JUDGE ORDERS ALL-MALE JURY

All-Male Jury Ordered To Try Garr Brothers For Murder

Shelbyville, Ky., Oct. 19.—(UPI)—An all-male jury was ordered today to try the Garr brothers on a charge of murdering Brig. General Henry H. Denhardt, accused slayer of their sister.

The commonwealth had accepted seven veniremen and rejected the other 17 when Judge Charles C. Marshall ordered Sheriff Forrest Barnes, Jr., at adjournment yesterday to find 100 more veniremen—all men.

"Women may know more than you do in ascertaining the guilt of a person, but they certainly cannot solve this case with an impartial mind," the judge said.

Roy Garr, said by police to have admitted firing the shots which killed Denhardt Sept. 26, and Jack Garr, who was not armed at the time, appeared for trial yesterday. Dr. E. S. Garr, a veterinarian, was reported by defense counsel as being in a private hospital in Peewee Valley, Ky. He was said to be suffering from a mental illness.

"If the man is crazy, as they claim, I don't see why he isn't confined to a state institution," commented Attorney General Hubert Meredith, acting prosecutor.

Judge Marshall issued a bench warrant ordering "Doc" Carr to appear and supply \$20,000 bond for appearance at the next court term, in February.

The Garr brothers killed Denhardt 10 hours before he was to be tried a second time on a charge of slaying Mrs. Verna Garr Taylor, his fiance.

Started an investigation which, with the aid of Allen and Adams county officers resulted in Calhoun's arrest.

The girl said that Calhoun had a number of auto license plates from various states in his car. Officers reported that they believe he has been in trouble in his home state, Tennessee, and possibly other places. They are endeavoring to make a further check on his case today. It was also learned that the car used by the defendant was "borrowed" from a used car lot in Fort Wayne. Calhoun will be arraigned soon in Fort Wayne.

Police Autos Vulnerable

Elyria, O. (UPI)—Police cruiser cars are as vulnerable as private automobiles, it seems. Service Director I. D. Faxon ordered the city's three police cars into a garage to have their fenders hammered out, after complaints from Mayor Leonard Smith about their battered appearance.

ion of congress which will convene Nov. 15. They appeared in the midst of the most ominous stock market slump since the new deal took command.

Congress might, however, expand the spending program and further unbalance the budget. Mr. Roosevelt scheduled \$180,000,000 for "supplemental items"—to cover overspending in some categories and possibly additional expenditures ordered by congress.

One such likely item was loans on this year's corn crop, understood to be under serious consideration.

Former Gov. Alf M. Landon, speaking tonight in Topeka, Kan., to reassert his leadership of the Republican party, probably will make the Roosevelt fiscal report a major theme.

In his budget summation and revision of more optimistic January and April estimates, Mr. Roosevelt reported last night:

1. Revenue for this fiscal year, ending June 30, 1938, will be \$650,410,000, second largest in treasury records.

2. Expenditures will total \$7-

545,655,000, a decrease from peaks of the 1936 and 1937 fiscal years.

3. Disappointing tax revenue and congressional appropriations beyond budgeted levels upset calculations and are largely responsible for the unexpectedly large deficit.

Mr. Roosevelt revealed that treasury experts over-estimated 1938 fiscal year tax receipts by

\$643,000,000 in last January's budget and by \$256,000,000 when those figures were revised in April.

He announced the imminent liquidation of the Reconstruction

Finance Corporation and the public works administration.

Neither emergency agency will be permitted to make further loan

or other commitments. Mr. Roosevelt said some commitments now

existing probably would lapse by

failure of potential borrowers to

meet conditions imposed, or other-

wise. PWA was forbidden speci-

fically from increasing any loan or grant commitment for any project already approved. Both agencies, however, are free to discharge all existing commitments.
