Only 26 more shopping days until Christmas.

Next Thursday your only worry may come after dinner.

It wouldn't be surprising if little Gloria Vanderbilt developed into a spoiled child.

Just when everyone felt they were about three days ahead on the coal supply, predictions are made that snow and below freezing weather are due.

The Democratic state committee wound up the campaign with all bills paid and a balance of \$475.51 on hand. That's a good job, anyone who has had experience with political campaigns will agree.

The fact that nearly 30,000 registrations were made at the city swimming pool last year is proof that the children and others delight in the use of this fine public improvement. Last summer was a good year to test the popularity of the place.

All men look alike before the Federal government. Suit has been started by the RFC to recover the balance of the loan made to the Central Republic Bank, when Mr. Dawes was the president of that institution. The government seeks to collect some sixty millions.

The political pot is boiling in Vincennes. In a récount of the votes the Democrat candidate has been declared winner by seven votes over the Republican who had a 15-vote margin in the official returns. Now you can figure for yourself how the boys feel about that.

The city council had a busy session the other evening, reports, petitions and remonstrances all being offered during the meeting. A councilman's job acquaints him with the likes and dislikes of individuals, public sentiment, problems on various problems and calls for many important decisions.

Friends of Mr. and Mrs. W. H. Haggard and Mr. and Mrs. Dick Haggard, of Monroe, wish them happy returns of the day on their fiftieth wedding anniversaries. It's an unusual event for two brothers to celebrate such notable occasions on the same day and the people of this community are glad of the opportunity to wish years more of health and happiness to the prominent Monroe couples.

What do you think about cutting the sidewalk on Madison street along the north side of the court house and adding six feet to the street for the parking of autos? Will such a revamping of the sidewalk spoil the beauty of the public square? Will it be worth the cost? These are some of the questions propounded by public officials, who wish to do the right thing in the interest of the community.

Patrons of the city light and water plants, who are delinquent in their bills, should make an effort to pay them before the end of the year. The city has been very lenient with local people and has furnished water and light to customers when they were unable to pay. Now that employment conditions are better and earning power restored the individual should try to repay the favor. A city plant can't run along without collecting its accounts any more than a private business can, and if fair treatment isn't appreciated the services will have to be denied those who are able to pay. Do the right thing, the square thing and treat others like you would wish to be treated yourself.

The city council has taken a forward step in providing sleeping quarters for transients, commonly called tramps or hobos. The old ladder factory building at the northwest edge of town has been leased, a stove set up and coal will be furnished to keep the place warm. All tramps may not deserve a warm place to sleep, but during these times there are many on the road, and unless a public place is provided, they bother manufacturers and others with requests for a night's lodging. The city found it impossible to care for them at the water works plant this winter. The place will be patrolled by city policemen and if the men appreciate what is being done for them they will help in keeping the place in order. Otherwise the city will withdraw its support and it will be a case of sleeping in the parks which during freezing nights will not be so agreeable.

It is hard to believe that the people of the United States will approve of the legalization of lotteries as a revenue-producing agency. The government is hard pressed for money, but the public believes that the tax emergency hardly warrants the participation of the government in a gambling enterprise. If lotteries are legalized it will not be long before other gambling schemes and games will receive official sanction. The bars will be let down to a revival of gambling, and the customary evils which attend a general participation of the public in games of chance and devices that hold out the promise of large returns for a small outlay will follow. The lottery racket in the first half of the last century developed fraud and corruption that forced the Federal and state governments to enact laws prohibiting the schemes. The rapidity with which the lottery evil spread in the period between 1830 and 1840 is best illustrated by conditions in Philadelphia, which became the lottery capital of the country. A repetition of this situation would be a calamity. The revenue-producing feature would merely be a pretext for the re-establishment of a vicious system that would undermine the moral fiber of the nation. — Richmond Palladium.

Clean Out Kidney Poisons

Wash Out Your 15 Miles Of Kidney Tubes

If kidneys don't pass 3 pints a day that contain nearly 4 pounds of waste matter, the 15 miles of kidney tubes and filters become clogged with poisonous waste products and the passage of acid urine is great. Increased Bladder passages are difficult . . . which often smart and burn like scalding water and cause discomfort. This acid condition, brought about by the kidney condition, is a sure signal and may be the beginning of nagging backache, leg pains, loss of pep and vitality, getting up nights, lumber, swollen feet and ankles, rheumatism and digestive trouble. You can wash these bowls which contain only 27 feet of intestines but neglect the kidneys which contain 15 miles of tubes and filters. These tubes are never cleaned out with soap, it may knock you out and lay you up for many months. Don't run any risk. Make sure your kidneys empty 3 pints a day.

Take a dose of DOAN'S PILLS, an old prescription, which has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and will help to wash out the 15 miles of kidney tubes.

But don't take chances with strong drugs or so-called "kidney cures" that claim to fix you up in 15 minutes. Treatments of this nature may seriously injure and irritate delicate kidneys. DOAN'S PILLS is the old reliable relief that contains no "dope" or habit-forming drugs. Be sure you get DOAN'S PILLS at your druggist.

CHURCH REVIVALS

First M. E. Church

The revival meetings now in progress at the Decayur M. E. church are rapidly nearing their close. Tonight Evangelist Lewis will speak on "The unpardonable Sin," another of the red letter messages of his campaign. The boosters meet at 7:00 P. M. and evangelistic services follow at 7:30.

Last night marked the presentation of the most interesting service of the series thus far. In telling the story of his early life the evangelist told of his old home some 25 miles southeast of Cincinnati, Ohio. The audience was moved to tears more than once as he described the poverty and want of his early home and the rugged simplicity and honesty of his parents. The story of his sixteen year old sister's remarkable trip to the village church by herself for the first time, of her conversion and witness back among children who didn't even know the name of Christ, and of her

tragic death three weeks later and of how the whole family followed her spirit's footsteps across the fields to the same church to find her Christ, was the climax of the message.

The prayer meetings reached a new high mark yesterday with a total of 88 percent in nine different groups. A strenuous effort was made to pass the 100 mark in attendance today. The final prayer meetings of the campaign will be held tomorrow morning at 9:30 o'clock in the following places:

Mrs. Sarah Dixson, 615 Indiana; Mrs. Iva Stuckey, 724 Second; Mrs. Harvey Baker, 241 North Sixth; Mrs. Alva Rice, 233 North Fourth; Mrs. Leigh Bowen, 313 Madison; Fred Busche, 109 S. Eleventh; Mrs. D. Myers, 337 Winchester, Business Men, Brock Apts. North Second.

DON'T GET UP NIGHTS
IF YOU ARE OVER 40.

If so, nature is warning you of danger ahead. Get rid of your trouble early. Make this 25c test. Get Juniper oil, Buchu leaves, etc., in green tablets. Ask for BUKETS the bladder laxative. Take 12 of them in four days; if not pleased go back and get your money. BUKETS work on the bladder similar to castor oil on the bowels. Flushes out excess acids and other impurities which cause getting up nights, frequent desire, scanty flow, burning, backache or leg pains. You are bound to feel better after this flushing and you get your regular sleep. Guaranteed by Holthouse Drug Co.
