Bendix Workers To Vote On Settlement

Vote On Ending Of 62-Day-Old Strike

South Bend, Ind., June 21.—(UP)—Approximately 6,100 members of the CIO United Automobile Workers union vote today on a plan to end their 62-day-old strike against the Bendix Aviation Corp.

Some of the union leaders have rejected the plan, which calls for an immediate halt of the strike, a two-week negotiation period and the appointment of a fact-finding panel if no settlement is reached.

The company accepted the proposal, suggested by Gov. Henry F. Schricker, providing the findings of the panel would not be binding.

The union's negotiating team wanted the company to be bound by whatever the panel recommended.

The company has estimated that the 7,500 employees idled by the strike have lost \$4,000,433 in wages. The strike was called after the union charged the company with a production speedup, followed by disciplinary dismissals.

Voting begins at 3 p.m.

Kaiser Wilhelm's Granddaughter Weds

Married To Texan In German Castle

Hochingen, Germany, June 21.—(UP)—A granddaughter of Kaiser Wilhelm and an interior decorator from Texas were married twice today in a 1,000-year-old Hohenzollern castle on a mountain top overlooking this quiet village.

But Princess Cecile of Prussia, a refugee from the Soviet zone of Germany, did not promise to obey former U. S. army Capt. Clyde Harris of Amarillo, Tex., in either the civil or the Protestant religious ceremony.

"That word," she explained, "is not for us."

Both ceremonies went off without a hitch, although they were in German—a language Harris does not understand. An interpreter helped and Harris said his "ja" in the appropriate places.

The religious ceremony was a double-billing affair. Cecile gave Harris a ring which had been in the Hohenzollern family for generations. He gave her a gold band, but said it was "not as good as hers."

Cecile said they would honeymoon for about 10 days, after which Harris would return to Amarillo to find a home for them.

"I hope to get there soon," she said wistfully. "Amarillo is such a beautiful name."

Cecile, a great-granddaughter of Britain's Queen Victoria, met Harris during the war. After they became friendly, Harris posted "off limits" signs around the castle to keep other American soldiers away.

The wedding broke several traditions in the Hohenzollern family. First, Cecile was given away by her father, Crown Prince Wilhelm.

"That has never been done before in our family," she said.

Then she wore "something old, something new, something borrowed and something blue," a new ex-

perience for a Hohenzollern bride. The something old was a diamond tiara which belonged to another of her great-grandmothers, a cousin of the czar of Russia. She wore a new dress, borrowed a veil and had blue sapphires in her rings.

Nationalist Planes Bomb British Ship

Six Crew Members Reported Wounded

Shanghai, China, June 21.—(UP)—Nationalist warplanes bombed and shelled a British motor vessel in the Whangpoo river near Shanghai today, driving the ship aground and injuring six of its 68 British and Chinese crew members, one seriously.

The attack came a few hours after the nationalist government in Canton announced a total blockade of all communist-held ports from Manchuria to Foochow, but five days before the blockade was to go into effect.

The 8,281-ton Blue Funnel Line motorship Anchises, built in 1946, was heavily-damaged in the raid. A hole was punctured by a bomb which hit amidships and the engine room was flooded. The vessel, however, was floated again this afternoon.

Britain, whose warships were shelled by the communists before Shanghai fell to the reds, immediately protested the nationalist bombing. The foreign office note, in which Britain reserved the right to demand compensation for damage, was handed to the nationalist foreign office in Canton.

The attack came during the fourth and most serious nationalist air raid on the Shanghai area since the communists captured the city.

Other foreign lines immediately routed their vessels away from Shanghai. The British cancelled all Shanghai sailings and the Dutch Royal and Intercean lines and the American Lines said they were considering similar action.

Two or three planes circled Shanghai for about 15 minutes in the morning raid, concentrating on the Whangpoo docks where a riverside fire soon billowed.

A spokesman for the Blue Funnel lines said one bomb fell on the Anchises and a nationalist plane returned to strafe the vessel. With a gaping hole amidships, the vessel was beached four miles north of Woosung near the mouth of the Whangpoo. It was the first foreign shipping casualty of nationalist air raids.

The nationalists warned in their blockade announcement that from Manchuria in the north to Foochow in the south foreign ships entering "restricted" waters would do so at their own risk. The Canton government, which said the blockade would not become effective until June 26, disclaimed all responsibility for damages incurred.

Chicken Thieves Are Frightened Away

Chicken thieves at the farm of Norval Fuhrman, four miles north of Decatur on the Winchester road, were frightened away last night by sheriff Herman Bowman. The sheriff found a chicken hook near the coop, but could not find the would-be thieves. He searched all the surrounding roads vainly. Fuhrman reported finding a partly cleaned chicken in the ditch near his coop this morning. Hoboes were reported having a party under a railroad bridge near the farm earlier last evening by a nearby resident.

Later, Sheriff Bowman was called to the highway to investigate an apparently sick truck driver reported by a passing motorist. The truck driver was sleeping, with his truck pulled well off the road.
