## St. Lawrence Waterway Plan Revised Again

Once again the planned St. Lawrence waterway project of the United States and Canada, gigantic seaway from Duluth, Minn., to the Atlantic ocean, pops into the news as engineers of the two countries reach a "substantial agreement" on the project's feasibility. The cost of the project is estimated at \$250,000,000 and it would take about seven years to complete the seaway. A main dam in the vicinity of Barnhart Island, with a power house in each country, is planned. At the same time, the project includes development of Niagara Falls, both scenically and for power purposes.

that God gives to all those who diligently seek him, and who are willing to surrender their all to his will. Four more souls came to an altar of prayer last night and three were gloriously saved, making a total of nine who have given themselves to God.

The song service conducted by Mr. Anderson is inspirational to all who have come and taken part. A quartet of young girls from Willshire brought a special number in song. Mr. Anderson's three small children also brought two numbers and Rev. Martin's daughter sang a solo. We also had a message in song from musical instruments played by Anola Freidt and Roger Arnold. The group from Willshire will be back again Friday night to bring us another number in song (Come and hear them).

Rev. Martin brought a very good

message from Luke 17: 22-25, he used as his subject "What about eternity." He presented to us eternity without God and eternity with God. Then he also showed to us that time in eternity is not to be measured by a clock or any other kind of an instrument but it would go on forever. We are busy about trying to secure a good living and obtain something to keep us these few short years and have forgotten about eternity until it is too late. You are cordially invited to attend these services and your presence will be helpful in keeping up the good spirit.

India Supports Allies  
Montreal. —(UP)—The sympathies of the people of India are overwhelmingly with the Allies, Sardar H. S. Malik, Indian government trade commissioner in the United States and Canada, said here.
