### Buildings Collapse During Excavation

Noblesville, Ind., Jan. 8—(UP)—Excavation and remodeling work was blamed today for the collapse of two buildings in the heart of this city's business district.

A passer-by, Clyde Carson, 33, suffered minor injuries when he was struck by a brick. Total damage was not estimated immediately. The three-story Zeckel Clothing Store, where workers had been digging in the basement during remodeling work, toppled over yesterday onto an adjacent two-story building housing a cleaning establishment. Both structures on the south side of the public square were wrecked.

## Pork Loins!

### Customers' Corner

"Needy Neighbor!"

That's just how we feel about the 6 million folks who call on us every day! That's how we'd like them to feel about us, too. And most of them do—simply because A&P has always been known as the friendly, "neighborly" place to shop. That "warm" feeling by our customers has been going on for a long time now. And in that spirit we think of you and are doing our best to see that A&P is all that you expect it to be. If it isn't, tell us. Incidentally, if your A&P store manager does call you "neighbor," rather than by name, we think you'll know why.
