Radio Rias not only has built up a large German listening audience, but also has become an important adjunct to the Anglo-American air lift supplying the western sectors of Berlin by hurdling the Russian blockade. Recently it has been op-

erating 24 hours a day to insure pilots a continual radio beam leading to Berlin.

American authorities also reported another Russian move in the cold war — the first Russian formation flights by night over Berlin in their campaign against the air lift.

Nothing in this political campaign will swerve a united America from that purpose, he pledged.

Dewey said he was sure that he spoke for all Republicans and believed that he was expressing the sentiments of all Democrats and independent voters in the country.

En route to Salt Lake City, the

presidential candidate scheduled stops at Idaho Falls and Pocatello to plug the re-election campaign of Sen. Henry C. Dworshak. He planned to stop at Cache Junction and Ogden, Utah, to promote a Republican governor in place of Democratic incumbent Herbert Maw.

DO YOU REMEMBER...

YOUR FIRST PENNY PEPPERMINT STICK

Sure you remember! Pink-and-white deliciousness! You were torn between pleasures... to eat it at a gulp... to make it last longer! That was true appreciation. And now, when this flavorsome loaf reminds you... as it always does... of the solidly substantial virtues of finer baking, you make appreciation's keen edge linger longer by providing this bread every day... choosing it to distinguish meals... to make your table worthy of your expectant homelinks and guests.

Your Most Important Right

Now that the bandstand has been painted, and the park re-landscaped, we have about the nicest village green in the county.

And it's all because, at the last town election, folks got out and voted—85 per cent of them! That way, they passed the amendment calling for park improvements—over those opposing it.

Reminds you again how important the right to vote is in this country. And it's a right we can retain only by exercising it!... like all the other individual liber-

ties—from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men.

Folks can thank themselves that on summer evenings they'll be able to listen to band concerts in a well-kept park... enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've earned by exercising a still more important freedom: Voting!
