Herron, paroled a few weeks ago after serving a term in state prison on a robbery charge, threatened Armantrout with a shotgun, police were told.

Herron became angered while attending a party at Armantrout's home, other guests testified.

Armantrout shot Herron five times with a revolver.

Did you ever notice .. in a roomful of people .. the difference between one cigarette and another .. and wonder why Chesterfields have such a pleasing aroma

Many things have to do with the aroma of a cigarette ... the kind of tobaccos they are made of ... the way the tobaccos are blended ... the quality of the cigarette paper.

It takes good things to make good things.

Someone said that to get the right aroma in a cigarette, you must have the right quantity of Turkish tobacco—and that's right.

But it is also true that you get a pleasing aroma from the home-grown tobaccos ... tobaccos filled with Southern Sunshine, sweet and ripe.

When these tobaccos are all blended and cross-blended the Chesterfield way, balanced one against the other, you get a flavor and fragrance that's different from other cigarettes.

Sixty Miners Facing Death

Warsaw, Jan. 2—(U.P.)—Sixty miners deliberately faced death in the Baska pit of the Bobrowa coal field today in a suicide strike by which they hoped to obtain two months' back pay.

They remained in the galleries while water flowed in at the rate of 250 cubic feet a minute, and refused to leave until their demands were met.

A crisis was expected today as the water neared the mine shaft. In addition to their demand for back pay, the miners want the owners to promise them that the mine will not be closed. If it were closed, the pumps stopped permanently, the mine would be ruined by water.

ROOSEVELT TO GIVE MESSAGE

Annual Message To Congress Will Be Delivered Friday

Washington, Jan. 2. — (U.P.) — President Roosevelt will deliver his annual message to congress between noon and 3 p. m. Friday, he said today.

The exact time, however, for delivery of the document setting forth new deal recommendations for 1935 depends on congress; the White House indicated.

Mr. Roosevelt revealed that the finishing touches yet remained to be placed on the message.

Meanwhile, he carried forward plans for a meeting Friday night in his white house study with congressional leaders, four or five from each house. With them he will review recommendations in the message and go over in detail the legislative picture of the year.

The end of the week will see Mr. Roosevelt completing his budget message which congress will receive Monday. As last year, he will meet with newspapermen Saturday morning to talk over the salient features of the budget message.

In his first 1935 press conference, Mr. Roosevelt was asked concerning the reports that the White House had hinted to secretary of the interior Harold L. Ickes that Ebert K. Burley, chief administrative assistant, and Louis R. Glavis, director of investigation for the department, be removed from their present positions.

Disclaiming knowledge of such a hint, Mr. Roosevelt said that the story apparently was made out of whole cloth.

In connection with the report he observed that there apparently came a time when complaints were received about every one in Washington life.

Asked whether he had also received a congressional canvass of the bonus situation, he remarked that he had not.
