Back to The Farm

Topoka, Kan., Nov. 5 (UP) — Gov. Alf M. Landon may retire from the governorship of Kansas to a farm near Topoka instead of the old home at Independence, it was believed today.

The governor and Mrs. Landon have been looking at several farms near Topoka, friends said, and it was thought they might stay here to be near Peggy Anne, 19, the oldest daughter, who is a student at the University of Kansas.

Gov. Landon would not discuss

his plans except for the immediate future. His political future after his defeat as Republican nominee for the Presidency was not settled by any means, he indicated. He planned to confer next week with John D. M. Hamilton, the fellow Kansan and Republican National chairman who engineered him into the nomination.
