

Work Is Progressing On Church Addition

Work is reported progressing well on the new addition to the Church of God, Cleveland street. The sanctuary will be enlarged 26 feet and four Sunday school rooms will be made available. Additional parking space has been planned on the south side of the church.

The building committee is composed of M. P. Irvin, Floyd Morrison, Lewis Reynolds, Samuel Cook, C. W. Strickler, Chester Adams, Floyd Mitchell, Gilbert Strickler, John Chilcote, Emery Hawkins, Robert C. Strickler, Kenneth Mitchell and the pastor, the Rev. Dwight R. McCurdy.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy Is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Several Are Fined Here For Violations

Traffic Violations Lead To Fines Here

Mayor's court was a busy place for an hour this morning as four men were arraigned, two on charges of speeding, one on a charge of reckless driving and one on a charge of public intoxication. All four pleaded guilty as charged and fines ranging from \$1 and costs to \$5 and costs were imposed by Mayor John Doan.

Two previously had been arraigned over the weekend and had pleaded guilty, bringing the total of arrests over the extra day weekend to six, five on traffic violation charges.

Roy McClure, 49, of Decatur, pleaded guilty to public intoxication. He was arraigned late Saturday night by officer Hill. He was fined \$1 and costs amounting to \$11 and was returned to the Adams county jail, where he had spent Sunday and Monday, until arrangements were made to pay the fine. McClure received his ninth conviction in mayor's court over a period of the last 16 years.

Elmer Fuhrman, Fort Wayne, was arrested on Thirteenth street May 29 by officer Hill on a speeding charge and he was fined \$1 and costs totalling \$11 after pleading guilty.

Arthur Palmer, Fort Wayne, pleaded guilty to reckless driving, the charge which was preferred by chief Borders being that he passed another vehicle at an intersection of streets. The arrest was made Sunday and Palmer was fined \$5 and costs amounting to \$15.

Alphus Taylor was arrested on Thirteenth street last Friday night when he was returning to his home in Fort Wayne after visiting east of Decatur with his son. Taylor pleaded guilty to a speeding charge and was fined \$1 and costs amounting to \$11.

G. Carl Albin of Muskegon, Mich., tried to slip away from chief Borders Monday afternoon on federal highway 27 and after a chase of several miles, at which time both cars got up a speed of 80 miles an hour, Albin was stopped and returned to Decatur. He pleaded guilty to speeding in mayor's court Monday afternoon and was fined \$5 and costs amounting to \$15.

Sheriff Herman Howman arrested Richard Jaymes, Battle Creek, Mich., on federal road 27 May 29 and the latter pleaded guilty in the court of justice of peace Floyd Hunter Saturday and was fined \$1 and costs.

MEMORIAL DAY

ways, directing heavy traffic and holding the speed of automobiles within the limits.

"We must honor our war dead, by unrelentingly combating every ideology which is a bitter foe of our democratic principles," Rev. Busse said in a stirring address. "Let us support every movement which aims at insuring peace."

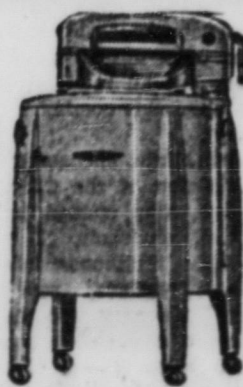

"Let every citizen make a solemn dedication to the unfinished task which our heroic dead have bequeathed to us. May the star of liberty guide America's steps to lead the nations of the world in all that makes for the betterment of mankind. May it ever be the home of the brave and the land of the free."

30 miles an hour is a violation of the law and that he would continue to assess fines against violators.

Several of those arrested recently have called the fact to the mayor's attention, but they have done so after pleading guilty, and the mayor pointed out that he had only one alternative after a guilty plea is entered, and that is to fine the offender.

He did state, however, that he would make every effort possible to induce the highway department to erect caution signs. Because both of the streets involved are state and federal highways, the matter rests solely with the state department, it was explained.

Edward Luginbill Is Taken By Death

Funeral Services To Be Wednesday

Edward Luginbill, 81, lifelong resident of the Berne community, died shortly before noon Monday at his home in Jefferson township after a week's illness. A former stock buyer and a meat market proprietor in Berne, he had been engaged in farming since 1908.

He was a member of the Mt. Hope Nazarene church.

Surviving are his wife, Aldine; four sons, Carl of Fort Wayne, Fred of South Bend, Theodore and Francis, both of near Berne; a daughter, Miss Cora Luginbill of Fort Wayne; 12 grandchildren; seven great-grandchildren; a brother, Sol Luginbill of near Berne, and two sisters, Mrs. Sophia Soldner of Berne and Mrs. Anna Saurer of Fort Wayne.

Funeral services will be held at 2 p. m. Wednesday at the Mt. Hope Nazarene church, northeast of Berne, with the Rev. Ralph G.

Merritts officiating. Burial will be in the MRE cemetery. The body was removed from the Yager funeral home to the residence this afternoon.

A prehistoric tree, the ginkgo, still survives today. It is planted often now in this country as a shade tree. The outline of its leaf frequently is found in glacial deposits in Alaska.

Bobby Doesn't Want Inflation, Either ...

The big corporations are trying to place the blame for sky-high prices at the door of the American people.

The American people—particularly those who depend on wages and salaries for their living—suffer most from high prices and inflation.

When high prices come, it is working men and women and children—like Bobby—who are forced to go without that extra glass of milk . . . that needed pair of shoes . . .

The big corporations profit from high prices. Never in history has big business made such huge profits* which this year appear heading for even new records.

Not mentioning these profits, big business propaganda seeks to place the blame for high prices on the meager wages paid working people.

The fact is, however, from the beginning of 1945 to the end of 1947 — according to United States Government figures — workers' weekly wages have gone up 9 percent—consumer prices have gone up 30 percent—net corporation profits have gone up 62 percent!

It has been the exorbitant profits raked in by big business that is at the bottom of the inflationary threat to our nation.

It is the greed of big business—not the needs of small children and their families for food and clothes—that today brings about high prices and inflation.

Working people today must have a substantial wage increase to make ends meet.

The security of our entire community depends on the people's wages!

* According to official company reports, General Electric today is making its largest profits in history. In 1947 its net profits were 82% higher than its average war profits. Profits for the first quarter of this year were 12% higher than in the same period a year ago. Despite this, G. E. continues to say "No" to such just demands of its 125,000 employees represented by UE as:

Substantial wage increase to make up for huge losses suffered in purchasing power.

Pension plan, health and welfare insurance, improved holiday and vacation plan.
