Of course you know him. He's the youngster who delivers you your newspaper. And he's the one who's studying hard today preparing for his role of tomorrow's businessman. The work he does, the accounts he keeps, the salesmanship he learns are all lessons in his book of success. Keep your eye on him and watch how he grows and develops until he reaches his goal of independence and success.

Food Preparation Contests Are Open

State Contests In
Fort Wayne Nov. 8

Two state food preparation contests are open to Adams county homemakers.

These are in connection with the state muck crop show in Fort Wayne, November 8. One is the vegetable plate lunch and the other the frozen food dinner contest. Substantial prizes such as home freezers and complete kitchen cabinets are offered.

All homemakers except professional home economists are eligible.

Contestants take their own ingredients from home and prepare and serve their meal, for one person at the Leisure Electric Home. Those who enter must take a written recipe for their preparations. However, this is not a demonstration contest, no posters and no verbal explanation will be needed.

The contestants will be judged on the nutritive balance and value of their meal—its flavor and appearance and the organization of their work.

Details on each of these contests are available from Anna K. Williams, home demonstration agent. Entries must be in not later than October 30.
