WORKMEN WALK OUT IN FRANCE

70,000 French Laborers Demand Concessions From Capital

Paris, Sept. 10 (UP)—Metal workers at Douai went on strike today bringing the national total of workers now demanding concessions from their employers to a round 70,000.

Partly influenced by political dissension over the government's policy toward the Spanish leftists and partly by their own working conditions, workers in many parts of the country were making new demands. In some cases they have taken over factories and refuse to leave.

Thirty thousand textile workers in the Lille, Roubaix, and outgoing districts quit work and are occupying factories, following a dispute with employers over specific application of labor agreements that settled their recent strike.

Numerous strikes have been reported in the last few days in other

sections of the country. In Marseilles the entire metallurgical industry, involving 80 plants, has been tied up.

Five thousand metal workers at Genoble have been on strike since last Thursday over terms of a labor contract and wage scales. Twenty-six hundred weavers at Amiens are striking for the same reason. Yesterday 1,000 rubber workers affiliated with the general confederation of labor reoccupied the Michelin tire works and 2,600 members of the company union occupied the prefecture building in a counter-strike.

The government last night ordered strong detachments of mobile guards to dislodge the strikers from the prefecture but the men left before the guard intervened.

Four new stay-in strikes began in the Paris region today. The Lille textile workers published a communiqué refusing to negotiate as long as 30,000 strikers occupy the mills in that region.

The employees of four chains of food stores were ordered to strike and occupy the stores in all parts of France.

The dock strike at Le Havre ended in a compromise and 1,200 men returned to work.

Ocean fishing at Lorient was halted.

duce Mr. Roosevelt to the rally delegates.

With Ehringhaus will be Governors Olin Johnston of South Carolina, Dave Sholtz of Florida, and Will McAllister of Tennessee. Delegates speculated whether Gov. Eugene Talmadge of Georgia, vigorous new deal opponent who lost his fight for a U. S. senate seat in yesterday's primary election, would attend. Gov. George C. Perry of Virginia notified officials he would not be present but would send representatives.

Weather bureau experts warned that thunderstorms may interfere with the ceremonies but no alterations were made in plans for the open-air demonstration. The stadium accommodates about 25,000 persons. The remainder will be seated in an adjacent high school athletic field and in special seats built around the two fields.

Mr. Roosevelt will be the fifth president of the century to be honored here. In 1930, former President Hoover appeared before a crowd of 50,000 at the unveiling of

a memorial on the Kings Mountain battle ground.

Says Bolshevism Must Be Crushed

Nuremberg, Germany, Sept. 10 (UP)—Propaganda Minister Paul Joseph Goebbels told the Nazi party congress today that "Bolshevism must be annihilated Europe is to survive."

"Conciliation is impossible," dynamism lieutenant of Adolf Hitler shouted. His speech went on even that of his chief yesterday in the vigor of his attack on communism and indirectly on Soviet Russia. Relations between Germany and Russia have been growing constantly more bitter during recent weeks.
