**Notice of Final Settlement of Estate
No. 407.**

Notice is hereby given to the creditors, heirs and legatees of Roman E. Parent, deceased, to appear in the Adams Circuit Court, held at Decatur, Indiana, on the 14 day of April, 1940, and show cause, if any, why the FINAL SETTLEMENT OF ACCOUNTS with the estate of said decedent should not be approved, and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

B. J. Parent, Administrator
Decatur, Indiana, March 25, 1940.
Attorney Severin H. Schurber

Thos. L. Drew,
Auditor Adams Co., Indiana.

OFFICIAL PROOF that the 1950 MERCURY with Overdrive* is America's No. 1 ECONOMY CAR

In the 753-mile Mobilgas Grand Canyon Run, conducted by the American Automobile Association, a standard 1950 Mercury (with Touch-O-Matic Overdrive) delivered amazing 61.27 ton-miles-per-gallon performance and averaged 26.524 miles-per-gallon... topping all 30 entries from America's leading car manufacturers... regardless of weight, power, or price. Mercury's ton-miles-per-gallon performance, on which the competitors scored very low, set an all-time mark for this famous event.

Test made under grueling conditions
And this record was made under ideal driving conditions. The course ran from Los Angeles to the Grand Canyon through the heart of Death Valley and up over freezing 7000-foot mountain passes. What's more, Mercury averaged over 41 miles per hour, carrying a load of 750 pounds!

Mercury's Gas-Saving Features
This remarkable economy was made possible by such features as the 1950 Mercury's thirty new 8-cylinder, V-type engine, its "Econ-O-Miser" carburetor, and its gas-saving Touch-O-Matic Overdrive. Mercury's identical to the winner are waiting your inspection at our showroom. Why not drive one today? Ponder for yourself the 1950 Mercury is America's most economical car... America's biggest car value... optional at extra cost.

ROAD TEST THE "BETTER THAN EVER" 1950 MERCURY
