next Saturday, making this a busy
week for those who plan to seek
honors by way of the ballot.

Hitler carried Germany almost
unanimously, receiving the support of
98.79 per cent. Whether it be
from love or fear, we must admit,
the old boy is a politician and gets
results.

How about it? Have you bought
your bond? You want to be a
part of the big Centennial and the
best way to do your part now is
to help in financing the biggest
event ever held here.

Advertising is the life blood of
any successful business. Every
merchant who has progressed and
made money will tell you that.
This is the season when it pays
and you can prove it for yourself
if you will try it wisely.

The Townsend pension plan is
on the way out and moving about
as rapidly as it came in. The in-
vestigation now being made in con-
gress indicates that at least some
of those who had control of the
campaign, did not lose any thing
and probably will be able to get
along without a pension.

Governor "Happy" Chandler is
"again" the wholesale issuance of
titles as Kentucky colonels and his
position has been upheld by the
court. To add to the disappoint-
ment of those who were carrying
these titles, all commissions have
been withdrawn and the colonels
are just plain, every day "misters."
And so it goes, we receive covet-
ed honors only to have some one
come along and "knock our ears
down."

Congratulations to the Fort
Wayne Central Tigers for the ex-
cellent showing in the state bas-
ketball tournament. They went to
the finals and lost to what is prob-
ably the best team ever put out in
Indiana, the Frankfort Hot Dogs.

The Tigers are without a doubt the
next best team and experts declare
they would have won any previous
state tournament. This is the best
ever done by a five in this part of
the state and the players and fans
in this region are justly proud.

The new county welfare board
will be one of the important agen-
cies of government. These men
and women will have charge of
administering old age pensions,
pensions for the blind, care of de-
pendent children and other wel-
fare activities. Their duties will
be many and of great importance
and properly administered, will
mean much for the betterment of
each community. We are sure the
splendid personnel of the Adams
county board will more than meas-
ure up.

Cleaning Satin Slippers
Satin slippers can be cleaned
nicely by putting three or four
drops of lemon juice in a little
alcohol, and applying to the slippers
with a soft white cloth.

Fruit Salad
The individual fruit salad can
be made very attractive, as well
as delicious, if served with a ball
of cream cheese sprinkled with
cinnamon.

the approval of the general public.
Mrs. Knapp who has served sev-
eral years as probation officer, is
splendidly qualified and by abolishing
the job of probation officer, the
cost of the new director to the
county is reduced to a very small
additional amount. Mrs. Knapp is
well acquainted with the duties of
her new job and will perform them
with merit. With the splendid
board named by Judge DeVoss to
support her, the new law will be
carried out here to the betterment
of the county, we are sure.

Those who are looking for signs of
how the coming presidential election
is going to come out, should not overlook the California
registrations. In Los Angeles
county, the record breaking total of
1,192,222 registrations have been
announced and the results are just
the opposite of previous years.
Democrats registered number 406,
589 and Republicans 236,705 with
those favoring all other parties to-
taled less than 4,000. Only 34,283
declined to state a preference.
Give that a little thought, turn
over to the financial pages of any
newspaper and make up your own
mind as to what is going to happen.

THE BONUS:

Where will the bonus money go
and what lines of business will
profit most is the question now
being asked by many. The New-
castle Courier-Times has this to
say about it:

"Some of the so-called financial
experts have been arguing as to
the effect of the bonus payment in
June and while the influence may
be over-estimated there can hardly
be any doubt that such an influ-
ence will appear. This is the be-
lief of no less an authority than
the Guaranty Trust Company of
New York which points out that
the bonus money for the veterans
will represent newly created pur-
chasing power, a net addition to
the current volume of demand for
commodities, services, securities
and other available objects of ex-
penditure. Continuing the survey
says:

"Unless estimates based on a
questionnaire sent out by the Amer-
ican Legion to its members last
month are grossly in error, it
seems likely that the construction
industries will be among the prin-
cipal branches of business to bene-
fit by the bonus payments, and that
the real estate market, especially
the market for individual dwell-
ings, will be stimulated in some
degree. The automobile industry
is also likely to feel the effects of
veterans' expenditures. The sur-
prisingly large figure for repay-
ment of previous debts is impos-
sible to analyze, since funds receiv-
ed by creditors may be used for
innumerable purposes, almost all
of which, however, are likely to
result in some degree of stimula-
tion to one branch of business or
another."

Relax
The busy housewife does not
realize what benefit would be de-
rived by spending one day a week
in perfect relaxation. Form the
habit. Select one day and let nothing
interfere. It is an excellent
remedy for that tired feeling, and
helps wonderfully to rebuild the
system.

Mr. Roosevelt also notified Sec-
retary Marvin H. McIntyre that he
had accepted the resignation of
Judge Samuel Alschuler of Chi-
cago from the United States court
of appeals. Alschuler asked, it
was explained, that his resignation
be accepted.

It is with profound sorrow that
the Bar of Adams County note the
passing of Mr. Myers. His
accidental death at Indianapolis,
Indiana, on March 26, 1936, was
appalling.

He was industrious, courteous
and a conscientious lawyer and
student, and the welfare of his
client was always uppermost in
his mind. He was active in civic
affairs of his community and his
presence and assistance will be
missed by his associates. He
merited and received the highest
respect and esteem from all who
knew him. As one of the younger
lawyers, he showed much ability
and progress.

IT IS THEREFORE RESOLVED
by the Adams County Bar Associa-
tion that in the death of Herman
H. Myers, the Bar of Indiana, has
lost an honorable, able and re-
spected member, the community
in which he lived a useful citizen
and his family an affectionate
husband and father.

BE IT FURTHER RESOLVED
that a copy of these resolutions
be recorded in the records of the
Adams Circuit Court and a copy
be presented to the family of the
deceased.

Respectfully Submitted,
Judge H. M. DeVoss, ch.

CONFERENCE ON

CRIMINAL LAW

Police Training Courses
To Be Started At Indiana University

Bloomington, Ind., March 31—
(UP)—Responsibility for police
training must be definitely placed
on the shoulders of the universities,
O. W. Wilson, Wichita, Kas., law en-
forcement authority, said today in
opening a conference on criminal
law administration.

He told hundreds of Indiana law
enforcement officers, mayors, prosecut-
ing attorneys and others that
universities in each state must pro-
vide pre-employment training which
will equip the students to serve in
any police department in the country.

Prof. J. J. Robinson, professor
of criminal law and director of the
institute of criminal law and crimin-
ology at Indiana university, announced
that two and four year police
training courses will be inaugu-
rated at the University next Sep-
tember.

Donald F. Stiver, superinten-
dent of Indiana state police, endorsed
the university's move.

More than 90 per cent of the Marion
county youths paroled from the
Indiana boy's school have been re-
arrested within eight years after
their release, Maurice L. Hunt, a
member of the school staff, told
the conference.

Out of 119 cases studied, 66 negroes
and 40 whites were rearrested,
five negroes and six whites were
not rearrested and two died at the
school.

Of those rearrested: 47 were
sentenced to Indiana state reformatory,
54 to Indiana state farm, he
said.

IN MEMORIAM

Herman H. Myers was a native of Decatur, Indiana, an only son of Mr. and Mrs. John T. Myers. He was born in this city August 29, 1902, and lived here continuously until his death. He was graduated from the Decatur high school in 1920 and in the Fall of that year entered Indiana university. Later, he obtained an appointment to West Point Military Academy and remained there for one semester, returning to Indiana university, from which institution he was graduated in 1925 with an A. B. degree. He entered Cumberland university at Lebanon, Tennessee, where he obtained his L. L. B. degree in 1930. Returning, after his graduation in 1929, to Decatur he opened a law office, being associated with Attorney C. J. Lutz. Following the 1934 election, Mr. Myers was appointed City Attorney of Decatur, assuming his office January 1, 1935, which appointment he held at the time of his death.

In 1926 Mr. Myers was married to
Miss Mary Oman of Bluffton, Indiana. They have one son, John, age three.

It is with profound sorrow that
the Bar of Adams County note the
passing of Mr. Myers. His
accidental death at Indianapolis,
Indiana, on March 26, 1936, was
