## BEHIND the SCENES in HOLLYWOOD

By HARRISON CARROLL

King Features Syndicate, Inc.  
HOLLYWOOD. . . . Gossips grow more and more skeptical of Evelyn Venable's denials. They predict that the youthful Paramount star will marry Ijal Mohr, Fox cameraman, soon after she reaches her majority. Which may mean very soon. Indeed, for Evelyn celebrates her twenty-first birthday on October 18.

After a five days' drive across the country, Phil Regan has arrived back in Hollywood — without the bride that Hollywood expected him to bring. A hurry call brought the former Brooklyn cop back to the Metro-Goldwyn-Mayer studio for added scenes to "Student Tour". But Phil's Brooklyn sweetheart, Josephine Dwyer, is due to come to Hollywood next month with the actor's sister.

Here is some sort of a record. Olive Jones, 21-year-old singer from Columbus, O., flew into Hollywood with two home-town newspapermen to chronicle her first days in the movies. Olive got a Warner contract for her work in the stage musical, "Champagne Sec". She has been a music student since the age of four, but started singing only a few years ago.

Do I hear a chorus of feminine groans? The hobble skirt is to make its reappearance. Adrian, M. G. M. stylist, has designed one and you can see it for yourself in "Evelyn Prentice". Myrna Loy wears the new 1934 version.

**KNICK-NACKS—**  
Mrs. Frank Lloyd is seriously ill in a local hospital. They had to give her a blood transfusion. . . . A European scout reports that Kay Francis is the toast of Italy. She and Dorothy Di Frasso went yachting with Commander Count Volpi and Kay lunched tete-a-tete in Venice with the Duke of Spoleta, second in line to the Italian throne. . . . Barbara Hutton and her Prince Alexis Mdivani also in Venice at the same time and seldom seen together. . . . Marian Nixon and Bill Seiter finally have found a house in Beverly Hills. They've been dividing their time between her apartment and his since the wedding. With no chance of an immediate honeymoon, the pair hopes to get away for a few days in Santa Cruz when Marian finishes at R-K-O in "By Your Leave". Later on, there'll be a belated honeymoon trip to New York via the Panama canal. . . . The new show at Frank Sebastian's Cotton club is the best colored entertainment seen here in ages. . . . Pat, formerly of the Colony club, has written a cocktail book, giving favorite recipes of the movie stars.

**MISS HELEN HICKS** rose to the supreme heights of golf to win the women's championship of the U. S. A. A frequent smoker while on the fairways, Miss Hicks tells below how she guards against fatigue.

**"Get a LIFT with a Camel!"**

## HELEN HICKS tells her way of regaining youthful energy!

**TENNIS STAR, Ellsworth Vines, Jr.** says: "Camels have a refreshing way of bringing my energy up to a higher level. They take away that tired feeling."

**OLYMPIC DIVER, "When I'm tired,"** says Georgia Coleman, "I smoke a Camel and soon feel like myself again. I like their mildness and different flavor."

"The strain of championship golf puts a tremendous tax upon your energy," says Miss Helen Hicks, "but I can always restore my energy quickly with a Camel. It's a 'lift' that I enjoy often, as I can smoke Camels constantly without a sign of jangled nerves." Every rôle in life has its strain. Every day has its moments of uncertainty...self-distrust

... "low" spirits. So why not turn to Camels yourself... for more smoking enjoyment... to offset fatigue and irritability? Thousands of experienced smokers have found for themselves that Camels give a delightful "lift." And science definitely confirms what they report. Camels are milder—made from costlier tobaccos. Smoke all you want—Camels never get on your nerves.

## Camel's Costlier Tobaccos never get on your Nerves!

**ALL TOBACCO MEN KNOW:**  
"Camels are made from finer, More Expensive Tobaccos—Turkish and Domestic—than any other popular brand."

**WHAT FAMILIAR NAMES MEAN**  
WATCH THIS COLUMN DAILY  
Copyrighted by DR. HARRY A. DEFERRARI

**KELLER.** The family name "Keller" is of German origin. Although it means "the cellar," and sometimes indicates an original place of residence, it was generally first applied to persons who had charge of the wine-cellars of large house holds. Therefore its common meaning is "the butler" (which really means "the bottle-keeper") so it may be considered the equivalent of the English family name "Butler." However, there is evidence that some of the persons who were given the name "Keller" were occupied more as stewards and even as treasurers than they were as butlers. Finally, "Keller" has also taken on the extended meaning of "the store" or "the shop," and indicates an original place of business. The commonest variations of "Keller" are "Kellers," "Kelner," "Kellner," "Kellerer," and "Kellermann."
