FIGHTING

(Cont. From Page One)

of liberation under Fawzi El Kowkji.

An Israel column driving toward Nazareth from the plain of Esraclon captured Maalul, five miles west of Nazareth. Demolition squads advanced beyond Maalul and blew up a bridge on the Nazareth road to make an immediate Arab counter-attack impossible.

The Arabs in that area withdrew to the village of Mujeidil, a little way to the south. Pursuing Jewish troops overtook them, and a sharp battle for Mujeidil was going on.

Syrian forces in the northeast corner of Palestine withdrew their defense line across the border after Jewish troops captured strategic heights in that sector.

The largest bird known to man was the giant roc or elephant bird of Madagascar.

Begins Training

Pfc. Delbert M. Gallmeyer, 19, son of Mr. and Mrs. Conrad Gallmeyer, route 1, has reported to Keesler Field, Miss., to begin training in the airplane and engine mechanics school. The training Pfc. Gallmeyer receives in the school will extend over a period of approximately 28 weeks.

Radios Installed
In Duluth Busses

Duluth, Minn., July 14—(UP)—Bus riders listened as they rode today.

The Duluth-Superior Transit Co. equipped all its busses with radios and turned them on today in what was believed to be the first such service in the nation.

The company installed eight to 10 small speakers in each of its 35 busses with the main unit behind the driver's seat. The system is controlled automatically and does not interfere with the driver.

President Homer Collins of the company said the programs, broadcast by station WEBC, will stress familiar music, news broadcasts and weather reports.

BELL REELECTED

(Cont. From Page One)

Miss Bernice Nelson, secretary. Mrs. Ruth Hollingsworth, who has served as executive secretary in charge of the home service office since 1945, was reappointed.

Reports Are Given

Treasurer Glendening gave the financial report for the fiscal year ending June 30, 1948. Receipts, including last year's cash balance, amounted to \$20,216.44. Expenditures were \$11,602.84, leaving a cash balance of \$8,613.60. Financial aid extended to veterans and civilians amounted to \$1,980.98. National Red Cross received \$4,697.48.

Home Service Report

Judge Adams, chairman of the home service committee, gave a detailed report of the 12 months. A total of 6,075 services was listed. The reports have been published monthly.

Phil Sauer reported on local disasters, including fires and tornadoes. He said that \$665 had been given to victims.

C. I. Finlayson, chairman of the aquatic activities, reported that four local persons took specialized training at Camp Limberlost this year and that they were teaching swimming and life saving practices at the city pool.

A report on the final activities of the volunteer special service committee, of which Mrs. Ed Bauer is chairman, was given by Mrs. Hollingsworth. Likewise, a report on the Junior Red Cross, of which Miss Grace Coffey was the chairman, was compiled by the secretary.

Mrs. Oscar Lankenau reported

that the Red Cross tent would be set up on the court house square during street fair week and that Miss Edna Braun would be in charge of the project.

Reports On Conference

L. L. Hann, county superintendent of schools, who attended the national convention of Red Cross in San Francisco, reported on the meeting. More than 4,000 delegates attended. The principal address was given by Basil O'Connor, national chairman.

CAPTIVE MINES

(Cont. From Page One)

union and the steel firms was obtained by federal judge T. Alan Goldsborough who had summoned attorneys for both sides to his chambers Friday and asked them to work out a compromise.

The companies had refused to sign the union's 1948 contract for a union shop declaring that it would be a violation of the Taft-Hartley law without a national labor relations board election.

The union, however, could not take part in such an election because Lewis and other officers have refused, on grounds of principle, to sign the Taft-Hartley law's non-Communist affidavits.

Goldsborough said that the contract agreed to be the companies would contain a stipulation that the union shop issue "shall be carried to its conclusion before the labor relations board and appellate courts" with the final court ruling to be included in the wage agreement.

End of the walkout meant the first work by the captive miners since June 26, when they went on their annual 10-day paid vacation. They refused to go back to work at the end of the holiday when the companies failed to sign the union shop contract.

Miners were happy at the news they would be returning to work with the issue settled. They said they believed the agreement to let the courts settle the matter was "fair."

"I'm glad to go back," said Rudolph J. Bargine, Carmichaels, Pa., "and as far as I've heard the deal sounds fair enough. As a matter of fact I think everybody is glad to go back. And of course we're glad, too, that it's a settlement satisfactory to both sides."

To Press Charges

Washington, July 14—(UP)—

Counsel for the national labor relations board said today the government will go ahead with unfair labor charges against the United Mine workers despite compromise settlement of the "captive" coal mine strike.

David P. Findling, associate NLRB counsel, made the statement as federal judge T. Alan Goldsborough granted a board request to drop injunction proceedings against John L. Lewis and the miners.

In requesting permission to withdraw the request for an injunction, Findling said a court order to halt the strike no longer is necessary because of the settlement between the mine workers and the nation's 10 largest steel companies.

But, Findling said, although the strike emergency is passed, the board will prosecute the unfair labor charges "with full vigor and as expeditiously as possible."

Board lawyers consider the settlement announced yesterday as illegal. They said the agreement, effected yesterday by Goldsborough, violates the Taft-Hartley law.

Advertisement for Bids for the Construction of two Prefabricated Schoolrooms

Notice is hereby given that the school trustees of the School Town of Berne, Adams County, Indiana, will erect and construct two prefabricated schoolrooms the cost of which will not exceed \$14,000.00.

Said school trustees of the Town of Berne, Adams County, Indiana, have caused to be placed on file with the Superintendent of the Berne Schools detailed plans and specifications for the erection and construction of said schoolrooms. The plans, drawings and specifications for said schoolrooms are now on file in the office of the Superintendent of Schools of Berne, Indiana, and sealed bids for the erection and construction of said schoolrooms may be filed with the Superintendent of the Berne Schools at his office on or before 12:00 o'clock A. M. on July 23, 1948.

Each bidder for the erection and construction of said schoolrooms must file an experience questionnaire and a plan and equipment questionnaire and the contractor's financial statement. All questionnaires above referred to must be on forms prescribed by the State Board of Accounts.

The undersigned trustees of said School Town of Berne, Adams County, Indiana, will open and examine said bids at 10:00 o'clock A. M. on July 23, 1948.

Board of School Trustees
Clifford B. Sprunger — Pres.
E. Kyffeler — Sec'y.
C. T. Michael — Treas.

Wish you had Wings? Why bother!

You've been there, we know — trapped in the crawling snarl of a sunny weekend's traffic — tangled in the huffing, puffing push of a city's busiest rush hour.

And more than once you've wished for wings — so you could duck all this, dodge the jostle, the push, the stress and strain.

Well, look about you, good sir, for the long, sleek new Buicks with the word "Dynaflo" on their taper-thru fenders.

They've got the answer — to easy, open-road flight and to the spot where traffic's densest and the driving tension greatest.

With Dynaflo, you just sit there, press the gas treadle — and steer!

At a crawling 5 mph, you roll as smoothly, easily, lightly as at a winging 45.

At every opening left by a stalling, laboring neighbor, you have instant-quick power-surge to let you take advantage of it.

Upgrades? A little pressure on the gas treadle handles them. Stop signs? Your foot brake stops you, holds you — till you can feed the gas and go.

You forget shifting entirely — in fact, no gears ever shift as you drive — yet the moment any bottleneck breaks, you move smoothly, swiftly up to boulevard speeds, pacing the pack.

Smoothly did we say? The word is hardly

adequate. This velvety lift, this soaring swoop of power, this utter freedom from any break in your stride are things you need to experience to judge.

Why not try it out? Your dealer will do the best he can to arrange a trial — just as he'll take your order any time, whether or not you have a car to trade. See him — and you'll stop wishing for wings!

*Dynaflo Drive is optional at extra cost on Roadmaster models only.

What's different about
DYNAFLO
DRIVE?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new super-charging assembly (in hand) which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

BUICK alone has all these features

- * DYNAFLO DRIVE * TAPER-THRU STYLING * RIGID TORQUE-TUBE
- * FLEX-FIT OIL RINGS * ROAD-RITE BALANCE * QUADREFLEX COIL SPRINGING
- * SOUND-SORBER TOP LINING * VIBRA-SHIELDED RIDE * SAFETY-RIDE RIMS
- * HI-POISED FIREBALL POWER * DUOMATIC SPARK ADVANCE
- * TEN SMART MODELS * BODY BY FISHER
