

CHURCH NEWS

Church of God
The revival meetings at the Church of God, with the Rev. Maurice Bergquist as evangelist, will continue each evening this week and next, at 7:30 p.m.

The timely messages and inspiring music have been blessing the hearts of the hearers at each service. The public is invited to attend these services and hear the young evangelist.

"When you become a Christian, you also become a member of the Church of God," Acts 2:47. "And the Lord added to the church daily such as should be saved."

The Yosemite valley is about eighteen miles long and varies in width from one-fourth to one and one-half miles.

The first kindergarten was established, in Prussia, in 1840.

MASSAGE

IS HELPFUL FOR MUSCLE DAMAGE

Muscle Damage which could be relieved by Massage is frequently the cause of many aches and pains.

Often when a muscle or its fibers are strained by too great or too sudden a pull, there is pain, swelling, and inflammation. The muscle goes into a spasm, that is, contracts, forms a knot and becomes tense. This condition may last for hours, weeks or even years. If allowed to remain untreated, permanent damage may result.

To correct this condition:

Treatment consists of relaxing the muscles by means of heat, light, rest and massage. Pains in the shoulders, arms, legs, feet and headache in the back of the head, are frequently due to muscle spasm, which could be relieved by proper massage. The massage also stimulates the general circulation.

New Hampshire Test For Dewey, Stassen

Eight Delegates To National Convention

Manchester, N. H., March 9.—(UP)—New Hampshire opened the season on presidential candidates today with a preferential primary as a test of strength between Gov. Thomas E. Dewey of New York and former Gov. Harold E. Stassen.

At stake were the eight delegates to the Republican national convention.

A record number of voters—perhaps as many as 60,000—was expected to be lured to the polls by the combination of the widely publicized Dewey-Stassen duel. The weather was cloudy and cold.

For Democrats, only a state party quarrel was to be settled. Though two opposing slates of candidates were entered in the contest for New Hampshire's 16 seats in the Democratic national convention, all members of both tickets were pledged to President Truman.

The Republican primary was narrowed to a test between Dewey and Stassen. But it might also throw a sidelight on the voting popularity of Gen. Dwight D. Eisenhower and Sen. Arthur H. Vandenberg, R. Mich.

Two candidates still were pledged to Eisenhower, despite the general's renunciation of political consideration, and another proclaimed himself favorable to Vandenberg.

Gen. Douglas MacArthur's availability for nomination was not expected to affect the New Hampshire situation, since its announcement was made only yesterday and all but four of the candidates had pledged their allegiance by then.

The ancient Greeks liked to drink their wine diluted with water and flavored with salt and resin.

MASONIC

Regular stated meeting tonight at 7:30 o'clock.
Walter Lister, W. M.

Youths Fined For Reckless Driving

Berne, March 9.—Two Berne young men, Burl Sprunger and Robert Sauder, were fined \$1 and costs amounting to \$9.50 in each case when they pleaded guilty yesterday to a charge of reckless driving. They were arrested by Marshall Dubach and arraigned in the court of E. J. Stengel, local justice of the peace. Marshall Dubach alleged the two youths were playing "tag" with their automobiles on a local street.

American Women Slain In Ambush

Guerrillas Blamed In China Slayings

Saigon, Indo-China, March 9.—(UP)—U. S. consul general John Hamlin said today that two American women state department employees shot to death Sunday outside Saigon apparently were killed from ambush by Viet-Nam guerrillas.

The victims were Mrs. Jeanne R. Skewes, 32, formerly of Evanston, Ill., and Miss Lydia Ruth James, 30, Hillsdale, Ind. Their bullet-riddled and burned bodies were found late Sunday in the charred wreckage of their jeep three miles outside Saigon.

American officials said they had left home together at 5 p.m. with Mrs. Skewes driving a jeep assigned to her by the state department. Their jeep was marked plainly by American flags.

French officials said the road they had taken led only to a French patrol outpost and was considered unsafe after dark. They estimated the time of the attack at 7 p.m.

Mrs. Skewes was badly burned, authorities said. Miss James apparently was thrown clear of the jeep when it crashed.

Mrs. Skewes, the daughter of Mrs. E. W. Workman, Phoenix, Ariz., was employed as a librarian for the United States information service. She was a graduate of Northwestern University and served as an OWI employee in San Francisco during the war.

Miss James, the daughter of Otto James, of Hillsdale, was a clerk in the consulate. She served three years in the Women's Army Corps in the southwest Pacific.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, no weight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juices when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

"Blessing On The Day I Found TRU-AID"—Her Rheumatic Pains End!

One lady recently took TRU-AID three days and said afterward that she never would have believed such a "wonder medicine" existed. She says she could not raise her left arm more than a few inches. Rheumatic pains afflicted the muscles of her shoulder and arm. She could hardly move the fingers on her left hand. Now this lady's rheumatic pains are gone since she got TRU-AID and she says she can use her left arm as well as her right. In fact she says she simply blesses the day she got this medicine and she feels like an altogether different woman.

TRU-AID is the new liquid formula containing three valuable medical ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get TRU-AID. Sold by All Drug Stores here in Decatur.

Lenten Service At Trinity Church

Another in the series of mid-week Lenten worship and preaching services will be held tomorrow evening at 7 o'clock in the Trinity Evangelical United Brethren church, Madison at Ninth street. The pastor of Trinity church, Dr. Charles E. White will preach on the subject: "What Is Truth?" Harold Mumma will preside at the console of the three manual organ and the senior vested choir will sing the choral service. Mrs. Sephus Jackson, soloist will sing: "I Am Thy God."

These services, which are carefully planned, last one hour only and are meeting with a very splendid response upon the part of the people. A program for smaller children is conducted on the first floor at the same hour. Parents with small children are urged to attend Lenten services and leave the children for their own program. The public is welcome to attend these services.

Berne Native Dies After Brief Illness

Berne, March 9.—Rites were held at Evansville Monday for Mrs. Pauline Baumgartner McCool, 39, wife of Dr. J. H. McCool of that city. Mrs. McCool was a native of this place and lived at Fort Wayne for some time. She died, Friday night at the Mayo Clinic in Rochester, Minn., after a brief illness. Surviving are the husband, two daughters, a son, the father and stepfather, Mr. and Mrs. Ed Baumgartner of Fort Wayne; four sisters, Esther Baumgartner, Mrs. M. Las Reiff and Dorothy Baumgartner, all of Fort Wayne, and Mrs. Weston Heinrich, of Rochester, Minn.

DOG FUND BALANCE

(Continued from Page 1)

Only three townships—Kirkland, St. Mary's and Washington—showed unpaid claims. Largest of these was Washington with \$890.50 still owing for damage done by dogs to livestock. Others: Kirkland, \$52; St. Mary's, \$160.50.

The other townships and the amount of surplus shown by each: Blue Creek, \$49; French, \$85; Hartford, \$103.50; Jeferson, \$53.35; Monroe, \$211.50; Preble, 70.30; Root, \$230.92; Union, \$124; Wabash, \$303.83.

The surplus totalled \$1,231.40 and the unpaid claims, \$1,103, leaving the balance of \$128.40.

Ultra-modern refrigerator cars cooled by axle-driven fans forcing air through ice bunkers with insulated glass walls, dead end space and reflective surfaces to offset infiltrating heat are being introduced by Railway Express.

RELIGIOUS

(Continued from Page 1)

of one-man grand jurors to witnesses to jail without an court hearing is unconstitutional. This power to punish persons criminally or contempt has been considered the backbone of this system.

The state said the effectiveness of the system has depended on freedom of judges, sitting a grand jury to move swiftly and reluctant witnesses without pinning their hands on the inquiry.

WE SAID IT IN 1920... WE SAY IT AGAIN TODAY

THRIFT IS NEEDED TO CURB INFLATION

Note below what General Electric was telling its employees after World War I. See how this compares with what we've been saying recently. The passages quoted are from messages of Terry and Tremaine, then managers of the G.E. Lamp Department, to their employees in September 1920.

"Why the Cost of Living Is So High"

"There are several reasons why the cost of living is so high. The cost of living is always high after a war. We must — we can't say it to ourselves too often — we must pay for the war. And one of the things that we have to 'pay for' is the diverting of the machinery and energy of production to war uses, on the one hand, and on the other the actual destruction, or complete cessation, of so much of the 'producing' of peace-time.

"We haven't the things that we had before the war. We haven't the things that we need now. And it follows inevitably that the price of the things there are is high....

"If each one of us is going to do his bit — and it is a very big 'bit' indeed — toward bringing down prices, he is not only going to work as hard as he can on his own particular 'stint' of production (that goes without saying!), but he is going to do without everything he doesn't actually have to have, so that the supply of things will be increased to a normal amount again. Then life, with its law of supply and demand, may move on normally once more."

"We Need Economy... As Never Before"

"Nobody wants plain things nowadays.... People are demanding better quality, and more elaborate design, than ever before. The 'higher earning power' of the day [is] expressing itself not in thrift or in provision for the future but in eager expenditure.... It is probably a natural reaction from the sacrifice and the hardship of wartime, and it is not the business of any of us simply to find fault with it. But it is the worst possible way of meeting the situation that exists today.... And this is at a time when, both for ourselves and for our country, we need economy as we never needed it before."

"Thrift Is the Elimination of Waste"

"The thrifty person works hard, spends wisely and with forethought, is careful of his possessions, and saves money. Thrift at this present moment does two things to the high cost of living: it gets us through it; and it brings it down. Last summer the Attorney General told the country that the only way to bring down the price of things was for every one to 'work and save.' But just what is it that individual saving will do to this gigantic nation-wide problem of the high cost of living....? It will hold 'demand' down to a minimum while 'supply' is catching up with it."

"Guideposts toward Saving"

"We can't achieve thrift merely by emphasizing its desirability, or even by determining to 'save.' We must put hard thought, as well as self-discipline, into the business.... 'Look ahead and exercise watchful care over all your expenditures' is one man's first guidepost on the road to thrift. The same authority goes on to remark that, while one may be systematic and not thrifty, it is almost impossible to conceive of real thrift without system. System consists largely, he tells us, of the three following elements:

"1st. In knowing what you are trying to accomplish.

"2nd. In thinking about what you are doing as you go along.

"3rd. In knowing in advance what you are going to need."

"Now if there is one thing that stands out more than another in this thrift-planning, it is that not much is to be gained by the cherishing of some one 'pet economy.'... It is a bad thing because it makes us feel that we are being thrifty when we are not! The person who practices it is 'penny wise and pound foolish.'... Thrift is wise planning and management of one's whole scheme of life."

"Money Is Cheap"

"There is another personal reason for saving money now, and that is that money is cheap. It's the only thing that is! It's a good deal better business, therefore, to lay up money at present 'prices' than to lay up anything that money could buy.

"This is what that means: it means that earning power is higher, and purchasing power lower, than it has ever been; it means that a dollar now is worth only fifty cents by the purchasing standards of a few years ago; and by the same token it means that that dollar will in a few years be worth two dollars by the purchasing standards of today."

"What Are We Going to Do about It?"

"If we have common sense, we are going to be thrifty. As a matter of fact, there is some evidence already that the tide is beginning to turn. Those of us who are sensible, well-balanced, forward-thinking Americans are going to swing, with all our might, with that turning tide — not just to be borne along, but to give our own strength to it. We are going to make things different. We can, and we will!"

PUBLIC AUCTION

217 ACRE—WABASH VALLEY FARM—217 ACRE DAIRY HERD—TRACTORS—IMPLEMENTS—FEED

WEDNESDAY, MARCH 24, 1948

Personal Property Sale 10 A. M.
Farm 12:30 P. M.

LOCATION—One mile South of Berne, Ind., on U. S. Road No. 27.
Highly improved 217 acre farm. Fine Dairy Herd, Dairy Equipment, 2 Tractors. Full line extra good implements, Feed, Poultry, etc.
Write for folder giving full description to owner or auctioneers. Immediate possession of farm.

WHY GIVE ANSWERS TO THE PROBLEMS OF 1920—WHEN WE FACE THE PROBLEMS OF 1948?

Because history is repeating itself again. Because the right answers then are the right answers now.

The cure to inflation in 1920 was "more production, greater thrift." Today we are saying: "Produce more, buy carefully, put the difference away in savings." But, whatever the words, the basic principles are the same! G.E.'s sound advice of 1920 is the sound advice of 1948.

GENERAL ELECTRIC
