In Memorium

In memory of our beloved son and brother Kenneth Gause whom we have missed so greatly since his departure on Oct. 24, 1941.
In springtime streams, we catch his flash of laughter,
In springtime winds we hear his glad young breath,
The stir of boughs repeat, some word, some whisper
Of his across the distance of death.
The rhythm of the rain upon the window
Brings back his footsteps light, and swift and free.
O earth has held these fragments of his living,
These echoes of himself to keep with me.
Mr. and Mrs. Cecil Gause and family.

installed in salvaging and drying the beans, Mr. McCann said, and this will take some time. The beans may turn sour, in view of the heavy soaking from the water used to extinguish the flames.

The company announced yesterday that truck deliveries of beans would be curtailed until further notice. Railroad shipments were stopped, but a couple hundred carloads of beans are in the city awaiting unloading at the plant.

AIRPORT CAMPAIGN
(Continued From Page 1)

It is not known what action the officers of the McMillen industries will take in regard to the matter, fer if the community is unable to raise the minimum $35,000, Mr. Leitz said.

"The Wednesday night meeting will give us an idea where we stand and information may be obtainable if relative to future steps in the matter," Mr. Leitz stated.

in advance of the landing to permit them to evacuate civilians from threatened areas and to forewarn them when to go into action.

"We may lose a few more men in the actual landing but the ultimate benefits will far outweigh any loss of surprise which may result," Gen. MacArthur said.

Kangeion is a wiry little man of 55 who has served in the Filipino constabulary and the army for 28 years. Someone asked him whether he had lost hope when the Japanese appeared to be overcoming all opposition in the Pacific.

"Oh, no, no, never," I and my people never lost hope. If we had we would have been liquidated long ago.

"We knew the Jap could not lick the American. We knew that sooner or later General MacArthur would return."

The industrial groups will be able to report this week. Mr. Elberson stated. The payroll deduction plan is being used in several of the factories and this method will greatly swell the total, deductions being made over a 12-month period for the combined funds.

In Berne, contributions to the war fund total $1,363, the chairmen reported.

column drove from Breskens, across the estuary from Flushing, half way back to Groede, two miles southwest of Breskens, while another was storming Fort Frederik-Hendrik, a half mile northwest of Breskens.

Front dispatches said Breskens still was in Canadian hands despite a report reaching headquarters yesterday that they had been forced to relinquish the town 24 hours after occupying it.

To the southeast, Lt. Gen. George S. Patton's 3rd army doughboys were revealed to have captured three-quarters of Maizieres Les Metz, five miles north of Metz itself, in a 17-day room-to-room battle through the houses of the fortified French town.

four Democratic candidates will divide the hour at the Election school in French township. They will be Judge J. Fred Fruchte, candidate for judge; John W. Tyndall, candidate for surveyor; Mr. Bierly and Noah Rich, candidate for commissioner from the second district.

As a veteran of the last World War, Judge McNabb vigorously attacked those elements in the Republican party which would have control of the government if Dewey's followers were elected.

He said they lost the peace once and they would do it again.

He strongly urged the support of Samuel Jackson for governor of Indiana, stating that he is the best fitted candidate for that office in many years. He also termed Henry F. Schricker, candidate for United States senator, as the man best able to win the peace.

C. H. Muselman was chairman of the committee on arrangements. The candidates were introduced by Clyde O. Troutner, Democratic county chairman, who also talked briefly on the necessity of a getting out a good vote. Community singing was led by Truman Gottschalk. Vocal solos were sung by Calvin McWhirter, accompanied by Mrs. Gladys Chrisman. Chester Michaud introduced Judge McNabb.

ing that the chance for successful Japanese counteroffensives was dwindling each day.

Krueger noted that not one of the attempted Japanese counterattacks had been successful and that Japanese night infiltration into U. S. lines had been held to a minimum.

On the 6th army officer said the rice paddies had been a bigger enemy than the Japanese since they bogged down our mechanized equipment and forced troops to wade chest-deep through the water.

(A Japanese Domei dispatch said Premier Gen. Kuniaki Koiso had told his people that Japan's position was more critical than ever before and warned them to be ready for another Allied "attempt to smash our strategic defense.")

(The Japanese controlled Manila radio said 22 American carrier-borne planes raided the Manila area 350 miles northwest of Leyte today, concentrating on airfields.)

Advises Caution In Buying Farm Lands

Lafayette, Ind., Oct. 24 — (UP) — E. O. Waples, Purdue university agricultural economist, advised Indiana farmers today to exercise caution in purchasing land because of high price levels, currently 60 per cent above the 1935-39 average.

Waples said that present prices of farm real estate were comparable to the levels of 1916-17 and 1923 and warned that as future income must pay for the land, farmers must calculate carefully how much mortgage debt they can carry.

Demands France Be Given Equal Voice

Paris, Oct. 24 — (UP) —Gen. Charles De Gaulle's provisional government, finally granted full recognition by the United States, Britain and Russia, demanded today that France be given an equal voice in determining the fate of Germany.

"We believe that henceforth the participation of France in all negotiations regarding Germany will be vital not only for herself, but for the other interested powers," foreign minister George Bidault told a press conference after announcement that the Allied "Big Three" had accepted the De Gaulle regime.

Burns Are Fatal To Four-Year-Old Girl

Bedford, Ind., Oct. 24 — (UP) — Funeral rites were arranged today for Anita Williams, 4, daughter of Mr. and Mrs. Leland Williams, who died yesterday in Riley Hospital at Indianapolis of burns suffered when her clothing was ignited accidentally from a bonfire.

Secrecy Reports On Pearl Harbor Attack

Washington, Oct. 24 — (UP) —The latest investigation into the Pearl Harbor disaster was at an end today, but the army-navy decision to submit the findings to further review appeared to thwart Republican demands that the information be made public before the Nov. 7 election.
