Action Scheduled In Several Cases

Five Cases Set For Trial Present Term

Action is expected to be taken in at least five more cases in Adams circuit court before Judge Earl B. Adams before the November term ends on January 17.

The following cases have been set:

Jan. 8—Morton vs. Clem.

Jan. 9—Bailer vs. Bailer, High vs. High and Manning vs. Manning.

Jan. 12—Reidenbach vs. Reidenbach.

Other cases will likely be brought before the court during the remaining two weeks of the present term. The February term of court will open on February 2 after court attaches receive a two-week vacation from duties.

Jurors for the new term will be selected by the jury commissioners next Monday.

Grandson Of Local Residents Filmed For News Feature

The New Year's day edition of the Boston Herald carried a feature on the ski meets and sports at Hanover, N. H., where Mr. and Mrs. J. Ward Calland of this city spent the Christmas holidays with their daughter and son-in-law, Mr. and Mrs. Charles Camp, and children.

December 31 was children's day at Hanover Inn ski school. The Fox Movietone, MGM and Paramount news reel cameramen were shooting the youngsters on the snow and the pictures will appear within the next week or 10 days, the author of Down Ski Trails explained.

Little Jeff Camp was one of the youngsters who performed in the meet and the author remarked.

"Worth the price of admission alone should be the action shots of three-year-old Jeff Camp, son of Chick Camp, former Dartmouth tackle and now assistant to the dean, and Gordon Ferris Hill, 3rd, 4-year-old grandson of the famed Dartmouth physics professor who

Song Writers To Be Here

The Rev. and Mrs. Virgil P. Brock, nationally famous evangelists and song writers, will hold a series of evangelistic meetings at the First Christian church in Decatur starting next Sunday, January 11. The meetings, which will last for two weeks, will be open to the general public.

is reported never to have forgotten a former pupil's name. They start them young on the snow up here."

L. A. Leachy—Auctioneer, Berne, Ind.
Raymond L. Berne—Bank—Clear.
Lunch will be served at Farm.

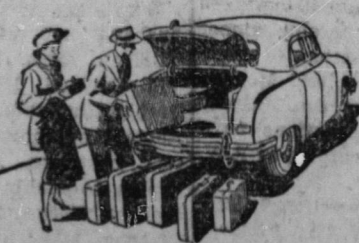

Dec. 30 Jan 5

The KAISER and the FRAZER need no changes to bring them up-to-date!

You really should investigate what the Kaiser and the Frazer offer you before you buy any car! If you don't, you may let habit lead you into an investment which can soon be greatly depreciated. You might buy a "new" car which is merely a "face-lifted" prewar model. The chances are that such a "new" car will be obsolete when its manufacturer gets around to announcing a really new, postwar automobile! What happens to your investment then?

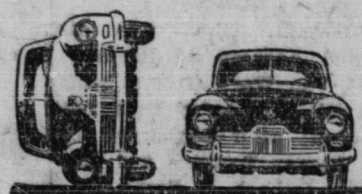

The ride you never forget! K-F's engineers discarded prewar ideas of chassis construction. By redistributing mass and load, and by cradling both seats between the wheels, they created a ride never known before in any car.

Moving the rear seat well forward of the rear wheels provides twice as much luggage space as in the highest priced cars on the road! There is ample room for seven large bags in this spacious 27-cubic-foot compartment—in addition to the spare wheel and tire.

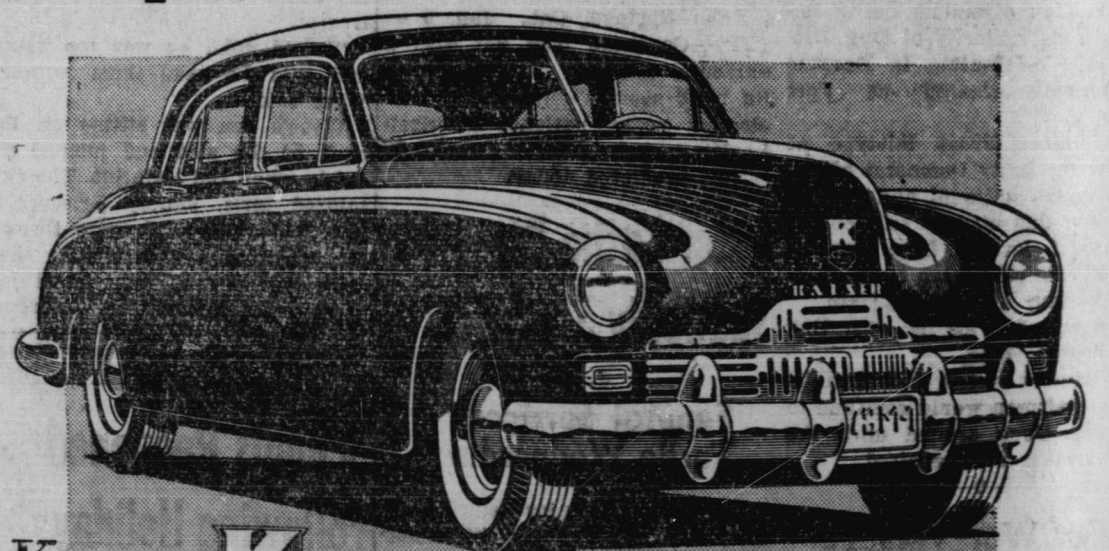

You take no such gamble when you buy a Kaiser or a Frazer. These cars are new from the ground up. And their newness is by no means confined to the styling which has been so flatteringly imitated! There is new design, new engineering and new manufacturing technique in virtually every feature of these ultra-modern cars. For proof, examine the Kaiser-Frazer exclusives described below—just a few among scores! Come in and see the others!

Wider than high by 8 1/2 inches! But that's only half the story of the super-safe roadability of the Kaiser and the Frazer. A low center of gravity and effortless steering give you that feeling that car and road were made for each other!

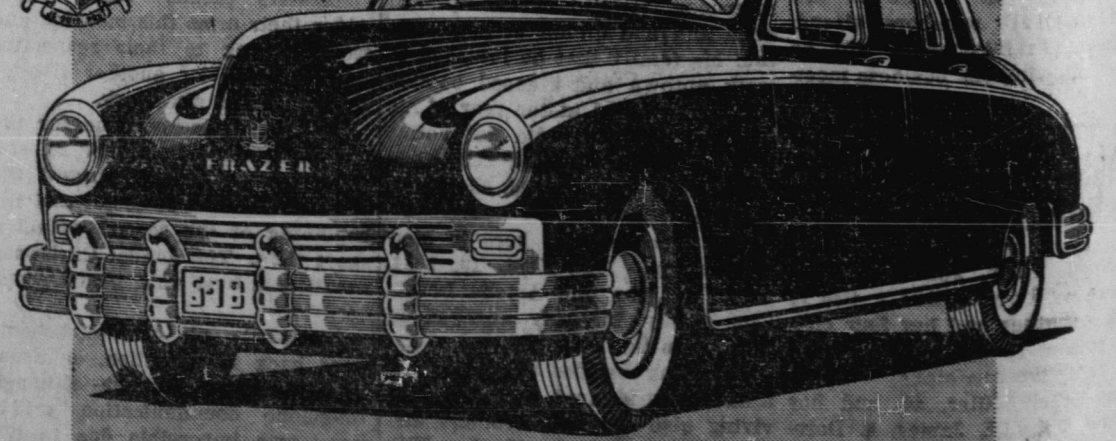

Two hundred miles is hardly half a tankful in a Kaiser or a Frazer! Many owners report phenomenal economy—24 miles to the gallon and more—in these cars equally acclaimed for their sprightliness in traffic and their hill-leveling power on the highways.

KAISER

FRAZER

You pay the regular price • No trade-in necessary • Highest allowance on your old car • Immediate delivery!

Both cars are serviced with genuine factory parts, wherever you go, by one of the 4 largest automobile dealer organizations in the world.
