This is a good time to pay your  
taxes and get that job well out of  
the road.

Only a day or two in which to  
register and unless you qualify  
you can't vote in November.

Give to the Krick-Tyndall fund.  
It means employment for a hun-  
dred good men and that means the  
livelihood of several hundred  
people with families included.

Drop in at headquarters over  
this office any evening and visit  
with the candidates and those who  
are at work on the job of winning  
an election that will show support  
of President Roosevelt and his ad-  
ministration.

President Roosevelt and every  
leader in the country is urging  
peace among the labor organiza-  
tion. It's good common sense that  
as long as the present division con-  
tinues the men who labor will get  
few advantages and in the mean-  
time progress of the nation is held  
back.

If you are first voter, have never  
registered, have married and  
changed your name, did not vote  
at the last general election or have  
moved from your precinct you  
must register again. You can do  
so by calling your precinct com-  
mitteeman or by going to the coun-  
ty clerk's office by Monday.

Senators VanNuys and Maion  
are campaigning over the state  
each night, telling the voters the  
truth about various issues, admit-  
ting that they may not always be  
right but insisting and proving  
that they are constantly striving  
for those things they feel will help  
the people of Indiana to the great-  
est limit.

Test polls carefully taken over  
the state show a decided and in-  
creased trend to the Democratic  
party. While this is an off year  
and while it is not anticipated the  
vote will be as large as in a presi-  
dential election year, there seems  
little doubt as to the results on  
November eighth. The Democratic  
candidates over the state will be  
elected except perhaps in isolated  
sections where local questions are  
the issue.

An article in Collier's magazine  
is authority for the statement that  
Willis Allen, who is back of the  
\$30 every Thursday movement in  
California, was convicted in 1934  
for using the mails to defraud in  
selling a fake hair restorer. He  
is now associated with several  
others in the pension organization  
and the article says they have an  
income of \$2,400 per day. It's sur-  
prising how some folks can be so  
easily swindled.

Old Dizzy Dean made a great  
effort yesterday and for seven in-  
nings was the old time hero. Then  
in the eighth with a man on first  
Crossetti met one and laced it  
over the left field fence, winning  
the game for the Yanks. In the

ninth with one on DiMaggio lift-  
ed another over the fence and the  
second game went to the American  
leaguers. Tomorrow the Cubs meet  
them again in New York. It looks  
as though it's in the bag.

Those who attended the fourth  
district rally at Fort Wayne this  
week were surprised somewhat at  
the great showing of enthusiasm.  
Thousands met at the headquar-  
ters, marched to the Shrine theater  
and listened for several hours to  
the addresses of the Democratic  
leaders. There is no doubt that  
Allen county and the fourth dis-  
trict will go strongly Democratic,  
showing support to the efforts of  
the greatest president of recent  
years, Franklin D. Roosevelt.

There is apparently a lack of  
proper interest in the campaign to  
raise \$8,000 to match the \$2,000  
already subscribed for the rebuild-  
ing of the Krick-Tyndall plant, a  
\$100,000 project that will restore  
to permanent employment, a hun-  
dred local citizens. It's hard to  
understand why any one would  
hesitate on such a proposition for  
surely there is nothing so import-  
ant as providing work for those  
able and willing. Let's go on un-  
til the job is finished. A little pep  
will do it in a few days.

"You ain't seen nothin' yet," is  
a conclusion which a traffic stu-  
dent has drawn from a couple of  
race car try-outs recently made on  
the Salt Lake flats in Utah, where  
Captain Eyerson drove at the rate  
of 345 miles an hour and John  
Cobb covered the distance at 342  
miles an hour. It has not been  
many years since the usual speed  
on Indiana roads was from 25 to  
35 miles an hour. Now it is from  
50 to 70 miles an hour. When we  
get our dual highway system finish-  
ed in a few years we can roll along  
at 90 or 100, but that will not  
satisfy us and in still another few  
years we shall be able to go at a  
150-mile clip. When 250-mile cars  
are common who will want to poke  
along at less than 100?—Farmer's  
Guide.

## JOHN A. M. ADAIR:

Indiana has lost one of her lead-  
ing citizens and this section of the  
state will particularly miss, in the  
passing of John A. M. Adair, one  
who was always interested in the  
people and the projects that pro-  
vided most for every one. A clean,  
careful, thoughtful and wise man,  
he succeeded always in the things  
he attempted, his advice was ex-  
cellent and he was considered in  
every way, one of the outstanding  
figures of the middle west.

He was for years the president  
of the First National Bank of Port-  
land, where he was educated and  
where as a young man he became  
interested in politics. He served as  
city clerk, county clerk, a member  
of the legislature, chairman of the  
old eighth district and as a mem-  
ber of congress for six terms dur-  
ing the years when many import-  
ant problems were solved. Mr.  
Adair was the Democratic nominee  
for governor of Indiana in 1916  
and lost by a few thousand votes,  
running far ahead of his ticket. In  
recent years he had been associ-  
ated with his son in several large  
enterprises in the east, returning  
to Portland last spring. His death  
was unexpected and came as a  
shock to the thousands of people  
in eastern Indiana who had known  
him long and respected him highly.  
Mr. Adair visited here during  
the summer and was enthusiastic  
about the future of the nation,  
with the old interest in every body  
he formerly knew and in every  
thing that was going on. His  
death is deeply mourned.

finger in his eye. Angelo went to a

## Soft Hands

Soft hands are one of the essen-  
tials of beauty. Before retiring each  
night, rub oil into the hands and  
then don a pair of gloves and  
leave them on until morning. Pure  
olive oil is best for this treatment.  
Upon removing the gloves you will  
be amazed at the remarkable re-  
sults obtained.

COLD WEATHER  
MARK SET HEREMercury Falls To 38 Last  
Night For Season's  
Low Mark

A new low temperature mark for  
the season was set in Decatur last  
night as the city experienced prob-  
ably its heaviest frost of the fall  
season.

The mercury started rapidly de-  
scending Thursday evening until it  
reached a low recording of 38 de-  
grees above zero at 4 a. m.

The temperature hung at 38 de-  
grees until after dawn, when it  
slowly climbed to 40 above at 8  
o'clock.

The new low mark, just six de-  
grees above freezing, is also five  
degrees lower than the previous  
record for the season set several  
weeks ago during a cold spell.

The weatherman, evidently en-  
couraged by a warm sun that shone  
early this morning, predicted the  
low temperatures would be short-  
lived, forecasting warmer and cloudy  
weather for Saturday.
