of California seems to overshadow the other races in that state and in South Carolina and Mississippi. Sinclair polled a tremendous vote and the Democratic candidates received a vote larger than the Republican total. Sinclair pledges his support to the new deal and his popularity may see him the next governor of the state of movie actors, oranges and sunshine. The primary system enables a man of wide reputation to garner votes and the author's

widely known name no doubt gained for him thousands of votes in the primary.

#### Rubber Gloves

Wear rubber gloves when dyeing any article. The fingers and nails will be protected from discoloring. It is not easy to remove the dye from the crevices of the hands.

#### Cocktails

To make a good cocktail, use one cup orange juice, 4 tablespoons lemon juice, and 3 tablespoons honey flavored syrup. Mix the ingredients and serve with ice in cocktail glasses.

#### A Steel Knife

A steel knife will never wear out so buy a good one when equipping the home. Scour it each time it is used and always put it away dry to keep it in good condition.

## "A Better Range" Means 'Better Food'

Half of the world live to eat and the other half merely eat to live.

Therefore eating and living are very closely allied, and no matter in which class you care to cast your lot the most important factor is good health.

The only way to keep in good health is to be properly and wisely fed.

We can help you to enjoy both living and good health by using one of our beautiful Full Enameled CAST IRON RANGES.

This beautiful Range is strictly modern in design with quality in every section. Oven has plenty of size, is cast iron throughout with heavy corrugated oven bottom, no rusting out, in fact the body of this Range is good for at least 20 to 25 years. Fire box is equipped with heavy Duplex Grate Bars which can be used for either Wood or Coal. Large Copper Reservoir.

All combined to make this range of outstanding value. We are making an exceptionally low price on this heavy range for those who Buy Early.

**SPECIALLY PRICED \$59.60**

SET UP READY TO USE.  
REMEMBER YOUR OLD RANGE HAS TRADE-IN VALUE.
