Make Halloween an occasion for  
fun and a good time. Join the  
crowd, march in the parade, see  
the sights and help make it a big  
community party.

Vandalism has no place in the  
observance of Halloween. Boys  
bent on destroying property will  
have to pay the penalty for police  
officers will arrest those who cause  
damage under the guise of cele-  
brating.

Governor McNutt has announced  
that if a special session of the  
legislature is necessary, it will not  
be called until after the first of  
the year. That stand is right and  
meets with popular approval. If  
legislation must be passed in or-  
der to meet requirements of the  
federal social security act, the  
session should be limited to those  
acts.

A radio manufacturer is author-  
ity for the statement that 31 per  
cent of the families in Indiana do  
not have radios. The average per-  
son thinks everyone has a radio,  
but evidently there is a field open  
for sales in this line and with the  
long winter evenings ahead many  
pleasant hours can be spent in  
listening to the amateur and pro-  
fessional entertainers that "come  
in" over the air.

Members of the Rotary club will  
be favored next week with an ad-  
dress by Clarence "Pat" Manion,  
state director of the National Em-  
ergency Council. Mr. Manion is  
making an enviable record for  
himself in the direction of the  
federal program and also bringing  
great credit to his state. He is  
a forceful, magnetic speaker and  
the local club is anticipating his  
visit with genuine pleasure.

Clinton street in Fort Wayne is  
to be opened under the Pennsyl-  
vania tracks, a project that city  
has been working on for 25 years.  
It will mean much to the south  
end of Fort Wayne and will do  
much in increasing property values  
in that district. The improvement  
is made possible through an allot-  
ment of \$339,000 PWA funds and  
the cooperation of the state high-  
way commission and the city gov-  
ernment.

The Marion county auditor is  
going to have a sweet job of re-  
funding \$135,000 to about 75,000  
Indianapolis taxpayers. The Su-  
preme court has ruled that the  
city is not entitled to the two-cent  
levy made in 1933 and that the  
money must be refunded. Figur-  
ing the two cents on every piece  
of property at least will acquaint  
one with the lower percentages  
and the joke is that it took a two  
and one-half cent levy to raise the  
same amount this year, due to the  
lower property valuations.

The importance of the beet  
sugar industry and the successful  
operation of Indiana's only beet  
sugar refinery was again impress-  
ed on Indiana retail grocers yes-  
terday, when several score gather-  
ed here as guests of the Central  
Sugar company. These meetings  
serve to bring a close relationship  
between the management, the  
farmer who raises the beets, the  
man who sells and the person who  
buys the sugar. They create an  
understanding of what is meant  
by "What Indiana makes—makes  
Indiana."

While the cost of Indiana's state  
government was reduced approxi-  
mately five million dollars, the  
cost of Ohio's was increased \$29-  
182,000 in 1934 over 1933. In a  
report of the Ohio Government  
Survey, tax facts in Ohio startle  
the average taxpayer. The report  
shows that in 1934, the total cost  
of government in Ohio was \$413-  
033,000. Of the total, the munic-  
ipalities spent \$120,615,000; coun-  
ties, \$101,890,000; townships, \$9-  
221,000, and school districts, \$104-  
359,000. The 1934 state disburse-  
ments amounted to \$139,244,014.63,  
according to the survey. This  
tremendous increase in state gov-  
ernment costs and other govern-  
mental costs in Ohio, with de-  
crease in revenues due to the de-  
pression unusual relief demands  
and delinquent taxes, was respon-  
sible for the enactment of the  
bracket sales tax in Ohio.

When preparing to store the  
wicker porch furniture for the

## Modern Etiquette By ROBERTA LEE

Q. When making a call of con-  
dolence, is it all right to remain  
for an hour or two?

A. Not unless one is a very in-  
timate friend and has been request-  
ed to stay; the call of condolence  
should otherwise be made as brief  
as possible.

Q. May one open a window in  
any public place when others may  
be discomforted by it?

A. No. Always observe the  
rights and comforts of others.

Q. When a woman is given a  
corsage at a formal dinner, should  
she pin it on immediately?

A. Yes.

## BILIOUS SPELLS

Gone Over 6 Months

MRS. CLEO TAYLOR, 1126 W.  
2nd St., Muncie, Ind., says: "I  
have been free from those bil-  
ious attacks and headaches ever  
since I took Indo-  
Vin, over 6  
months ago. My  
liver was badly  
disordered and  
caused this awful  
condition. But I  
bless the day I  
found this great  
medicine. I don't  
have the bilious spells like I had  
before and those dreadful head-  
aches are a thing of the past." The

## LONG HENCHMAN IS ACQUITTED

### Col. Shushan Is Acquitted Of Federal Income Tax Charges

New Orleans, Oct. 24.—(U.P.)—Fol-  
lowers of the recently assassinated  
Sen. Huey P. Long celebrated  
today with a wild party in the  
senator's former Roosevelt Hotel  
suite the acquittal of Col. Abraham  
Shushan of federal income tax  
charges.

A jury freed Shushan, roly-poly  
president of the New Orleans levee  
board, after deliberating two hours  
and a half last night. Although  
one member of the Long organi-  
zation already has been convicted  
of evasion of income taxes and  
six more are under indictment,  
the "boys" took Shushan's acquit-  
tal as a happy omen.

The political machine Long left  
behind him is preparing for its  
first big test under its own power  
in a January election to choose  
Long's senatorial successor, a gov-  
ernor and other important officers.  
They interpreted Shushan's acquit-  
tal as a vindication of their organi-  
zation.

Under stimulus of the verdict  
Shushan and some of his associ-  
ates made a mass attack in the  
courtroom on newspaper photo-  
graphers.

Three cameramen were severely  
mauled. Deputy U. S. Marshal  
John Wells had to threaten use of  
a gun to rescue Leon Trice, whom  
Long himself once attacked in  
similar circumstances, from Paul  
Voitier, once Long's bodyguard.

Wells did not actually draw his  
revolver but frightened Voitier  
into retreat by meeting a gesture  
of Voitier's hand toward his hip

pocket with a flash of his own  
hand toward a gun. He finished  
the rout by hustling Voitier out of  
the building.

Trice, William McClymott of the  
New Orleans Tribune and Hardy  
Williams of the Times-Picayune  
offended the Long men by snapp-  
ing flashlight pictures of Shushan  
at the moment a dozen of his yell-  
ing friends leaped a courtroom rail  
to slap back and pump his hand  
in congratulation over the just an-  
nounced verdict.

Williams and McClymott escap-  
ed to a stairway but were cornered  
there, their cameras smashed and  
they were themselves severely  
mauled. McClymott said Shushan  
was one of the principal ag-  
gressors.

After court bailiffs quieted the  
courtroom melee Shushan invited  
everyone within hearing to a "vic-  
tory party" in suite 1238 of the  
Roosevelt, the same rooms that  
were Long headquarters.

The jury acquitted the "colonel"  
of all ten counts of an indictment  
charging that he accepted \$300,000  
graft in five years that was un-  
accounted for in his income tax  
statements.

Shushan and witnesses for him  
asserted that any money he hand-  
led and did not include in his tax  
returns was "gift money for the  
Huey Long party."

The indictment charged that as  
president of the levee board, a post  
controlling expenditure of millions  
of dollars of state funds for levees  
and seawalls, he accepted graft  
from the Standard Dredging Com-  
pany of New York. Shushan ad-  
mitted that the company gave him  
a rebate of two cents a cubic yard  
on dredging for a seawall but said  
the payments were political con-  
tributions.

"You jurors are practical men  
and know how elections are con-  
ducted," defense Attorney Hugh  
Wilkinson said in his closing plea.

## LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes

Nature put over 15 miles of tiny  
tubes and filters in your kidneys to  
strain the waste matter out of the  
blood. Kidneys should pass 3 pints  
a day and so get rid of more than 3  
pounds of waste matter.

When the passing of water is  
scanty, with smarting and burning,  
the 15 miles of kidney tubes may  
need flushing out. This danger signal  
may be the beginning of nagging  
backache, leg pains, loss of pep and  
energy, getting up nights, swelling,  
puffiness under the eyes and dizziness.

If kidneys don't empty 3 pints a  
day and so get rid of more than 3  
pounds of waste matter, your body  
may take up some of these poisons  
causing serious trouble. Don't wait!  
Ask your druggist for Doan's Pills,  
which have been used successfully by  
millions of people for over 40 years.  
They give happy relief and help the  
kidneys to flush out 3 pounds a day.  
Insist on Doan's Pills.

**GOING STRONG HARDIWEAVE**

**Suits**

Over 150 years ago  
rugged pioneers  
braved the rigors of  
the early western wil-  
derness and establish-  
ed a new civilization.  
There the Hardiweave  
fabric was born.

In '49 adventurous  
men led west by the  
gold rush, found this  
sturdy fabric famous  
for wear. Introduced  
to all America, it won  
the wholehearted ac-  
ceptance of modern  
men.

Hardiweave has  
proven itself, first by  
the experiences of  
those hardy pioneers;  
second by the actual  
wearing experience of  
today's hard living,  
swift moving men;  
third by scientific tests  
in the laboratory, il-
