

COURT UPHOLDS PROCLAMATION

Martial Law In Vigo County Upheld By Three Judges

Terre Haute, Ind., Oct. 7.—(U.P.)—Martial law in the Vigo county case was upheld today by a three-judge federal court. A petition for a temporary injunction against the enforcement of martial law in the area, filed by the Socialist and Labor League, was denied by the court.

Martial law was declared in the county July 22 after a strike by the Columbian Enameling and Stamping company plant had prevented a general walkout which would have cost 65,000 workers and paraded in the area.

The ruling was handed down by Judge Robert C. Baltzell of the northern district federal court, sitting with William M. Sparks, United States circuit court judge, and Thomas W. Slick, United States district court judge, at the hearing.

Judge Baltzell earlier denied a motion by state's attorneys to dismiss the petition.

"There is not a scintilla of evidence which justifies the issuance of a temporary injunction in this case," said Judge Baltzell.

The affidavits filed on behalf of the defendants are entirely unconvincing and pertinent and therefore the motion of the complainant to strike out the same will be denied.

"The motion of the defendant to dismiss the bill will be overruled and the application of the complainant for a temporary injunction will be denied," he concluded.

The petition was filed in the

name of Otis Cox, secretary of the Enameling and Stamping Workers Union.

Defendants in the case were Gov. Paul V. McNutt, Maj. Earl Weimar, commanding officer of the national guard troops in the area; Mayor Sam Beecher of Terre Haute, and other civil and state authorities.

The three-judge court held that Gov. McNutt was within his rights in ordering the national guard troops into the area to enforce the martial law.

HITLER ISSUES PEACE WARNING

Warns World Peace Of Germany Must Not Be Disturbed

Hamel, Germany, Oct. 7.—(U.P.)—Reichsfuehrer Adolf Hitler has warned the world today that the peace of fascist Germany must not be disturbed.

Hitler said Germany was like "a peaceful island" in a world racked with revolutions and wars for which "democratic systems" could be blamed.

"We do not want to harm anybody," he told the farmers of the Bueckberg mountain country at their annual Thanksgiving ceremony yesterday. "But," he added, "we will not suffer anybody to harm us."

Germany does not need wars "to cover up internal dissensions," he said with great emphasis.

Hitler reiterated the need of discipline for people and urged the farmers to stand behind their government. He described at length Germany's crowded condition, its lack of colonies and raw materials.

Referring to the achievement of equality under his bold international thrusts he said "no commission, no League of Nations could protect us—we ourselves are chosen to protect the Fatherland."

"Where is the statesman who dares to walk among his people as I among you?" he shouted.

SUCKLING COLT SHOW AT BERNE

Fourth Annual Show Will Be Held At Berne Saturday

Professor L. F. Bentley, head of the animal husbandry department of the Pennsylvania State Agricultural college, has been selected as judge of the Berne fourth annual suckling colt show which will be held Saturday, October 12.

The show will be one of the largest events of its kind ever held in Adams county. A total of 129 colts have been in the Gold Medal Club and are eligible to show without further fees.

Non-members may show their suckling colts by paying 50 cents entry fee at the show.

The committee selected the judge with the purpose of advertising Adams county horses throughout the year. As the best Adams county horse sales are made in the East an eastern judge was obtained who will advertise the horses of this community.

The first class will go in the ring at 9 a. m. and will be the class of pure bred Belgian stud colts. The second class will be of pure bred Belgian mare colts.

The other classes will be: stud percheron colts, mare percheron colts, grade stud Belgians dropped prior to May 15, grade Belgian mare colts dropped prior to May 15; grade Belgian stud colts dropped after May 15, and grade Belgian mare colts dropped after May 15.

Sweepstake ribbons will be offered for both pure bred and grade Belgian colts and percheron colts.

Fire Destroys Celina Factory

Celina, O., Oct. 7.—(U.P.)—Defective wiring was believed to have started a fire which destroyed a two-story frame building housing part of the Brandt Furniture factory here today. The loss was estimated between \$75,000 and \$100,000.

The Celina fire department prevented the flames from spreading to adjoining factory buildings and houses. The building which burned housed the stock and cutting rooms, in which 75 men were employed.

Donald Dibble of Celina, Ohio, foreman at the plant, is a brother-in-law of Mrs. Fred King of this city. Mrs. King's father, Ferdinand Smith, assistant fire chief of Celina, was overcome by smoke while fighting the flames but quickly recovered.

LEAGUE MEMBERS

troops thousands upon thousands of other troops and guns have crossed the Mareb river and have been pushing steadily southward, night and day, building bridges and blasting roads across rocky mountain cliffs which never knew wheel tracks before.

With victory achieved in the first phase of their campaign, the Italians are consolidating their gains and preparing for new thrusts against the enemy.

War paraphernalia of all sorts is arriving in vast quantities, carried by foot soldiers, mounted soldiers, on mule back and packed into heavily-laden dust-grey lorries.

Battalion after battalion of native and Italian infantry with mounted machine guns and mountain gun regiments with 105 millimeter (4.1 inch) field pieces, mounted on rubber tires and drawn by tractors are pounding southward in a steady stream.

Dismisses Victories (Copyright 1935 by United Press)

Addis Ababa, Oct. 7.—(U.P.)—Emperor Haile Selassie in a telegram to the League of Nations contemptuously dismissed Italy's victories in northern Ethiopia today as mere clashes between frontier guards and isolated detachments.

Ethiopia has not begun to fight, the emperor indicated in his message. He said that his men, by order, did not resist the Italians who "stormed" Addis and he said that there had been no real clash since the Italians began their drive Thursday.

Italy used 20 airplanes in its bombing attack on Addis, the emperor asserted.

"Italian aggression, prepared for months against Ethiopia—to whom the arms for her defense have been systematically refused—was thus plainly consummated in a region where frontiers have been plainly defined by treaty and are incontestable," the telegram said.

It was said officially, in this connection, that the Ethiopian army has not yet entered into action. In accordance with its plan to permit Italy to advance until it had been established definitely as the aggressor and the League of Nations was left with no legal

"Peace Bonds" Offered for Sale

Peace societies in the United States are taking steps to insure peace. Coming at a time when Europe allegedly is on the brink of war, and when war talk pervades the country, the action of the National Council for Prevention of War in issuing "peace bonds" is receiving wide acclaim.

The bonds have been offered for sale in Milwaukee. Senator Gerald P. Nye of North Dakota started the campaign off by buying the first bond from Miss Jeanette Rankin of Montana, first woman elected to congress and one of the nation's most ardent peace advocates. The bonds, ranging in denomination from \$1 to \$100, bear the pledge "that the sum represented hereby will faithfully be used for the development of a more adequate peace movement throughout the United States, having as its objective the prevention of war."

or moral ground for evading a declaration of Italy as outlaw.

"Addis fell yesterday without resistance after Adigrat had been occupied without resistance previously. Our troops are outside the towns still," the emperor said.

It was recalled at once that Ethiopia's plan not to defend Addis had been announced publicly long before the Italian arrival.

Indications were that any real fight would not come until the Italians had penetrated farther south.

Significant of this was the announcement today that Dejazmatch Avaro Kassa, second son of Ras Kassa, the country's strongest military figure, have moved 30,000 trained men northward from Fische toward Gondar, key to Lake Tana and the Blue Nile.

Ras Kassa himself already is on the way to take command of all northern forces, and the emperor may go northward.

Heavy Toll

Paris, Oct. 7.—(U.P.)—The Addis Ababa correspondent for the newspaper Soir today estimated the death toll of the Italian invasion through Sunday was 800 Italians and 6,000 Ethiopian civilians and warriors.

and bruises was dismissed this afternoon.

Miller formerly resided in Adams county and is well known here.

CHICAGO FACES MILK SHORTAGE

Strikers And Non-Strikers Battle Furiously Sunday

Chicago, Oct. 7.—(U.P.)—A milk famine confronted Chicago today as Northern Illinois and Southern Wisconsin farmers striking for higher prices cut the city's supply far below normal.

Violence, which has flared in the destruction of milk shipments by the strikers, "will be met with violence," according to an ultimatum issued today by law enforcing officials of Kane county, center of the strike.

Officials of the pure milk association, producers' organization opposed to the strike, said there was "plenty of milk in the city for all deliveries." This conflicted with a report of the association milk dealers, Inc., which said the supply had been cut to 50 per cent of normal and that only hospitals, orphanages and homes with children were assured of milk today.

Violence reached a new peak Sunday when 100 strikers engaged in a pitched battle with non-strikers at the Lisle receiving depot of the Union Dairy company. Pickets threw bricks through windows of the depot but were held off by state policeman Frank Long, who drew a revolver and stood at the door.

Farmers armed with clubs and baseball bats dispersed the pickets after a furious battle in which dozens suffered cuts and bruises.

Fifteen private guards were unable to combat a gang of pickets who raided a Northwestern railway car and dumped 22,000 pounds of milk at Gardenprairie.

Deputy federal marshals reached the scene just after the strikers left. Every picket who attempts to halt milk shipments will be arrested, state's attorney George D. Carberry announced.

Hopes for a truce centered today on a "peace" conference with Gov. Henry Horner and representatives of both factions in the price dispute.

RURAL CARRIERS ATTEND MEETING

Decatur Carriers Attend District Meeting Saturday

Decatur rural route carriers attended the fourth district convention of the rural letter carriers' association held Saturday at Fort Wayne.

Russell Collins of Hudson was elected president of the association. Other officers are: Fred A. Stuck of Ashley, vice-president and Carl Brown, Orland, secretary.

The ladies' auxiliary which met in conjunction with the men's organization elected Mrs. Russell Collins as president; Mrs. Clyde Barry of Freemont as vice-president, and Mrs. Carl Brown as secretary. Mrs. Charles Maloney of Decatur was among those selected for the nominating committee.

Clyde King of Lagrange served as toastmaster at the banquet. The invocation was given by W. F. Beery of Decatur.

L. G. Ellingham, Fort Wayne postmaster, gave the welcome address Saturday afternoon and W. F. Beery made the response.

GROGER ADMITS MURDERING MAN

Lafayette Grocer Admits Slaying Frankfort Bakery Salesman

Lafayette, Ind., Oct. 7.—(U.P.)—Harman Wohl, 45-year-old grocer, told Tippecanoe county authorities today he committed the robbery-slaying of Luther Wells, Frankfort bakery salesman, to obtain funds to organize a Townsend old age pension club in Delphi.

Expressing a desire to die for the crime to which he confessed, Wohl asked officers if it could not be arranged to have the case over quickly.

Meanwhile, the state prepared a first degree murder charge against the grocer, who said he ambushed Wells on a lonely road east of Delphi late Tuesday.

He said he lured Wells to the death scene on the pretext of having the victim's opinion regarding some land he proposed to trade for property in Delphi.

Wohl told authorities where they could find \$78.57 obtained in the robbery and the gun used in the slaying. The money was hidden in a bucket at the garage of his home in Delphi, and the gun was secreted in the wall of the home of Theodore Weiland, in Delphi, to which he had access.

The grocer was arrested Saturday night by state police on suspicion, and he confessed after two hours of solitary confinement.

ed the United States against any complications growing out of the Italo-Ethiopian conflict.

His warning that those who conduct any sort of trade or commerce with either belligerent must do so without this government's blessing or protection was expected to put a damper on American exports of wheat, cotton, copper, steel and other commodities to Italy (American trade with Ethiopia is negligible), which might bring about international complications.

As matters now stand the league powers are assured in advance of an imposition of sanctions that the United States will not insist upon the right of American vessels to trade with either belligerent. Any American vessel which does make the attempt probably could be stopped by any warship of the league powers without incurring the displeasure of Washington.

Although the president's proclamation legally applies equally to Italy and Ethiopia, the practical effect is to involve only Italy be-

Mrs. Housewife--Here's The Help You Want

The Daily Democrat's Washington Bureau has produced for you, Mrs. Housewife, the kind of handy reference work you have always wanted—THE HOUSEWIFE'S MANUAL—a readable and understandable compendium of useful hints on housecleaning, care of furniture and floors, laundering, cooking, and miscellaneous hints and suggestions for making the housework easier. The Booklet contains 24 pages, attractively bound in color. Fill out the coupon below, wrap up a dime, and send for your copy.

CLIP COUPON HERE

Dept. B-121, Washington Bureau, DAILY DEMOCRAT,
1013 Thirteenth St. NW, Washington, D. C.

Here is my dime. Send my copy of the HOUSEWIFE'S MANUAL:
