**HAPPY RELIEF FROM PAINFUL BACKACHE**  
Caused by Tired Kidneys  
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are one of Nature's chief ways of taking acids and wastes out of the blood. A healthy person should pass about 3 pints a day and so get rid of more than 3 pounds of waste matter.  
If the 15 miles of kidney tubes and filters don't work well, waste stays in the body and may become poisonous. It may start nagging backaches, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't let it lay you up.  
Ask your druggist for Doan's Pills—used successfully by millions for over 40 years. They give happy relief and will help to flush out the 15 miles of kidney tubes. Get Doan's Pills.

**It Will Pay You**  
TO WAIT FOR MY CALL BEFORE YOU BUY FLY SPRAY FOR THE COMING SEASON  
Watkins Fly Spray goes further, because you use less. Farmers and dairymen prefer Watkins Fly Spray, because it kills flies off the stock, leaves stock clean and comfortable, goes further than other sprays and will not taint milk or reduce the flow. Many dairymen report that they have to buy only half as many gallons of Watkins Fly Spray to get the same results. It's money in your pocket when you buy Watkins Fly Spray.
